

Adoption – Family Preparation Services RFP 2019

Questions and Answers

- 1) Could you please show an example of a Disaster Plan? It would help to understand better what is expected. May be you could include a link in your answer.

Response: Here is a link to the DCS Disaster plan on the state DCS website: https://www.in.gov/dcs/files/Disaster_Plan.pdf. The disaster plan should be a plan of action that ensures the safety and security of all children in the agency's care, plans to provide on-going services, and has a plan to provide for the administration of new cases. It outlines an emergency management team and a chain of command in the event of an emergency or disaster.
