Subject: Out of County Relative Resource Home Licensing
DCS- 11-02

The Indiana Department of Child Services (DCS) continues to improve partnerships with the children and families we serve. We believe the most desirable place for children to grow up is with their own families, when these families are able to provide safe, nurturing and stable homes. In fulfilling this value, DCS will make an addition to policy explaining which county is responsible for the relative resource home licensing.

If a relative resource home is located outside the county where the Child in Need of Services petition has been filed, DCS will require the county of the relative resource's residence to license the qualified relative resource home regardless of where the Child In Need of Services (CHINS) petition has been filed. DCS will license the qualified relative in the county where the relative's home is located, effective February 1, 2011.

Updates will be made to the DCS Policy Manual to reflect these changes. If you have any questions regarding the information presented in this administrative letter, please address them to the DCS policy mailbox at DCSPolicy@dcs.in.gov.

Sincerely,
James W. Payne, Director
Department of Child Services

Protecting our children, families and future
