We would like to thank you for all of your wonderful work with our children. This letter is to inform you about the Resource Parent insurance program with MJ Insurance/Irwin Siegal Agency. We have chosen to enroll all homes that had at least one placement during a calendar year into the program at no cost to you. You are receiving this letter because you meet this requirement and have been enrolled in this program.

We would like to give you a brief overview of what is covered under this program and how to access the benefits if needed.

This program potentially covers personal property damage caused by a child during their time in your home while in the Child Welfare System. Also, the coverage potentially covers injuries or property damage to others' property that are accidental. Finally, the program also potentially covers Legal Defense costs for foster parents who face legal action by third parties resulting from their role as foster parents or the conduct of their foster children.
