To Whom It May Concern,

I am requesting to receive the Fire Officer III certification from the Indiana Department of Homeland Security through the variance process. I have a deep desire and drive to grow and continue growing professionally and personally. In late 2015, at 46 years old, I made the determination to continue my education by starting the coursework to obtain my bachelor's degree. It had always been a goal, however, I had previously believed that I had reached a place in my career (with 20 years on the job) that I had peaked and was finishing my career. At that time I came to the realization that I had plenty more to offer and obtained my degree in May of 2017. I then immediately started the process of achieving my next goal, applying to attend the National Fire Academy, Executive Fire Officer Program. I received confirmation in August of 2017 that I was accepted into the program and was scheduled to attend in July of 2018. My next step in my own professional growth will be to work toward achieving a Master's Degree in fire administration. I feel that attaining these goals not only aid my professional growth, they also help me personally. I feel that achieving my goals professionally gives me the drive to give and be stronger personally. One example on a very personal aspect is that by working toward and completing my college degree my high school aged children have seen my determination to achieve a goal and have realized that they can accomplish anything that they would set their minds to accomplish.

I believe, based on my years of service, education along with over 10 years as fire chief, that I am a good candidate to receive this certification through the variance process. I greatly appreciate your consideration in granting me this certification.

Respectfully,

James C. Roberts III

To whom it may concern,

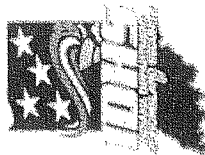

It is an honor and a pleasure to recommend Chief James Roberts to receive the Indiana Department of Homeland Security Fire Officer III certification. I have closely followed Chief Roberts's success as the City of Greenfield's Fire Chief, and believe he is deserving of this certification. I have known Chief Roberts for many years and have seen him grow into an outstanding individual, a committed leader, and a caring and compassionate gentleman, all attributes that fit well into this certification.

Chief's commitment to making a difference in the lives of others is indicative of who he is, and an excellent example for others to follow. This is evident in his dedication to professional and personal growth seen when he achieved his Bachelors Degree. Chief Roberts has demonstrated outstanding proficiency in every aspect of his position throughout his 24 years of service and 10 years as our city's Fire Chief. Chief Roberts will no doubt uphold the standards of this certification.

Again, it is an honor and a pleasure to recommend Fire Chief James Roberts for the Fire Officer III certification. Thank you.

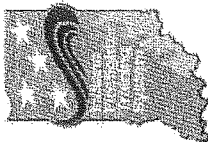

Sincerely,

Chuck Fewell, Mayor
