

# GRANTS MANAGEMENT

## **FY 22 Secured School Safety Grant application period coming soon!**

The Secured School Safety Grant (SSSG) application period will be opening in the next several weeks. Now is the time to verify account information to ensure the application process moves forward smoothly. Applicants are encouraged to check:

- State of Indiana Vendor/Supplier information. (Note: These terms are now used interchangeably within the state system)
- State of Indiana Bidder number
- IntelliGrants administrator and project manager account information is up to date

More information on completing these steps is available on the [IDHS Grants Management website](#). Organizations with questions or concerns, or need assistance creating an IntelliGrants system administrator account, are encouraged to submit an [IDHS Grants Management support ticket](#) for additional assistance.

### **Requirements effective this year impacting SSSG eligibility**

Indiana Department of Homeland Security reminds you of some important factors to consider that impact your eligibility. To be eligible to apply for the SSSG grant, schools will have to certify two critical elements new in the application for this cycle:

1. *Has your school or corporation conducted a threat assessment to comply with [Ind. Code 10-21-1-5\(c\)](#)?*
2. *Has your school or corporation completed a memorandum of understanding in place with a community mental health or behavior health center or does your school/corporation employ a certified or licensed provider pursuant to [Ind. Code 10-21-1-5\(d\)](#)?*

Indiana law requires the two above requirements must be met by July 1, 2021, to make an applicant eligible to apply for SSSG funding. Failure to meet these requirements will prevent a school from proceeding through the application process in IntelliGrants. Important guidance documents can be found on the [IDHS website](#).

### **ADM Calculation**

Regardless of how many days your school conducted in-person instruction, the FY22 SSSG will follow the same process as the Indiana Department of Education in determining ADM. Your ADM as determined by IDOE will be considered the same in your FY22 SSSG grant application.
