

GRANT AGREEMENT

Contract #000000000000000000098210

This Grant Agreement ("Grant Agreement"), entered into by and between the Indiana Utility Regulatory Commission (the "State") and the **Selge Construction Co Inc** (the "Grantee"), is executed pursuant to the terms and conditions set forth herein. In consideration of those mutual undertakings and covenants, the parties agree as follows:

1. Purpose of this Grant Agreement; Funding Source.

The purpose of this Grant Agreement is to enable the State to award a Grant of \$42,242.90 (the "Grant") to the Grantee for eligible costs of the services or project (the "Project") described in **Exhibits A and B** of this Grant Agreement, which are incorporated fully herein. The funds shall be used exclusively in accordance with the provisions contained in this Grant Agreement and in conformance with Indiana Code § 8-1-26-24 establishing the authority to make this Grant, as well as any rules adopted thereunder. The funds received by the Grantee pursuant to this Grant Agreement shall be used only to implement the Project or provide the services in conformance with this Grant Agreement and for no other purpose.

FUNDING SOURCE:

No federal funds shall be used to fund this grant.

The Underground Plant Protection Account established by Indiana Code § 8-1-26-24 is the state funding source.

2. Representations and Warranties of the Grantee.

A. The Grantee expressly represents and warrants to the State that it is statutorily eligible to receive these Grant funds and that the information set forth in its Grant Application is true, complete and accurate. The Grantee expressly agrees to promptly repay all funds paid to it under this Grant Agreement should it be determined either that it was ineligible to receive the funds, or it made any material misrepresentation on its grant application.

B. The Grantee certifies by entering into this Grant Agreement that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from entering into this Grant Agreement by any federal or state department or agency. The term "principal" for purposes of this Grant Agreement is defined as an officer, director, owner, partner, key employee or other person with primary management or supervisory responsibilities, or a person who has a critical influence on or substantive control over the operations of the Grantee.

3. Implementation of and Reporting on the Project.

A. The Grantee shall implement and complete the Project in accordance with **Exhibit A** and with the plans and specifications contained in its Grant Application, which is on file with the State and is incorporated by reference. Modification of the Project shall require prior written approval of the State.

B. The Grantee shall submit to the State written progress reports until the completion of the Project. These reports shall be submitted upon request by the State and shall contain such detail of progress or performance on the Project as is requested by the State.

4. Term.

This Grant Agreement commences on December 1, 2025 and shall remain in effect through March 31, 2026. Unless otherwise provided herein, it may be extended upon the written agreement of the parties and as permitted by state or federal laws governing this Grant.

5. Grant Funding.

A. The State shall fund this Grant in the amount of \$42,242.90. The approved Project Budget is set forth as **Exhibit B** of this Grant Agreement, attached hereto and incorporated herein. The Grantee shall not spend more than the amount for each line item in the Project Budget without the prior written consent of the State, nor shall the Project costs funded by this Grant Agreement and those funded by any local and/or private share be changed or modified without the prior written consent of the State.

B. The disbursement of Grant funds to the Grantee shall not be made until all documentary materials required by this Grant Agreement have been received and approved by the State and this Grant Agreement has been fully approved by the State.

6. Payment of Claims.

A. If advance payment of all or a portion of the Grant funds is permitted by statute or regulation, and the State agrees to provide such advance payment, advance payment shall be made only upon submission of a proper claim setting out the intended purposes of those funds. After such funds have been expended, Grantee shall provide State with a reconciliation of those expenditures. Otherwise, all payments shall be made thirty five (35) days in arrears in conformance with State fiscal policies and procedures. As required by IC § 4-13-2-14.8, all payments will be by the direct deposit by electronic funds transfer to the financial institution designated by the Grantee in writing unless a specific waiver has been obtained from the Indiana Auditor of State

B. Requests for payment will be processed only upon presentation of a Claim Voucher in the form designated by the State. Such Claim Vouchers must be submitted with the budget expenditure report detailing disbursements of state, local and/or private funds by project budget line items.

C. The State may require evidence furnished by the Grantee that substantial progress has been made toward completion of the Project prior to making the first payment under this Grant. All payments are subject to the State's determination that the Grantee's performance to date conforms with the Project as approved, notwithstanding any other provision of this Grant Agreement.

D. Claims shall be submitted to the State within 10 calendar days following the end of the month in which work on or for the Project was performed. The State has the discretion, and reserves the right, to NOT pay any claims submitted later than 35 calendar days following the end of the month in which the services were provided. All final claims and reports must be submitted to the State within 10 calendar days after the expiration or termination of this agreement. Payment for claims submitted after that time may, at the discretion of the State, be denied. Claims may be submitted on a monthly basis only. If Grant funds have been advanced and are unexpended at the time that the final claim is submitted, all such unexpended Grant funds must be returned to the State.

E. Claims must be submitted with accompanying supportive documentation as designated by the State. Claims submitted without supportive documentation will be returned to the Grantee and not processed for payment. Failure to comply with the provisions of this Grant Agreement may result in the denial of a claim for payment.

7. Project Monitoring by the State.

The State may conduct on-site or off-site monitoring reviews of the Project during the term of this Grant Agreement and for up to ninety (90) days after it expires or is otherwise terminated. The Grantee shall extend its full cooperation and give full access to the Project site and to relevant documentation to the State or its authorized designees for the purpose of determining, among other things:

- A. whether Project activities are consistent with those set forth in **Exhibit A**, the Grant Application, and the terms and conditions of the Grant Agreement;
- B. the actual expenditure of state, local and/or private funds expended to date on the Project is in conformity with the amounts for each Budget line item as set forth in **Exhibit B** and that unpaid costs have been properly accrued;
- C. that Grantee is making timely progress with the Project, and that its project management, financial management and control systems, procurement systems and methods, and overall performance are in conformance with the requirements set forth in this Grant Agreement and are fully and accurately reflected in Project reports submitted to the State.

8. Compliance with Audit and Reporting Requirements; Maintenance of Records.

- A. The Grantee shall submit to an audit of funds paid through this Grant Agreement and shall make all books, accounting records and other documents available at all reasonable times during the term of this Grant Agreement and for a period of three (3) years after final payment for inspection by the State or its authorized designee. Copies shall be furnished to the State at no cost
- B. If the Grantee is a "subrecipient" of federal grant funds under 2 C.F.R. 200.331, Grantee shall arrange for a financial and compliance audit that complies with 2 C.F.R. 200.500 *et seq.* if required by applicable provisions of 2 C.F.R. 200 (Uniform Administrative Requirements, Cost Principles, and Audit Requirements).
- C. If the Grantee is a non-governmental unit, the Grantee shall file the Form E-1 annual financial report required by IC § 5-11-1-4. The E-1 entity annual financial report will be used to determine audit requirements applicable to non-governmental units under IC § 5-11-1-9. Audits required under this section must comply with the State Board of Accounts *Uniform Compliance Guidelines for Examination of Entities Receiving Financial Assistance from Governmental Sources*, <https://www.in.gov/sboa/files/guidelines-examination-entities-receiving-financial-assistance-government-sources.pdf>. Guidelines for filing the annual report are included in **Exhibit C** (Guidelines for Non-governmental Entities).

9. Compliance with Laws.

- A. The Grantee shall comply with all applicable federal, state and local laws, rules, regulations and ordinances, and all provisions required thereby to be included herein are hereby incorporated by reference. The enactment or modification of any applicable state or federal statute or the promulgation of rules or regulations thereunder after execution of this Grant Agreement shall be reviewed by the State and the Grantee to determine whether the provisions of this Grant Agreement require formal modification.
- B. The Grantee and its agents shall abide by all ethical requirements that apply to persons who have a business relationship with the State as set forth in IC § 4-2-6, *et seq.*, IC § 4-2-7, *et seq.* and the regulations promulgated thereunder. **If the Grantee has knowledge, or would have acquired knowledge with reasonable inquiry, that a state officer, employee, or special state appointee, as those terms are defined in IC 4-2-6-1, has a financial interest in the Grant, the Grantee shall ensure compliance with the disclosure requirements in IC § 4-2-6-10.5 prior to the execution of this Grant Agreement.** If the Grantee is not familiar with these

ethical requirements, the Grantee should refer any questions to the Indiana State Ethics Commission, or visit the Inspector General's website at <http://www.in.gov/ig/>. If the Grantee or its agents violate any applicable ethical standards, the State may, in its sole discretion, terminate this Grant immediately upon notice to the Grantee. In addition, the Grantee may be subject to penalties under IC §§ 4-2-6, 4-2-7, 35-44.1-1-4, and under any other applicable laws.

C. The Grantee certifies by entering into this Grant Agreement that neither it nor its principal(s) is presently in arrears in payment of taxes, permit fees or other statutory, regulatory or judicially required payments to the State. The Grantee agrees that any payments currently due to the State may be withheld from payments due to the Grantee. Additionally, payments may be withheld, delayed, or denied and/or this Grant suspended until the Grantee is current in its payments and has submitted proof of such payment to the State.

D. The Grantee warrants that it has no current, pending or outstanding criminal, civil, or enforcement actions initiated by the State, and agrees that it will immediately notify the State of any such actions. During the term of such actions, the Grantee agrees that the State may suspend funding for the Project. If a valid dispute exists as to the Grantee's liability or guilt in any action initiated by the State or its agencies, and the State decides to suspend funding to the Grantee, the Grantee may submit, in writing, a request for review to the Indiana Department of Administration (IDOA). A determination by IDOA shall be binding on the parties. Any disbursements that the State may delay, withhold, deny, or apply under this section shall not be subject to penalty or interest.

E. The Grantee warrants that the Grantee and any contractors performing work in connection with the Project shall obtain and maintain all required permits, licenses, registrations, and approvals, and shall comply with all health, safety, and environmental statutes, rules, or regulations in the performance of work activities for the State. Failure to do so may be deemed a material breach of this Grant Agreement and grounds for immediate termination and denial of grant opportunities with the State.

F. The Grantee affirms that, if it is an entity described in IC Title 23, it is properly registered and owes no outstanding reports to the Indiana Secretary of State.

G. As required by IC § 5-22-3-7:

- (1) The Grantee and any principals of the Grantee certify that:
 - (A) the Grantee, except for de minimis and nonsystematic violations, has not violated the terms of:
 - (i) IC § 24-4.7 [Telephone Solicitation Of Consumers];
 - (ii) IC § 24-5-12 [Telephone Solicitations]; or
 - (iii) IC § 24-5-14 [Regulation of Automatic Dialing Machines];
 in the previous three hundred sixty-five (365) days, even if IC 24-4.7 is preempted by federal law; and
 - (B) the Grantee will not violate the terms of IC § 24-4.7 for the duration of this Grant Agreement, even if IC §24-4.7 is preempted by federal law.
- (2) The Grantee and any principals of the Grantee certify that an affiliate or principal of the Grantee and any agent acting on behalf of the Grantee or on behalf of an affiliate or principal of the Grantee, except for de minimis and nonsystematic violations,
 - (A) has not violated the terms of IC § 24-4.7 in the previous three hundred sixty-five (365) days, even if IC § 24-4.7 is preempted by federal law; and

(B) will not violate the terms of IC § 24-4.7 for the duration of this Grant Agreement even if IC § 24-4.7 is preempted by federal law.

10. Debarment and Suspension.

A. The Grantee certifies by entering into this Grant Agreement that it is not presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from entering into this Grant by any federal agency or by any department, agency or political subdivision of the State. The term "principal" for purposes of this Grant Agreement means an officer, director, owner, partner, key employee or other person with primary management or supervisory responsibilities, or a person who has a critical influence on or substantive control over the operations of the Grantee.

B. The Grantee certifies that it has verified the suspension and debarment status for all subcontractors receiving funds under this Grant Agreement and shall be solely responsible for any recoupments or penalties that might arise from non-compliance. The Grantee shall immediately notify the State if any subcontractor becomes debarred or suspended, and shall, at the State's request, take all steps required by the State to terminate its contractual relationship with the subcontractor for work to be performed under this Grant Agreement.

11. Drug-Free Workplace Certification.

As required by Executive Order No. 90-5, April 12, 1990, issued by the Governor of Indiana, the Grantee hereby covenants and agrees to make a good faith effort to provide and maintain a drug-free workplace. Grantee will give written notice to the State within ten (10) days after receiving actual notice that the Grantee, or an employee of the Grantee in the State of Indiana, has been convicted of a criminal drug violation occurring in the workplace. False certification or violation of the certification may result in sanctions including, but not limited to, suspension of grant payments, termination of the Grant and/or debarment of grant opportunities with the State of Indiana for up to three (3) years.

In addition to the provisions of the above paragraphs, if the total amount set forth in this Grant Agreement is in excess of \$25,000.00, the Grantee certifies and agrees that it will provide a drug-free workplace by:

A. Publishing and providing to all of its employees a statement notifying them that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the Grantee's workplace and specifying the actions that will be taken against employees for violations of such prohibition; and

B. Establishing a drug-free awareness program to inform its employees of (1) the dangers of drug abuse in the workplace; (2) the Grantee's policy of maintaining a drug-free workplace; (3) any available drug counseling, rehabilitation, and employee assistance programs; and (4) the penalties that may be imposed upon an employee for drug abuse violations occurring in the workplace; and

C. Notifying all employees in the statement required by subparagraph (A) above that as a condition of continued employment the employee will (1) abide by the terms of the statement; and (2) notify the Grantee of any criminal drug statute conviction for a violation occurring in the workplace no later than five (5) days after such conviction; and

D. Notifying in writing the State within ten (10) days after receiving notice from an employee under subdivision (C)(2) above, or otherwise receiving actual notice of such conviction; and

E. Within thirty (30) days after receiving notice under subdivision (C)(2) above of a conviction, imposing the following sanctions or remedial measures on any employee who is convicted of drug abuse violations occurring in the workplace: (1) take appropriate personnel action against the employee, up to and including termination; or (2) require such employee to satisfactorily

participate in a drug abuse assistance or rehabilitation program approved for such purposes by a federal, state or local health, law enforcement, or other appropriate agency; and

F. Making a good faith effort to maintain a drug-free workplace through the implementation of subparagraphs (A) through (E) above.

12. Funding Cancellation.

As required by Financial Management Circular 3.3 and IC § 5-22-17-5, when the Director of the State Budget Agency makes a written determination that funds are not appropriated or otherwise available to support continuation of performance of this Grant Agreement, it shall be canceled. A determination by the Director of the State Budget Agency that funds are not appropriated or otherwise available to support continuation of performance shall be final and conclusive.

13. Governing Law.

This Grant Agreement shall be governed, construed, and enforced in accordance with the laws of the State of Indiana, without regard to its conflict of laws rules. Suit, if any, must be brought in the State of Indiana.

14. Information Technology Accessibility Standards.

Any information technology related products or services purchased, used or maintained through this Grant must be compatible with the principles and goals contained in the Electronic and Information Technology Accessibility Standards adopted by the Architectural and Transportation Barriers Compliance Board under Section 508 of the federal Rehabilitation Act of 1973 (29 U.S.C. §794d), as amended.

15. Insurance.

The Grantee shall maintain insurance with coverages and in such amount as may be required by the State or as provided in its Grant Application.

16. Employment Eligibility Verification.

As a condition precedent to entering this contract, and as required by IC § 22-5-1.7 and Executive Order 25-29, the Contractor swears or affirms under the penalties of perjury that the Contractor has not knowingly employed, and will not knowingly employ, an unauthorized alien. The Contractor further affirms that:

A. The Contractor has enrolled in, and verified the work eligibility status of all his/her/its employees through, the E-Verify program as defined in IC § 22-5-1.7-3. The Contractor is not required to participate should the E-Verify program cease to exist. Additionally, the Contractor is not required to participate if the Contractor is self-employed and does not employ any employees.

B. The Contractor has not knowingly employed or contracted with, and shall not knowingly employ or contract with, an unauthorized alien. The Contractor has not retained, and shall not retain, an employee, and has not contracted and shall not contract with a person, that the Contractor subsequently learned or learns is an unauthorized alien.

C. The Contractor has required and shall require his/her/its subcontractors, who perform work under this Contract, to certify to the Contractor that the subcontractor does not knowingly employ or contract with an unauthorized alien and that the subcontractor has enrolled and is participating in the E-Verify program. The Contractor agrees to maintain this certification throughout the duration of the term of a contract with a subcontractor and to provide any and all such certifications to the State promptly upon request.

The State may terminate this agreement for default if the Contractor fails to cure a breach of this provision no later than thirty (30) days after being notified by the State.

17. Nondiscrimination.

Pursuant to the Indiana Civil Rights Law, specifically IC § 22-9-1-10, and in keeping with the purposes of the federal Civil Rights Act of 1964, the Age Discrimination in Employment Act, and the Americans with Disabilities Act:

A. The Contractor covenants that it shall not discriminate against any employee or applicant for employment relating to this Contract with respect to the hire, tenure, terms, conditions or privileges of employment or any matter directly or indirectly related to employment, because of the employee's or applicant's race, color, national origin, religion, sex, age, disability, ancestry, status as a veteran, or any other characteristic protected by federal, state, or local law ("Protected Characteristics"). The Contractor certifies compliance with applicable federal laws, regulations, and executive orders prohibiting discrimination based on the Protected Characteristics in the provision of services. Breach of this subparagraph may be regarded as a material breach of this Contract, including for purposes of Indiana Code § 5-11-5.5-2, but nothing in this paragraph shall be construed to imply or establish an employment relationship between the State and any applicant or employee of the Contractor or any subcontractor.

B. Contractor covenants that it does not and shall not operate any programs or engage in any practices promoting Diversity, Equity, and Inclusion (DEI), or other similar goals, that violate Indiana or Federal Civil Rights Laws by treating a person differently on the basis of race or sex, such as by considering race or sex when making recruitment, hiring, disciplinary, promotion, or employment decisions; requiring employees to participate in training or educational programs that employ racial or sex stereotypes; or attempting to achieve racial or sex balancing in the Contractor's workforce. The Parties agree that a breach of this subparagraph is a material breach of this Contract, including for purposes of Indiana Code § 5-11-5.5-2, but nothing in this paragraph shall be construed to imply or establish an employment relationship between the State and any applicant or employee of the Contractor or any subcontractor.

1. The Indiana Damage Prevention Northern Chapter has a very large list of excavators in Northern Indiana. Many of these excavators work in temporary traffic "work zones" These "work zones" are some of the most dangerous worksites on record. The Indiana Damage Prevention Council would like to offer American Traffic Safety Services certification Classes for "Traffic Control Technician" and "Traffic Control Supervisor" and Flagger Instructor . Although this is not directly related to utility damage prevention, we believe strongly that by inviting excavators in this council's territory, to this training, when the workers are available in January, we will provide valuable safety training resource. We also believe this effort will provide an outreach opportunity to draw more excavators into our damage prevention community with the ultimate goal of gaining more committed damage prevention stakeholders. We see this as a program for our area that if successful could be implemented across the other councils. This request is based on positive feedback from the same training provided in January of 2023.

Ind. Code 8-1-26-24 establishes the Underground Plant Protection Account (UPPA) to provide funding for programs established and administered by the Indiana Utility Regulatory Commission (IURC) as listed below. Choose which category your project will be:

A training or education program for contractors, excavators, locators, operators, and/or other persons.

Please describe your target audience for this project

Who will this project benefit? (ex. your employees, the public, the excavation community, etc.)

Text

Contractor's, excavators, locators, operator's and others involved in underground plant protection

Is there a target range, industry, or other demographic your project is targeting?

Text Box

The industry targeted is any excavator working in temporary traffic in Northern Indiana who is also working to be in compliance with Indiana Code 8-1-26 as well as the OSHA General Duty Clause

If targeting businesses or people outside of your company, how did you choose who to target?

Text Box

The outreach is targeted at excavator stakeholders in the Indiana Damage Prevention Community. Excavators and Contractors consistently work within temporary traffic markings. In order to keep employees and the public free from "recognizable hazards which could result in severe injury or death", an awareness of industry standards for all temporary traffic markings is essential. Especially in emergency repair operations.

Please provide a description of how your program's results will be measured to determine the effectiveness of your project.

It is our hope to increase the attendance in the Northern Chapter by 15 stakeholders per month. Hosting multiple training opportunities (complimentary on behalf of the council) should increase attendance substantially. Registration will be required so we can track those that sign up and attend. Those actively involved in the DPC will have the first opportunity to register for the classes, then registration will be open to other stakeholders. This event will have 40 attendees per class. This event will encompass a large variety of stakeholders from various industries as it is pertinent to everyone. By capturing the attendees contact information, we will be able to follow up with them after the meeting in regards to how it went and future involvement in the DPC. We should be able to measure the effectiveness of this program upon completion through post program follow up (i.e survey and email outreach). We will solicit multiple times after the class, the attendees feedback regarding this opportunity and their awareness of the DPC. The intent will be to follow up regarding their attendance at an upcoming meeting based on their involvement in this training. We believe attendees would be more likely to attend a monthly damage prevention council meetings if they want to have specific trainings like this in the future.
