Once the desired RFP has been accessed, the applicant will be transferred to the RFP Information Page. Here the applicant will be able to view more details about the chosen RFP including a description and the Service Standards associated with the chosen RFP.

Note: There may be one or more Service Standards listed for a given RFP. Our example below includes 3 Service Standards.

To begin the online proposal submission process, click on the Create Proposal link which will transfer the applicant to the Create New Proposal Page.
3.0 ATTAIN AUTHORIZATION TO CREATE A PROPOSAL

3A AUTHORIZATION FOR EXISTING KIDTRAKS VENDORS

From the Create New Proposal Page, applicants are required to identify whether they are an existing online KidTraks vendor, or if they need to register as a new user. In the below example, we illustrate the selection of an existing online KidTraks vendor.
When an applicant identifies themselves as an *Existing User* and clicks on the *Select* button, they are transferred to the *KidTraks Login Page* as demonstrated below. Here the applicant enters their KidTraks *User ID* and *Password*, then clicks on the *Login* button. The applicant then must return to the *RFP Inquiry Page* and select the desired *RFP ID* corresponding to the desired proposal for submission. Existing users may now advance to page 12 to continue the online proposal creation process.
3B AUTHORIZATION FOR PROSPECTIVE KIDTRAKS VENDORS

Vendors not registered as online KidTraks users must complete the registration process. This begins by identifying yourself as a New User from the Create New Proposal Page and then clicking on the Select button as demonstrated below.
3C PROSPECTIVE KIDTRAKS VENDOR REGISTRATION

The applicant is then transferred to the Registration Page. Here the user completes the online form and clicks on the OK button as illustrated below.

A successful registration is indicated at the bottom of the Registration Page when the form is completed and the OK button is selected.
As indicated in the successfully submitted message on the *Registration Form* above, a confirmation notice is sent to the email address provided. Contained in the email is a link to *Change your Password*. By clicking on the link you will be taken to a page to create a new password.

**Note:** Please check your spam folder for confirmation emails. Confirmation emails are sent out immediately upon registration submission.

Once you enter in your new password, click on *Change My Password*.
Once your password has been successfully changed click on *Back to Login*. You will then be directed to the KidTraks login page to log in.

From the *KidTraks Login Page*, enter your *User ID* (your email address) and paste your *Password*. Click on the *Login* button.
Once you are successfully logged into KidTraks, you will be directed to the screen below. Click on KidTraks.

Next, click on Contracting Opportunities.
4.0 ONLINE PROPOSAL FORMS AND ATTACHMENTS

From the *RFP Inquiry Page*, select the *RFP ID* corresponding with the RFP desired for proposal submission.
4A RFP INFORMATION PAGE

Once you have selected the RFP desired for proposal submission, you will be directed to the RFP Information Page below, which provides some additional information. There are two links provided: the RFP Inquiry and Create Proposal links. Also, the Service Standard(s) for the selected RFP are itemized. Please verify that the selected RFP is the one intended for proposal submission. If not, the RFP Inquiry link will return you to the previous RFP Inquiry Page. In the provided example of Test2, we will begin to create the online proposal by clicking on the Create Proposal link.

![RFP Information Page](image-url)
4B PROPOSAL INFORMATION PAGE

The first page presented to the applicant after clicking upon the Create Proposal link is the Proposal Information Page. Note how the Proposal Information Page is divided into four sections which are accessed via the tabs Basic Information, Proposed Services, Errors, and Attachment. Clicking on the individual tabs will allow you to navigate between the proposal sections.

In addition, from the Proposal Information Page, the user is provided with options to Delete, Submit, or Print Proposal Application by clicking on the down arrow of the dropdown menu entitled Action. This dropdown menu with its respective options are available on the Proposal Information Page no matter which tab is selected.

Note: If the applicant selects Delete, the entire proposal will be deleted. Only correctly completed proposals will qualify for submission. The option to Print Proposal is available at any time in the process – whether the proposal has been submitted or if it is still open.

Also note there is an Eligible to Submit icon in the Proposal Header which provides the applicant with a gauge as to whether or not the proposal is ready for submittal. When you click on the red icon, you will be transferred to the Errors tab where a listing of errors is provided. If the icon registers as green, the proposal is ready for submission.
4C BASIC INFORMATION PAGE

The first form presented for completion is the Basic Information form. There are four links provided on the Basic Information form: Certified Minority Owned Business, Certified Women Owned Business, Buy Indiana Entity, and Veteran-Owned Business. These links all open to Indiana Department of Administration (IDOA) Pages which provide more information on how to qualify for these programs. For more information please see the IDOA Requirements document (Attachment IDOA 1) and the corresponding IDOA required attachments (Attachment IDOA 2-4). If already certified in any of these programs, please select the applicable program category(s).

Complete the Basic Information form by filling out all sections. The Chief Executive Officer, Financial Officer, Contact Person for Proposal, and Disaster Contact are critical sections to complete as the contact information entered are transferred into KidTraks. Once the form is completed, click on the Save button at the bottom of the page. Clicking on the Cancel button will remove your entries from the completed fields. Clicking on the Close button will log you out of KidTraks and return you to the KidTraks Login Page.

Note: If you navigate away from the Proposal Information Page prior to clicking on the Save button, all entries will be lost. Never use the browser Back button to return to previously viewed pages!
After clicking on the Save button, and if the Basic Information form is not completed correctly, error notifications will be visible via a red asterisk by the section in question, as well as bulleted explanations at the bottom of the page. See below for an illustration of an incomplete Basic Information form.
4D SELECTING APPLICABLE SERVICES FOR PROPOSAL

The next section of the online proposal submission to be completed is found under the Proposed Services tab. Click on the corresponding tab located on the Proposal Information Page as indicated below. The Proposed Services Section lists those Services Standards available for the selected RFP. Note the column indicating the completion status of each referenced service. To begin filling out the Proposed Services form(s), click on the corresponding Service Code.
4E PROPOSED SERVICES FORM

Begin the form completion by filling in the Contact Person for Service section of the form. Note that on the Proposed Services form, there are two links provided: Back to Service List and DCS State Region Map (Click Here). The DCS State Region Map (Click Here) link is addressed in Section 4G County/Contact Table. Clicking on the Back to Service List link will return you to the table itemizing all of the proposed Service Standards relevant to the selected RFP.

If you want to include this Service Standard in your proposal submission, you must check Include Service in Proposal, shown below.

Note: If you navigate away from the Proposal Information Page prior to clicking on the Save button, all entries will be lost. Never use the browser Back button to return to previously viewed pages!
4F COMPONENT CODE TABLE

Found next on the Proposed Services form is the Component Code Table (Billable Units). Here you will find the listing of all components relevant to the selected Service Standard within the RFP. This table also provides the applicant with the relevant Component Codes (Billable Units), Component Description, their Units of Measure, and their respective standardized rates.

Some Service Standards require that all the components be selected. These components will have a standard rate that cannot be negotiated. These are shown under the Rate column. These components with a fixed standard rate will have a field that cannot be edited, as shown below under My Proposed Rate column. In the example below for Home Based Family Centered Casework none of the rates can be edited within this column. By applying for this service your agency agrees to provide the service at the fixed standard rate.

4G COUNTY/CONTACT TABLE

Next on the Proposed Services form is the county selection area. To select the regions and/or counties corresponding to the associated services, click on the dropdown menu and select Add. Note: Clicking on the DCS State Region Map (Click Here) link will open up a browser window with an illustration of the state of Indiana identifying which counties are in which regions as depicted below.

Once Add has been selected from the county dropdown list, click on the Go button.
Clicking on the *Go* button opens up the *County Selection* dialog box. Begin by filling in the *Name*, *Phone* and *Email* fields. Note: Each county and/or region requires the entry of corresponding contact information.

There are two ways to populate the *Counties Selected* field. The first option is to click on the *Filter By Region* dropdown list which will provide a window listing all of Indiana’s regions as demonstrated below. See previous page for instructions on accessing a map of Indiana providing a region legend.

For our purposes we’ve elected to bypass the region option and select by county. Illustrated below is the selection of Carroll County from the *Counties Available* list. Once the desired county is selected, click on the *Select* link to move it into the *Counties Selected* field. Repeat this process to select all counties desired for service representation. Counties may be removed from the *Counties Selected* field by highlighting the applicable counties and clicking on the *Remove* link.
Having selected Carroll County for our service representation, it appears in the *Counties Selected* field and disappears from the *Counties Available* listing as illustrated below. Next, click on the *Submit* button.
4H FINALIZING PROPOSED SERVICES FORM

Once the county(s) and/or region(s) have been selected and the appropriate contact information has been entered and submitted for service representation, the record(s) appear in the Counties Table of the Proposed Services form.

Complete the form by clicking on the Save or Apply button. Clicking on the Save button will save all entries and return you to the Services Section listing all services pertinent to the selected RFP. Clicking on the Apply button will save all entries and maintain your placement on the current page. Clicking on the Cancel button will remove all field entries and return you to the Services Section listing.

County/Region records may be deleted by clicking on the box corresponding to the county/region you wish to delete. Then select Delete from the dropdown menu and click on the Go button.
By clicking on Save, you will be directed to the screen shown below. By clicking on Apply, the data will be saved but the user will not be directed to the next screen. In this example, the user completed all requirements under the Proposed Services tab for Home Based Family Centered Casework Services. Note the Yes comment under the Completed Section.

If the user wants to apply for the other available Service Standards, they should select the Service Code link from this screen. If the user only wants to apply for Home Based Family Centered Casework Services, the user should move on to 4I Uploading Attachments.
4I UPLOADING ATTACHMENTS

Under the Attachment tab within the Proposal Information screen, users will find the *Required* or *Optional* attachments needed for proposal submission.

In the screen below, you will see the list of *Required* and *Optional* attachments. Listed first are the *Required* attachments per contract Type. In this example, the RFP is for Community Based Services. Below these attachments are *Required* or *Optional* attachments specific to the Service Standard the user is proposing for. These are identified under the Service column. In the example below the user only applied for *Home Based Family Centered Casework Services*.

To add an attachment click on the *Required* or *Optional* link under the Attachment column. Descriptions of each attachment type can be found in Appendix B. The attachments are specific to the RFP type and proposed Service Standard.
Click on *Browse* to select the document you wish to upload from your computer. Once the document has been uploaded, type in the Description of the document. Then select *Submit*.

Once the *Submit* button has been selected, an *Attachment Upload* dialog box will appear indicating that the upload was completed successfully. Click on the *Close* button.
## 4J Deleting Attachments

As the user uploads attachments, the attachments move to a completed section at the bottom of the screen. To delete an uploaded attachment, click on the X under the *Delete* column. To delete attachments from your proposal, simply click on the “X” next to the attachment you wish to delete.

When an attachment has been selected for deletion and the “X” has been clicked upon, a message window will appear asking you to verify that you want to delete the chosen attachment from the proposal. Click *OK* to continue with the deletion or *Cancel* to cancel the deletion.

Appendix A: Helpful Tips

- This guide is best viewed in the screen resolutions of 1024 x 768 or 800 x 600.
- Those vendors using IE browsers which include the “Compatibility View” feature should have it deselected when viewing KidTraks sites.
- Some of the pages in this guide are legal size (8.5”x14”) rather than letter size (8.5”x11) in order to accommodate the graphics.
- For new users requesting authorization, please check your spam folder for password emails. Confirmation emails are sent out immediately upon registration submission.
- **Do Not** use the browser Back button to return to previously viewed pages!
- If you navigate away from the Proposal Information Page forms prior to clicking on the Save button, all entries will be lost.
- When users select Save and the screen refreshes, sometimes it scrolls down to the bottom of the screen. This may appear that you are on a blank page; however, you just need to scroll up.
- Service Code refers to the number assigned to a Service Standard.
- Component Code refers to the number assigned to a Component (Business Unit).
- Both Service Codes and Component Codes are used in the billing for services and will appear in Attachment A if a contract is entered into.
- A Service Narrative is required for each Service Standard proposed.
- The application must be signed in blue ink and uploaded as an attachment.
- Please refer to your RFP and Appendix B to clarify which document attachments are required for submission completion.
- When uploading attachments, file formats are restricted to Word documents (.doc), Excel documents (.xls), and Adobe Acrobat documents (.pdf).
- If an applicant elects to delete an open proposal, the entire proposal will be deleted. Only open proposals may be deleted or edited.
- Only completed proposals will qualify for submission.
- Proposals can be edited after they have been saved. They cannot be edited after they have been submitted.

The Department of Child Services (DCS) has legal limitations in answering questions regarding the RFP process. All questions/inquiries regarding an RFP should have been submitted in writing by the deadline listed in the RFP. To access a list of responses to submitted questions please refer to the DCS Web site. Only answers posted on the DCS Web site, ([http://www.in.gov/dcs/3153.htm](http://www.in.gov/dcs/3153.htm)), will be considered official and valid by the State.
