

Medication Evaluation and Ongoing Medication Monitoring

Location: Office Based

Client: Parent or Child

Duration: Short term – assessment only

Payer: DCS, MCO

Summary:

This is an evaluation to determine if medication would be an appropriate treatment option and/or ongoing appointments to discuss how well medications are working and if any modification is needed.

Service Options:

Medication Evaluation:

If psychiatric consultation/medication evaluation is recommended, the psychiatrist will see the client within 14 days from the date of referral and complete a written report within 30 days from the date of evaluation.

Ongoing Medication Monitoring:

Ongoing medication monitoring will be provided as needed based on the results of the Medication Evaluation.
