

	INDIANA DEPARTMENT OF CHILD SERVICES CHILD WELFARE POLICY	
	Chapter 9: Interstate Compact (ICPC)	Effective Date: March 1, 2021
	Section 13: National Electronic Interstate Compact Enterprise (NEICE)	Version: 1

POLICY OVERVIEW

The National Electronic Interstate Compact Enterprise (NEICE) was designed by the Association of Administrators of the Interstate Compact on the Placement of Children (AAICPC) with the American Public Human Services Association (APHSA) to improve administration of the Interstate Compact on the Placement of Children (ICPC). NEICE allows for data and documents to be exchanged quickly and securely, as required by the ICPC, and reduces the time children spend awaiting placement.

PROCEDURE

The NEICE is used by the ICPC Consultants to process, approve, and transmit ICPC requests.

To process incoming (child being placed in the state of Indiana) ICPC requests from states participating in the NEICE, the ICPC Consultant will use NEICE to:

1. Complete a search for children in the DCS case management system;
2. Upload documents to the DCS case management system. See Chapter 9 Interstate Compact on the Placement of Children (ICPC) policies and the Interstate Compact on the Placement of Children (ICPC) Interactive Training for additional information; and
3. Close the referral for the case.

To process outgoing (child being placed outside of Indiana) ICPC requests to states participating in the NEICE, the ICPC Consultant will use NEICE to:

1. Complete a search for children in the DCS case management system;
2. Create a case as the sending state;
3. Create a new case for an existing child;
4. Upload documents to the DCS case management system. See Chapter 9 Interstate Compact on the Placement of Children (ICPC) policies and the Interstate Compact on the Placement of Children (ICPC) Interactive Training for additional information; and
5. Close the referral for the case.
