PROCEDURE

The Family Case Manager (FCM) will:

1. Begin preparing the child for adoption services within 14 days of the court’s finalization of Termination of Parental Rights (TPR), if a suitable prospective family has not already been identified:
   a. Show children age five (5) and older a copy of the adoption picture book, and explain about internet photolisting,
   b. Explain the purpose of the adoption picture book and internet photolisting, and how it will be used, and
   c. Review the Indiana Adoption Program Informed Consent for Recruitment (SF 54901) and obtain a signature from youth ages 14 and older prior to featuring them in the adoption picture book and internet photolisting. Allow the youth to designate which forms of media may be used; and
   d. Sign the Indiana Adoption Program Informed Consent for Recruitment (SF 54901) form.
2. Maintain monthly contact with the Regional Adoption Liaison to learn of potential adoptive matches;
3. Alert the Regional Adoption Liaison of any prospective adoptive families so the match may be explored.

Note: Prospective adoptive parents are not required to hold a foster parent license to be matched with a child who is legally free for adoption (TPR has been granted).
If the prospective adoptive placement disrupts, contact the Regional Adoption Liaison to request that recruitment efforts resume.

When one (1) or more prospective adoptive matches has been identified, the FCM will:

1. Coordinate the date and location of the family interview(s) with the Regional Adoption Liaison;
2. Invite the prospective adoptive families and members of the child’s team (i.e. FCM Supervisor, Regional Adoption Liaison, Court Appointed Special Advocate (CASA), therapist, foster parent, etc.) to the interviews;
3. Involve children age 14 and older (younger children can be included if age appropriate) in the family interview process to facilitate compatible and successful adoptive matches;
4. Conduct individual interviews with each prospective adoptive family and allow the interviewing team to ask questions;
5. Discuss with the interview team, each prospective adoptive family’s ability to meet the child’s needs and all the team to make a recommendation;
6. Secure a written copy of the interview team’s final recommendation at the end of the meeting; and
7. Within 72 hours of receiving the final recommendation, forward a written copy to the DCS Local Office Director (LOD) or designee.
8. Within five (5) days after the final decision is made, notify each prospective adoptive family of the final decision.

**Note:** The DCS LOD or designee must make the final recommendation for the prospective adoptive placement.

If the child’s permanency goal changes to something other than adoption, the FCM will:

1. Notify the Regional Adoption Liaison of the permanency goal change; and
2. Ask for the child’s information to be removed from the internet and/or [picture book](#) within seven (7) business days of court approval of the new permanency goal.

The Regional Adoption Liaison will:

1. Submit the child’s photo and [10.B Tool: Child Social Summary](#) within seven (7) business days of receipt from the FCM for publication in the “Opening Hearts, Changing Lives” [picture book](#);
2. Ensure that the child’s information is posted to the internet on the [internet photolisting](#) website;
3. Attempt to identify three (3) qualified prospective adoptive families for every available child;
4. Coordinate the scheduling of family interviews with the FCM to review and discuss the family preparation study;
5. Participate in the interview team’s discussion about the quality of the match between the child and the prospective adoptive family, for every prospective adoptive family-child-match.
6. Make referrals for Indiana children that have been adopted and their families for post adoption services.
