Overview

This document is intended to provide guidance for Instructors and Evaluators for the Fire officer I certification. It provides detailed skill sheets for all of the associated Job Performance Requirements established in NFPA 1021 2009 Edition. There are eleven skill sheets contained in this document. In addition, we have created templates and scenarios that can be used by instructors and evaluators when the candidates are completing their skills. For all of the skill sheets except Section 2 & 3 of Skill Sheet#1 instructors and evaluators can use the sample forms provided by FAPSATS or similar forms of their choosing as long as the information contained in the forms are the same. Some of the skill sheets require that candidate use scenarios provided by FAPSATS and for some the evaluator can choose to design their own. It is required that all skills be completed as outlined in the skill sheets and that all students receive a passing grade before taking the written exam. Completion method is outlined in each skill sheet and shall be adhered to in order for the candidate to qualify for certification. To avoid confusion each skill sheet completion method is outlined below;

Skill Sheet #1, Human Resource Management
• This session will be completed in class as a role playing exercise.

Skill Sheet #2, Human Resource Management
• This assignment will be completed as an out of class exercise.

Skill Sheet #3, Human Resource Management
• The candidate will develop the outline, lesson plan and class evaluation out of class
• The candidate will then conduct a portion of the training evolution in class with the other students as participants.
  o The participants shall complete an evaluation of the training
  o The candidate will document training per their home agency’s training policy.

Skill Sheet #4, Human Resource Management
• Preparation and or written report for this is to be completed out of class,
• Role-playing exercise is to be completed in class.

Skill Sheet #5, Community and Government Relations
• The candidate will complete their written report as an out of class assignment
• The candidate will also complete role-playing exercise to be conducted in class.

Skill Sheet #6, Community and Government Relations
• The candidate will complete a role-playing exercise to be conducted in class.

Skill Sheet #7, Community and Government Relations
• The candidate will complete a role-playing exercise to be conducted in class.
Skill Sheet #8, Administration
• For an *in class assignment*:
  o The evaluator will give the candidate a scenario where they are to implement a new department policy.
    ▪ Evaluator’s can choose to use the policy change provided by FAPSATS or can create their own.
  o The evaluator will direct the candidate to use the necessary policies should be from the candidates’ home agency.
  o The candidate will then conduct training on any changes made to the policy to his/her crew.
• For an *out of class assignment*:
  o The evaluator will give the candidate a scenario where they are to implement a new department policy.
    ▪ Evaluator’s can choose to use the policy change provided by FAPSATS or can create their own.
  o The evaluator will direct the candidate to use the necessary policies should be from the candidates’ home agency.
  o The candidate will then conduct training on any changes made to the policy to his/her crew.
    ▪ A complete report of training shall be turned in with the policy change request.

Skill Sheet #9, Administration
• This is to be completed as an out of class assignment.

Skill Sheet #10, Health and Safety
• Preparation and or written report for this is to be completed *out of class*,
• Role-playing exercise is to be completed *in class*.

Skill Sheet #11, Health and Safety
• Preparation and or written report for this is to be completed *out of class*,
• Role-playing exercise is to be completed *in class*.

Skill Sheet #12, Health and Safety
• This exercise will be conducted *in class*

Skill Sheet #13, Emergency Response Delivery
• Preparation and pre-planning documentation for this is to be completed *out of class*,
• Report of findings exercise is to be completed *in class*.

Skill Sheet #14, Emergency Response Delivery
• This is to be completed during an in class session as a one on one scenario with a qualified evaluator.
Skill Sheet #15, Emergency Response Delivery
• Securing the scene portion will be completed *in-class* directly after completing Skill Sheet 14
• Initial “tail-board” post incident discussion should be conducted after securing the scene
• Written post incident analysis and report can be completed *out-of-class*

Skill Sheet #16, Administration
• The preparation is to be completed *out of class*
• The review of the organizational chart, agency purpose and mission, and data analysis will be conducted *in class.*

Skill Sheet #1, Human Resource Management

*(NFPA 1021 4.2.4 (B), 4.2.5 (B))*

**Evaluator Directions**

This skill sheet will evaluate the candidate’s ability to recommend action for member-related problems, and apply human resource policies and procedures, so that those policies and procedures are followed.

- The evaluator will provide the candidate (student) with a scenario requiring assistance.
- Evaluators can choose to use one of the scenarios that have provided or they can create their own as long as the intent of the standard is met.
- All candidates must complete two scenarios one of which shall be an incident involving critical incident stress and the other shall be conflict related.
- The evaluator will direct the candidate to use their home agency’s member assistance and human resource policies and procedures.
- This session will be completed in class as a role playing exercise.

**Student (Candidate) Directions**

The candidate will assume the role of a company officer tasked with reviewing a member related problem, and then applying the candidate’s home agency’s human resource policies and procedures to recommend a course of action.

- Candidate will determine an initial course of action (within the company officer scope of authority), explain the course of action to the evaluator (acting as the member).
- The candidate will make appropriate verbal notification to the candidate’s next in line supervisor.
- The candidate will make written documentation to the candidate’s next in line supervisor.

**Skill Sheet #3, Human Resource Management**

*(NFPA 1021 4.2.3 (B), 4.4.2 (B))*

**Evaluator Directions**

This skill sheet evaluates the ability of the candidate to direct unit members during a training evolution, given a company training evolution and training policies and procedures, so that the evolution is performed in accordance with safety plans, efficiently, and as directed.

- The evaluator will present the candidate with a training topic.
- The training evolution must fit the following criteria:
  - The lesson plan / training evolution must be at least 2 hours in length
  - Must contain at least 2 cognitive objectives
  - Must contain at least 2 psychomotor objectives.
- The candidate will obtain or develop a training outline.
- The candidate will obtain or develop a lesson plan.
- The candidate will obtain or develop a class evaluation sheet
- The candidate will develop the outline, lesson plan and class evaluation *out of class*
- The candidate will then conduct a portion of the training evolution *in class* with the other students as participants.
  - The participants shall complete an evaluation of the training
  - The candidate will document training per their home agency’s training policy.

**Student (Candidate) Directions**

The candidate will assume the role of a company officer tasked with conducting training evolution for those under their command.

- The training topic will either be handed out by the evaluator, or the candidate shall be allowed to pick their own.
- The training evolution must fit the following criteria:
  - The lesson plan / training evolution must be at least 2 hours in length
  - Must contain at least 2 cognitive objectives
  - Must contain at least 2 psychomotor objectives.
- The candidate will obtain or develop a training outline.
- The candidate will obtain or develop a lesson plan.
- The candidate will obtain or develop a class evaluation sheet
- The candidate shall conduct a portion of the training *in class*.
  - The candidate will communicate verbal instructions to the simulated company, so that the evolution is safely and efficiently performed according to applicable policies and procedures.
  - The students who participate in the company training will be asked to evaluate the training.
The candidate will then complete a training record using their home agency’s training record policy.

Evaluator Directions
This skill sheet evaluates the ability of the candidate to explain the benefits of being physically and medically capable of performing assigned duties and effectively functioning during peak physical demand activities, given current fire service trends and agency policies, so that the need to participate in wellness and fitness programs is explained to members.

- The evaluator will direct the candidate to review national emergency service death and injury statistics prior to the role-playing exercise.
- The evaluator will direct the candidate to review their home agency’s health and safety policies and procedures.
- The evaluator will direct each candidate to research and identify at least one benefit of being physically and medically capable of performing assigned duties.
- The evaluator will direct each candidate to research the importance of participation in wellness and fitness programs and be able to explained this to other group members.
- In small groups, the candidates will report to their findings, and list out what they believe to be the most important health issue facing emergency services today.
- This exercise will be conducted in class.

Student (Candidate) Directions
Candidate will assume the role of company officer who has been tasked with researching health and safety trends in the fire service.

- The candidate will review national emergency service death and injury statistics.
- The candidate will review their home agency’s health and safety policies and procedures.
- The candidate will research and identify at least one benefit of being physically and medically capable of performing assigned duties.
- The candidate will research the importance of participation in wellness and fitness programs and be able to explained this to other group members.
- In small groups, the candidates will report to their findings, and list out what they believe to be the most important health issue facing emergency services today.

Skill Sheet #13, Emergency Service Delivery

(NFPA 1021 4.5.1 (B), 4.5.2 (B))

Evaluator Directions
This skill sheet evaluates the ability of the candidate to describe the procedures of the AHJ for conducting fire inspections, so that all hazards, including hazardous materials, are identified, approved forms are completed, and approved action initiated.

- The evaluator will stress to the candidate(s) that all information collected will be used in further skill sheets.
- The evaluator will direct the candidate to select one of the following occupancies to conduct a pre-incident plan:
  1. Assembly
  2. Educational
  3. Health care
  4. Detention and correctional
  5. Residential
  6. Mercantile
  7. Business
  8. Industrial
  9. Storage
  10. Unusual structures
  11. Mixed occupancies
- Evaluator will direct the candidate to conduct a site visit to the chosen occupancy and complete a pre-incident plan based on their home agency’s policies and procedures for pre-incident plans.
- The pre-incident plan must include at a minimum:
  - Owner/Contact Information
  - Detailed Drawing showing
    - Floor plan
    - Utilities
    - Fire protection / suppression system
  - Plot Plan (overhead view to include hydrant locations where applicable)
  - Construction Details (age of structure, construction type and features)
  - Known Hazards (Haz-Mat storage, HVAC on roof etc….)
- The evaluator will ensure that the candidate uses the appropriate codes and standards.
- The evaluator will direct the candidate to report back to the class their findings.
- Preparation and pre-planning documentation for this is to be completed out of class.
- Report of findings exercise is to be completed in class.

Student (Candidate) Directions
Candidate will assume the role of company officer who has been tasked creating a pre-incident plan for a specific occupancy.

- Candidate will select an occupancy from one of the approved occupancies listed above.
- Candidate visit the occupancy and complete a preplan based on their home agency’s policies and procedures for preplans.
- The Pre-incident plan must include:
  - Owner/Contact Information

Skill Sheet #14, Emergency Service Delivery

(NFPA 1021 4.2.2, (B), 4.6.1 (A, B), 4.6.2 (B))

Evaluator Directions

This skill sheet evaluates the ability of the candidate to develop an initial action plan, given size-up information for an incident and assigned emergency response resources, so that resources are deployed to control the emergency.

- The evaluator will direct the candidate to review the pre-incident plan they created in Skill Sheet #13.
- The evaluator will direct the candidate to develop and implement an initial action plan for an emergency incident scenario that occurs at the pre-planned occupancy.
- The evaluator will provide the candidate will a complete a written Incident Action Plan and will use the Practical Skills Form from the FOST certification program.
  - Grading of this section will be accomplished by using the evaluator form from the FOST certification
- The evaluator will ensure the candidate completes the following:
  - Able to size up and analyze emergency scene conditions
  - Appropriately allocate resources
  - Appropriately communicate verbally and in writing
  - Operate within the policies and procedures the of the candidate’s home emergency management system
  - Activate the candidate’s local emergency plan, including localized evacuation procedures?
  - Appropriately supervise and account of assigned personnel so that resources are effectively deployed to mitigate the situation.
- The evaluator will then ask the candidate to implement the plan completing the following:
  - Implement an action plan at an emergency operation, given assigned resources, type of incident, and a preliminary plan, so that resources are deployed to mitigate the situation.
  - The ability to manage scene safety
  - Supervise and account for assigned personnel under emergency conditions
  - Assign tasks or responsibilities to unit members, given an assignment at an emergency incident, so that the instructions are complete, clear, and concise; safety considerations are addressed; and the desired outcomes are conveyed.
  - Show the ability to condense instructions for frequently assigned unit tasks based on training and standard operating procedures
- This is to be completed during an in class session as a one on one scenario with a qualified evaluator.

Student (Candidate) Directions

Candidate will assume the role of company officer who will develop and implement an initial action plan for a given emergency incident scenario.

- The candidate will review the pre-incident plan they created in Skill Sheet #13.
The candidate is to develop and implement an initial action plan for an emergency incident scenario that occurs at the pre-planned occupancy.

The candidate will a written Incident Action Plan and will use the Practical Skills Form from the FOST certification program.

- Grading of this section will be accomplished by using the evaluator form from the FOST certification.

At a minimum, the candidate must show competency in the following:

- Able to size up and analyze emergency scene conditions
- Appropriately allocate resources
- Appropriately communicate verbally and in writing
- Operate within the policies and procedures of the candidate’s home emergency management system
- Activate the candidate’s local emergency plan, including localized evacuation procedures?
- Appropriately supervise and account for assigned personnel so that resources are effectively deployed to mitigate the situation.

The candidate will then implement their incident action plan completing the following:

- Implement an action plan at an emergency operation, given assigned resources, type of incident, and a preliminary plan, so that resources are deployed to mitigate the situation.
- The ability to manage scene safety
- Supervise and account for assigned personnel under emergency conditions
- Assign tasks or responsibilities to unit members, given an assignment at an emergency incident, so that the instructions are complete, clear, and concise; safety considerations are addressed; and the desired outcomes are conveyed.

Skill Sheet #15 – Emergency Service Delivery

(NFPA 1021 4.5.3 (B). 4.6.3 (A) (B))

Evaluator Directions
This skill sheet evaluates the ability of the candidate to assume the role of senior supervisor on scene, using the emergency scene from the previous section and will explain how they will determine fire cause, secure the scene and evidence. They will complete the required reports and demonstrate the proper procedure for calling an investigator. The Candidate will then develop and conduct a post-incident analysis, given a single unit incident and post-incident analysis policies, procedures, and forms, so that all required critical elements are identified and communicated, and the approved forms are completed and processed in accordance with policies and procedures.

- The evaluator will use the previous incident from Skill Sheet 14
- The evaluator will direct the candidate to assume the role of the senior supervisor and advise them to secure the incident scene.
  - The candidate is to demonstrate how they would secure the scene in such a fashion that no unauthorized persons can recognize the perimeters of the scene and are kept from restricted areas, and all evidence or potential evidence is protected from damage or destruction
- Once the scene has been secured, the evaluator will direct the candidate to conduct a brief “tail board” post-incident analysis using the candidate’s home agency’s proper policies and procedures.
- The evaluator will then direct the candidate to complete a more detailed review of the incident and create a written post-incident analysis:
  - Basic information on the fuel load of the occupancy
  - Basic water supply information
  - Basic fire growth and development information
- The evaluator will direct the candidate to report their findings to the class, as well as submit a written post-incident report
- Securing the scene portion will be completed in-class directly after completing Skill Sheet 14
- Initial “tail-board” post incident discussion should be conducted after securing the scene
- Written post incident analysis and report can be completed out-of-class

Student (Candidate) Directions
Candidate will assume the role of company officer who will assume the role of company officer supervising the first-due fire company at a structure fire. That company officer, acting as the senior supervisor on the scene will secure the incident for evidentiary purposes and conduct a post incident analysis.

- The candidate will use the previous incident from Skill Sheet 14
- The candidate will assume the role of the senior supervisor and secure the incident scene.
  - The candidate is to demonstrate how they would secure the scene in such a fashion that no unauthorized persons can recognize the perimeters of the scene and are kept from
restricted areas, and all evidence or potential evidence is protected from damage or destruction

Skill Sheet #16, Administration

(NFPA 1021 4.4.4, 4.4.4 (B), 4.4.5 (B))

Evaluator Directions
This skill sheet will evaluate the candidate’s ability to define their position within the department, identify the purpose and mission of their home agency, and interpret data and prepare a report for a superior

- The evaluator will direct the candidate to retrieve or create an organizational chart for their agency, as well as review the agency’s purpose and mission
- The evaluator will direct the candidate to collect the last three month’s response types and training topics from their home agency.
  - The candidate will analyze data from the last three month’s response types and training topics from their home agency.
  - The candidate will need to evaluate the types of responses and training topics to ensure they align.
- The evaluator will then ask the candidate to
  - Discuss the organizational chart; showing the candidate’s position within the organization,
  - Discuss the agencies purpose and mission; asking the candidate to discuss their role in fulfilling that purpose and mission.
  - Discuss the data analysis; asking to the candidate if the training topics align with the department’s incident responses
  - Convey to the evaluator the candidates thoughts on the need and benefit of collecting incident response data, given the goals and mission of the organization, so that incident response reports are timely and accurate
- The preparation is to be completed out of class
- The review of the organizational chart, agency purpose and mission, and data analysis will be conducted in class.

Student (Candidate) Directions
The candidate will assume the role of a company officer tasked with defining their position within the department, identifying the purpose and mission of their home agency, and interpreting data and prepare a report for a superior

- The candidate will retrieve or create an organizational chart for their agency, as well as review the agency’s purpose and mission
- The candidate will also collect the last three month’s response types and training topics from their home agency.
  - The candidate will analyze data from the last three month’s response types and training topics from their home agency.
  - The candidate will need to evaluate the types of responses and training topics to ensure they align.
- The candidate will then be required to discuss their findings.
