## Dates to Know

Mar. 1 - LEPC Annual Roster Due

Mar. 1 - LEPC Bylaws Due

As we continue to look at community resiliency in 2021, linguistically isolated populations and limited-English proficiency populations are an often overlooked group within our state.

IDHS has been evaluating our currently available products, and discussing potential translation needs within our communities. What major languages are part of your community, and how can we help better educate those groups?
