

Attachment #7

CHEST PAIN – ADULT

All patients complaining of chest pain should be treated as having a myocardial infarction, unless other signs indicate pain is obviously from another origin.

BLS

- A. Administer oxygen if necessary (hypoxia at or below 93% or complaint of shortness of breath.) (1)
- B. If pain is suspected to be cardiac in origin and if no significant allergy to aspirin exists, administer 324 mg aspirin PO and have the patient chew them. (2)
- C. Request ALS if not already in route. If the BLS crew is able to deliver the patients to an emergency room within the same time it would take for the ALS crew to respond to the scene, the BLS crew should transport the patient.
- D. Acquisition and transmission of 12 lead EKG for interpretation by other qualified healthcare provider.
- E. If systolic BP is at or above 90 mm Hg and the patients has their own nitroglycerin prescription, assist the patient with taking one dose of his/her nitroglycerin. Nitroglycerine may be administered up to 3 times (every 3-5 minutes) as long as pain is not completely resolved and systolic BP remains above 90 mm Hg. (3)
- F. Additional nitroglycerine may be given (beyond the 3 doses) with on-line approval from the receiving facility.
- G. Contact receiving facility for further consultation if ALS is not on the scene. Initiate transport.

ALS

- 1. Apply the cardiac monitor. If dysrhythmias are present, treat per your local *appropriate protocol*. Obtain a 12-lead EKG as soon as possible (goal: 5 minutes from first patient contact), and with any significant change in patient conditions. (4)
 - a. Time permitting, repeat the 12-lead EKG and present both with patient.
 - b. If the patient's 12-lead EKG demonstrates an acute inferior STEMI, consider obtaining another 12-lead with V4R.
- 2. If systolic BP is at or above 90 mm Hg, administer a 0.4 mg dose of nitroglycerin sublingually. Nitroglycerin may be administered every 3-5 minutes as long as pain is not completely resolved and systolic BP remains at or above 90. (3)
- 3. Initiate an IV (IV may be started in route – do not delay transport.)
- 4. Scene time should be kept to a minimum, as this is a time-critical condition. Contact the intended receiving facility and alert them of a potential myocardial infarction. (Medical Alert). Transmit the EKG to the receiving facility if capabilities exist.

STEMI (ST Segment Elevation Myocardial Infarction) Special Care

Patients with a STEMI or patients with chest pain thought to be due to myocardial ischemia removal of LBBB / FIND SUPPORTING STUDY will be transported to a receiving facility with a cardiac catheterization laboratory (cath lab) available.

5. Call the intended receiving facility as early as possible to activate the cath lab process. Inform the receiving facility that you are bringing in a "STEMI Alert".
 - a. Patients who are hemodynamically stable will be transported to an appropriate hospital of their choice.
 - b. Patients who are hypotensive (systolic BP < 90 mm Hg) despite fluids or who have persistent life-threatening dysrhythmias will be transported to the closest hospital with cath lab availability.
 - c. Current cath lab availability for central Indiana will be displayed on the IndyTrac System. Consult your local facilities for availability.
 - d. If transport time to an available cath lab is in excess of 45 minutes, consider calling for air medical transport and rendezvous with the helicopter for rapid air medical evacuation. (7)
6. Consider Remote Ischemic Conditioning (RIC). Inform patient of treatment course. (6)
 - a. After initial BP obtained, inflate cuff to 200 mm Hg or 25 mm Hg above systolic BP and hold for 5 minutes.
 - b. Deflate, while obtaining repeat BP, for 5 minutes.
 1. Repeat this cycle up to 4 times total.

The combination of nitroglycerin and Viagra[®], Revatio[®] (sildenafil), Levitra[®] (vardenafil), or Cialis[®] (tadalafil) have been found to cause precipitous and irreversible hypotension.

Ask every chest pain patients whether or not he/she has been on Viagra, etc. and, if so, when was the last dose? Document this on every run sheet involving the cardiac chest pain patient even those who deny using Viagra or similar medications).

DO NOT automatically administer nitroglycerin to any patient who has had Viagra, etc. within the past week. Consult with the receiving physician for appropriateness.

Monitor blood pressure very closely on any patient receiving nitroglycerin.

To Whom It May Concern:

North East Regional Providers of Indiana is a long standing committee of EMS Leaders in northern Indiana. Our membership includes EMS leaders in all of IDHS District 3 and many neighboring counties. The mission is simple; to improve interoperability and operations between responders and health systems.

We, the attached members of the North East Regional Providers of Indiana are requesting that the Indiana State EMS Commission actively pursue the adoption of the Mark King Initiative enacted by the National Registry for the State of Indiana.

This initiative allows former Nationally Certified EMS providers to regain their National EMS Certification. We feel that this program may encourage former EMS Providers to seek reentry into the EMS profession and help with staff shortages throughout our region and potentially other areas of the state.

Respectfully Submitted,

Bryan Grogg- Director of Dekalb EMS
Tom Shoemaker-Director of Parkview Noble EMS
Duane Ginder- Director of Parkview Whitley EMS
Carla Gebert-Director of Parkview Huntington
Bruce Coney-Parkview Lagrange EMS
Jay Curry -Parkview Samaritan
Brent Steffen-Manager Flight/EMS Parkview Samaritan
Scott Sigerfoos-Lutheran EMS Kosciusko
Ron Burns-Adams County EMS Director
Rick Piepenbrink-Director of Wells County EMS
Randy Auker- Director of Operations for Three Rivers Ambulance Authority
Greg Engle-Lutheran Air / Ground Clinical Coordinator
Patrick Unger-Exe. Director of Transport, Lutheran Air / Ground / EMS
Doug Call-Assistant Chief Fort Wayne Fire Department
Mike Brown- District Chief of EMS Fort Wayne Fire Department
Randy Samuels-FWFD EMS Coordinator
Paul Von Bank-Huntington Township Fire Chief

Subject: POST DATA - as of 2/12/2016
Attachments: POST_COMPLETED_(2.12.2016).xlsx

QUICK SUMMARY: Improvement shown from last report → 705 LESS personnel without POST, which have at least one EMS certification.

POTENTIAL FOCUS: See BANG-FOR-YOUR-BUCK analysis below.

File Attached with PSID/ORG/EMAIL details.

- **POST DATA - 02/12/2016**

- TOTAL PERSONS WHO HAVE **ACTIVE (ACTIVE)** EMS CERT, BUT NOT POST – **1469**
- TOTAL PERSONS WHO HAVE **PROBATION (ACTIVE)** EMS CERT, BUT NOT POST – **9**
- TOTAL PERSONS WHO HAVE **INACTIVE (INACTIVE)** EMS CERT, BUT NOT POST – **5**
- TOTAL PERSONS WHO HAVE **SUSPENDED (INACTIVE)** EMS CERT, BUT NOT POST – **1**
 - **GRAND TOTAL -> 1483**

NOTE: **71** of the **1483** persons do NOT have an email addresses in Acadis.

BREAKDOWN OF DATA BY CERT TYPE (ACTIVE CERTS ONLY) *(Based on their highest level active cert)*

- EMS – PAREMEDIC: **153**
- EMS – AEMT: **11**
- EMS – EMT: **858**
- EMS – EMR: **446**

BREAKDOWN OF PRIMARY ORGS OF THESE PERSONS (ACTIVE CERTS ONLY)

- PERSONS WITH NO PRIMARY ORG ON THEIR RECORD – **554**
- # of individual organizations set as primary employment for these persons – **~485**
 - ~ **320** Fire
 - ~ **40** Police or Sheriff
 - ~ **90** EMS services
 - ~ **35** Other
 -

"BANG-FOR-YOUR-BUCK" analysis

ORGS with 9 or more individuals without POST. **(ACTIVE CERTS ONLY)**

- **136** persons within this org list below, contain **%9.2** of all persons without POST
 - IFD – **57**
 - Yellow Ambulance Service – **21**

- New Albany FD – 12
- Kokomo FD – 10
- East Chicago FD – 9
- Air Evac Lifeteam #46 (Evansville) – 9
- Pike TWP FD – 9
- Indiana University – 9

Attempted the exam: Number of graduates that make at least one attempt at the exam.

First attempt pass: Number and percent of those who attempt the exam that pass on the first attempt.

Cumulative pass within 3 attempts: Number and percent of those who attempt the exam who pass on the first, second, or third attempt.

Cumulative pass within 6 attempts: Number and percent of those who attempt the exam who pass on the first, second, third, fourth, fifth, or sixth attempt.

Failed all 6 attempts: Number and percent of those who fail the exam six times.

Eligible for retest: Number and percent of those who failed their last attempt, but remain eligible for retest (less than six attempts, less than two years from course completion.)

Did not complete within 2 years: Number and percent of those who fail their last attempt and are no longer eligible for retest (more than two years from course completion.)

Pass/Fail Report

Report Date: 2/16/2016 10:55:20 AM
Report Type: Program Report (IN)
Registration Level: Advanced EMT (AEMT)
Course Completion Date: 1st Quarter 2013 to 1st Quarter 2016
Training Program: All

Attempted the exam: Number of graduates that make at least one attempt at the exam.

First attempt pass: Number and percent of those who attempt the exam that pass on the first attempt.

Cumulative pass within 3 attempts: Number and percent of those who attempt the exam who pass on the first, second, or third attempt.

Cumulative pass within 6 attempts: Number and percent of those who attempt the exam who pass on the first, second, third, fourth, fifth, or sixth attempt.

Failed all 6 attempts: Number and percent of those who fail the exam six times.

Eligible for retest: Number and percent of those who failed their last attempt, but remain eligible for retest (less than six attempts, less than two years from course completion.)

Did not complete within 2 years: Number and percent of those who fail their last attempt and are no longer eligible for retest (more than two years from course completion.)

Attempted the exam: Number of graduates that make at least one attempt at the exam.

First attempt pass: Number and percent of those who attempt the exam that pass on the first attempt.

Cumulative pass within 3 attempts: Number and percent of those who attempt the exam who pass on the first, second, or third attempt.

Cumulative pass within 6 attempts: Number and percent of those who attempt the exam who pass on the first, second, third, fourth, fifth, or sixth attempt.

Failed all 6 attempts: Number and percent of those who fail the exam six times.

Eligible for retest: Number and percent of those who failed their last attempt, but remain eligible for retest (less than six attempts, less than two years from course completion.)

Did not complete within 2 years: Number and percent of those who fail their last attempt and are no longer eligible for retest (more than two years from course completion.)

Attempted the exam: Number of graduates that make at least one attempt at the exam.

First attempt pass: Number and percent of those who attempt the exam that pass on the first attempt.

Cumulative pass within 3 attempts: Number and percent of those who attempt the exam who pass on the first, second, or third attempt.

Cumulative pass within 6 attempts: Number and percent of those who attempt the exam who pass on the first, second, third, fourth, fifth, or sixth attempt.

Failed all 6 attempts: Number and percent of those who fail the exam six times.

Eligible for retest: Number and percent of those who failed their last attempt, but remain eligible for retest (less than six attempts, less than two years from course completion.)

Did not complete within 2 years: Number and percent of those who fail their last attempt and are no longer eligible for retest (more than two years from course completion.)
