## Dates to Know

**May 31** - Foundation Grant applications due

**June 20** - EMPG salary documentation due

After the limited festivities of 2020, warmer weather and increasing vaccination rates mean that Hoosiers will finally have an opportunity to enjoy fairs and events this summer.

As we begin to return to normalcy, please remember that these events are important to include in the Special Events Assessment Rating (SEAR). The SEAR tool is available throughout the year within WebEOC, and I encourage you to begin documenting your county events sooner, rather than later. This data can help the county, district and state, as well as federal emergency management, best allocate resources where they're needed.

IDHS Director of Emergency Management
