

Truancy Termination

Location: Community

Client: Children

Duration: Moderate – referrals are created for six months, 4-10 hours per day

Payer: DCS

Summary:

The purpose of Truancy Termination services is to provide school drop-out prevention education, job readiness skills services, parent education, and family support services to youth and their families in order to reduce recidivism of delinquent youth and truants.

Training modules consist of six (6) weekly skills-based classes which the youth and parents are required to complete. The family support worker will assess progress of all program graduates, and identify youth and families who may benefit from additional training. Subsequent to the training an assessment of progress, including areas where additional improvement is needed should be made and any additional services recommended shared with school social workers, probation officers, and the court.
