## PROCEDURE

To initiate the Indiana Adoption referral, the Family Case Manager (FCM) will:

1. Determine if the child is eligible for adoption services;
2. Determine if the child was previously referred to the Indiana Adoption Program; if yes, contact the Regional [Adoption Consultant](#) to discuss the child's previous involvement with SNAP;
3. Secure a recent (within the past six (6) months) color photo of the child or arrange for a photo to be taken.

**Note:** If the child has been previously referred to the Indiana Adoption Program, speak with the Regional [Adoption Consultant](#) to determine if a recent color photograph of the child is needed and/or an updated [Child Social Summary](#). See policy [10.11 Child Social Summary](#) for additional information.

4. Complete and forward the [Child Registration for Adoption Recruitment \(SF 11840\)](#) and [Child Social Summary](#), to the Regional [Adoption Consultant](#) for each child.
5. Any child 14 years of age or older must sign the [Indiana Adoption Program Informed Consent for Recruitment \(SF 54901\)](#) form and designate which forms of media they would like to be featured in. See policy [10.7 Adoption Services](#) for additional information.

**Note:** Children whose parents' rights have not yet been terminated may be featured on the private portion of the website, accessible by other adoption professionals for recruitment purposes.
