

DIVISION OF RESPONSE AND RECOVERY

Please see the attached SBA disaster assistance news release (English and Spanish) for Indiana due to the Coronavirus disaster declaration. The U.S. Small Business Administration is offering low-interest federal disaster loans for working capital to **Indiana** small businesses suffering substantial economic injury as a result of the Coronavirus (COVID-19), SBA Administrator Jovita Carranza announced today. SBA acted under its own authority, as provided by the Coronavirus Preparedness and Response Supplemental Appropriations Act that was recently signed by the President, to declare a disaster following a request received from Gov. Eric J. Holcomb on March 17, 2020.

The disaster declaration makes SBA assistance available in the entire state of **Indiana**; and the contiguous counties of Clark, Cook, Crawford, Edgar, Gallatin, Iroquois, Kankakee, Lawrence, Vermilion, Wabash, White and Will in **Illinois**; Boone, Breckinridge, Carroll, Daviess, Gallatin, Hancock, Hardin, Henderson, Jefferson, Meade, Oldham, Trimble and Union in **Kentucky**; Berrien, Branch, Cass, Hillsdale and Saint Joseph in **Michigan**; and Butler, Darke, Defiance, Hamilton, Mercer, Paulding, Preble, Van Wert and Williams in **Ohio**.

“SBA is strongly committed to providing the most effective and customer-focused response possible to assist **Indiana** small businesses with federal disaster loans. We will be swift in our efforts to help these small businesses recover from the financial impacts of the Coronavirus (COVID-19),” said Administrator Carranza.

SBA Customer Service Representatives will be available to answer questions about SBA’s Economic Injury Disaster Loan program and explain the application process.

“Small businesses, private non-profit organizations of any size, small agricultural cooperatives and small aquaculture enterprises that have been financially impacted as a direct result of the Coronavirus (COVID-19) since Jan. 31, 2020, may qualify for Economic Injury Disaster Loans of up to \$2 million to help meet financial obligations and operating expenses which could have been met had the disaster not occurred,” said Carranza.

“These loans may be used to pay fixed debts, payroll, accounts payable and other bills that can’t be paid because of the disaster’s impact. Disaster loans can provide vital economic assistance to small businesses to help overcome the temporary loss of revenue they are experiencing,” Carranza added.

Eligibility for Economic Injury Disaster Loans is based on the financial impact of the Coronavirus (COVID-19). The interest rate is 3.75 percent for small businesses. The interest rate for private non-profit organizations is 2.75 percent. SBA offers loans with long-term repayments in order to keep payments affordable, up to a maximum of 30 years and are available to entities without the financial ability to offset the adverse impact without hardship.
