Public Assistance Program

Due to the long-term nature of the COVID-19 response, the **Request for Public Assistance deadline is remaining open.** A specific

On Monday, we celebrated Rev. Martin Luther King, Jr., who dreamed of a country that would protect and uplift all members of our communities. This, too, is a cornerstone of the whole-community concept we use as emergency managers, incorporating diverse and unique populations into our planning. As we move forward in 2021, I encourage each of us to continue to expand our stakeholder networks, to better ensure that nobody in our our community is left behind.

COVID-19 Vaccine Update

The Department of Health continues to await additional supplies of vaccine, and eligibility will expand as more supply is received. Supply issues resulted in several vaccination events planned for this weekend being postponed. Understandably, this is frustrating to those communities and public safety officials who played a role in organizing and sharing information during the planning stages.

The aggressive approach to vaccine distribution planned by the Biden administration is expected to have a positive impact on vaccine supplies for Indiana and other states. IDHS will share any updates, including EMA eligibility to receive a vaccine, immediately once those updates are provided by Health.

Exercise reschedules events

The IDHS Exercise Section rescheduled several events originally planned for January:

- The Logistical Staging Area/Commodity Points of Distribution Full Scale Exercise Concept and Objectives (LSA/C-POD FSE C&O) meeting with IDHS District 5-7 is scheduled for January 26, 2021

deadline for RPAs will be announced when an end date for this disaster event is established by FEMA.

Continue checking the [IDHS Public Assistance Program webpage](#) for updates on guidance, trainings and other vital information.

Vaccine Survey Still Open

The [COVID-19 Critical Infrastructure Vaccine Survey](#) is still collecting data. Please consider reaching out to critical infrastructure and industries and encourage them to provide their information.

The information is being viewed by IDHS, Department of Health and Family Social Services Administration to inform decision-making.
