POLICY TITLE: EMPLOYEE OUTSIDE INTERNSHIPS AND PRACTICUM

OVERVIEW: The Department of Child Services (DCS) encourages and supports its staff to improve their education and employment status. Often that will occur while a staff member is required to participate in an internship or practicum program. Internships and practicum are structured job shadowing programs for students interested in learning more about their field of study. While working outside of DCS, it is necessary to ensure we are fulfilling our responsibility to our clients. Internships or practicum must not conflict with DCS employment. Additionally, while interning, employees may not perform any task or make any decision that may impact the safety and/or well-being.
