

(Contact List on Page 2.)

**H**ealthy Families Indiana (HFI) is credentialed by Healthy Families America as a multi-site statewide system that is centrally administered by the Indiana Department of Child Services. HFI services are provided by 31 agencies operating 48 sites and are available in all 92 counties in Indiana. The state is organized into 7 geographical regions, grouping sites together by their proximity to provide peer support and ensure that sites from all areas of the state are represented on HFI committees. This colored map shows the regional boundaries. A contact sheet denoting the location of every HFI site follows this map. The contact sheet lists sites alphabetically by agency. The last page shows the organizational chart which depicts the relationship between the HFI Central Administration, HFA, HFI Committees, and Regions.
