H. No side comments or conversations between the Interpreters and the clients should occur.

IX. Trauma Informed Care

A. Provider must develop a core competency in Trauma Informed Care as defined by the National Center for Trauma Informed Care—SAMHSA (http://www.samhsa.gov/nctic/):

1. Trauma-informed care is an approach to engaging people with histories of trauma that recognizes the presence of trauma symptoms and acknowledges the role that trauma has played in their lives.

2. NCTIC facilitates the adoption of trauma-informed environments in the delivery of a broad range of services including mental health, substance use, housing, vocational or employment support, domestic violence and victim assistance, and peer support. In all of these environments, NCTIC seeks to change the paradigm from one that asks, "What's wrong with you?" to one that asks, "What has happened to you?"

3. When a human service program takes the step to become trauma-informed, every part of its organization, management, and service delivery system is assessed and potentially modified to include a basic understanding of how trauma affects the life of an individual seeking services.

4. Trauma-informed organizations, programs, and services are based on an understanding of the vulnerabilities or triggers of trauma survivors that traditional service delivery approaches may exacerbate, so that these services and programs can be more supportive and avoid re-traumatization.

B. Trauma Specific Interventions: (modified from the SAMHSA definition)
1. The services will be delivered in such a way that the clients/families feel respected, informed, connected, and hopeful regarding their own future.

2. The provider must demonstrate an understanding, through the services provided, of the interrelation between trauma and symptoms of trauma (e.g., substance abuse, eating disorders, depression, and anxiety).

3. The provider will work in a collaborative way with child/family, extended family and friends, and other human services agencies in a manner that will empower child/family.

X. Training
   A. Service provider employees are required to complete general training competencies at various levels.
   B. Levels are labeled in Modules (I-IV), and requirements for each employee are based on the employee’s level of work with DCS clients.
   C. Training requirements, documents, and resources are outlined at: http://www.in.gov/dcs/3493.htm
      1. Review the Resource Guide for Training Requirements to understand Training Modules, expectations, and Agency responsibility.
      2. Review Training Competencies, Curricula, and Resources to learn more about the training topics.
      3. Review the Training Requirement Checklist and Shadowing Checklist for expectations within each module.

XI. Cultural and Religious Competence
   A. Provider must respect the culture of the children and families with which it provides services.
   B. All staff persons who come in contact with the family must be aware of and sensitive to the child's cultural, ethnic, and linguistic differences.
   C. All staff also must be aware of and sensitive to the sexual and/or gender orientation of the child, including lesbian, gay, bisexual, transgender or questioning children/youth.
      1. Services to youth who identify as LGBTQ must also be provided in accordance with the principles in the Indiana LGBTQ Practice Guidebook.
      2. Staff will use neutral language, facilitate a trust based environment for disclosure, and will maintain appropriate confidentiality for LGBTQ youth.
      3. The guidebook can be found at: http://www.in.gov/dcs/files/GuidebookforBestPracticeswithLGBTQYouth.pdf
D. Efforts must be made to employ or have access to staff and/or volunteers who are representative of the community served in order to minimize any barriers that may exist.

E. Contractor must have a plan for developing and maintaining the cultural competence of their programs, including the recruitment, development, and training of staff, volunteers, and others as appropriate to the program or service type; treatment approaches and models; and the use of appropriate community resources and informal networks that support cultural connections.

XII. Child Safety

A. Services must be provided in accordance with the Principles of Child Welfare Services.

B. All services (even individual services) are provided through the lens of child safety.
   1. As part of service provision, it is the responsibility of the service provider to understand the child safety concerns and protective factors that exist within the family.
   2. Continual assessment of child safety and communication with the Local DCS Office is required. It is the responsibility of the service provider to report any safety concerns, per state statute, IC 31-33-5-1.

C. All service plans should include goals that address issues of child safety and the family’s protective factors. The monthly reports must outline progress towards goals identified in the service plans.
