

	<b>INDIANA DEPARTMENT OF CHILD SERVICES TITLE IV-D POLICY MANUAL</b>	
	<b>Chapter 9: Paternity Establishment</b>	<b>Effective Date: 10/28/2021</b>
	<b>Section 2: Administrative Establishment of Paternity</b>	<b>Version: 2.1 Revision Date: 09/23/2021</b>

**BACKGROUND**

The two (2) methods for establishing paternity in Indiana are by paternity affidavit and by court order.<sup>1</sup> Federal regulations require an expedited administrative process to establish paternity.<sup>2</sup> In Indiana, the paternity affidavit satisfies this requirement. A paternity affidavit may be executed through a hospital within 72 hours of the child’s birth, at the local health department up to the child’s emancipation, or upon marriage of the parents to each other.<sup>3</sup> The Title IV-D Prosecutor’s Office may search and print paternity affidavits that were scanned after January 4, 2021, in Indiana Department of Health’s Database Registration of Vital Events (DRIVE) or may search and print affidavits scanned prior to January 4, 2021, in PanOptic. The Child Support Bureau (CSB) makes these online search tools, provided by the Indiana Department of Health, available to the Title IV-D Prosecutor’s Offices.

**POLICY**

The valid execution of a paternity affidavit conclusively establishes paternity.<sup>4</sup> No further legal action is necessary.<sup>5</sup> The paternity affidavit gives rise to the right of the custodial party (CP), non-custodial parent (NCP), or the Title IV-D agency to obtain a child support order including provisions for health insurance.<sup>6</sup> The paternity affidavit also gives rise to parenting time rights in accordance with Indiana Parenting Time Guidelines.<sup>7</sup>

It should be noted, within 60 days of the date the paternity affidavit is executed, a man who signs the paternity affidavit may file an action to request an order for genetic testing.<sup>8</sup>

If it is within 60 days of the execution of the paternity affidavit, the Title IV-D Prosecutor’s Office may, at the request of the man who signed the paternity affidavit, file a request with the Court for genetic testing.<sup>9</sup>

A properly executed paternity affidavit may not be rescinded more than 60 days after the execution unless:

## PROCEDURE

When the Title IV-D Prosecutor's Office initiates a case in which the child is born out of wedlock, the Title IV-D Prosecutor's Office should check DRIVE and/or PanOptic to determine whether a paternity affidavit has been executed. If the enrollee states that a paternity affidavit was executed but a paternity affidavit is not found in either system, the Title IV-D Prosecutor's Office may need to contact the health department in the jurisdiction where the paternity affidavit was executed to obtain a copy of the paternity affidavit.

In any Title IV-D case in which the child was born out of wedlock and paternity has not been established by paternity affidavit, the Title IV-D Prosecutor's Office will file a petition to establish paternity with the Court.<sup>12</sup>
