- May 30th, 2024, Knox Fire Dept. 101 W Washington St. Knox IN
- August 22nd, 2024, Osolo Township Fire Dept. 24936 Buddy St Elkhart IN
- November 21st, 2024, Pierceton Fire Dept. 320 S First St. Pierceton IN

All meetings will be from 7 p.m. – 9 p.m. EST.

Class Description & Information

2024 District 2 Training Council Meetings & Adult Education sessions.

Each date will have one (1) hour of continuing education for Instructors and a Training Committee Meeting with networking opportunities.

2024 DISTRICT 5 TRAINING COUNCIL MEETING & INSTRUCTOR CE

DATE & LOCATION

- May 14th, 2024
- October 8th, 2024
- 9 am – 11 am EST
- 1610 Reeves Rd.
Plainfield, IN. 46168

CLASS DESCRIPTION & INFORMATION

The first hour of the meeting will be instructor continuing education – teaching the adult learner. This will count toward your instructor re-certification hours.

The second hour will be a meeting to discuss training in the district and develop next year's training plan. If you are an instructor and want to be involved in developing the training needs for your department and county, please attend and bring your training needs for next year.

APRIL

VEHICLE/BUS EXTRICATION SKILLS DAY- DISTRICT 1

DATE & LOCATION

4/27 and 4/28

8a-4p each day

MAAC- Valparaiso

CLASS DESCRIPTION & INFORMATION

Indiana District 1 Fire Training and the MAAC will be putting on a two-day extrication class focusing on bus operations and Indiana vehicle extrication technician skills. The skills will be based on IFSTA Principles of Extrication, 4th ed, with a couple of others thrown in. PPE will be mandatory and will consist of helmet, eye protection, foot protection (steel toe boots), long sleeve shirt and long pants (cut and fire resistant), and hand protection (gloves). Bunker gear or extrication gear will be acceptable. No shorts or short sleeve shirts will be allowed. **This class is a non-certification class; skills only**

This is a NO COST CLASS and an excellent opportunity to learn about cutting on busses. Please sign up here so we can get an accurate count of students.

Register Here: https://on.in.gov/District_1_Extrication_Skills_April2024

DRIVER OPERATOR PUMPER (DISTRICT 7) DOP220216

DATES & LOCATION

- April 28th: 9 a.m. – 5 p.m.
- April 30th: 6 p.m. – 10 p.m.
- May 4th: 9 a.m. – 5 p.m.
- May 6th: 6 p.m. – 10 p.m.
- May 18th: 9 a.m. – 5 p.m.
- Bainbridge Volunteer Fire Department
500 Pat Rady Way
Bainbridge, IN 46105

CLASS DESCRIPTION & INFORMATION

This course is designed for the fire fighter who wishes to advance to the next level of his/her career. The course is designed around classroom lectures and field evolutions covering such activities as relay pumping, foam operations, apparatus maintenance, and driving. Upon successful completion of this course, you will be able to operate a fire department pumper during emergency situations.

Prerequisites for this course: Valid Driver License, 18 years of age, Indiana Resident or an active member of an Indiana Fire Department, and engaged in: Fire Suppression, Fire Code Enforcement, Fire Education, teaching fire science, or fire investigation. Also have driver operator general certification.

COMPREHENSIVE CYBERSECURITY DEFENSE (CCD) PER-256

DATE & LOCATION

May 06-09, 2024 | 8 a.m. – 5 p.m. CST | IKORCC Carpenter's Union Administration Building
1560 East 70th Court
Merrillville, IN 46410

COURSE DESCRIPTION

CFR focuses on emergency response to a cyber-attack that has crippled or disabled critical cyber-infrastructure. CFR combines instructor led classroom lecture with hands-on computer lab applications to prepare first responders to effectively counter a cyber-attack and restore critical infrastructure as quickly and efficiently as possible. Course participants are trained to use cyberterrorism response tools against real world simulated cyber-attacks and learn the proper steps of incident response to include incident assessment, detection and analysis, and the containing, eradicating, and recovering process from a system or network-based attack.

For full information and to register, search “20240506” on Acadis Portal.

L0103 Planning: Emergency Operations

DATE & LOCATION

- May 08 – 09, 2024 | 8 am – 5 pm EST

Jefferson County EMA
620 Green Road
Madison, IN 47250

COURSE DESCRIPTION

This course is designed to give basic concepts and planning steps to those new to the field of emergency management so that they may apply planning discipline and skills to challenges in their jobs. The course content includes Emergency Management Planning doctrine and steps to take to accomplish writing plans and using them to deal with special events, which are common challenges for all jurisdictions.

The content also derives from the Comprehensive Preparedness Guide 101, Developing and Maintaining State, Territorial, Tribal and Local Government Emergency Plans, and its six-step planning process and inclusive whole community philosophy. Likewise, doctrine from the Comprehensive Preparedness Guide 201, Threat and Hazard Identification and Risk Assessment (THIRA), is included in the course. Special event planning is then explained in the course, and table group activities to analyze plans for special events are conducted.

For full information and to register, search “20240508” on Acadis Portal.

This course is a part of the FEMA Basic Academy curriculum.

MGT-384 COMMUNITY PREPAREDNESS FOR CYBER INCIDENTS

DATE & LOCATION

May 08, 2024
8:00 a.m. – 5 p.m. EST

May 09, 2024
8:00 a.m. – 5:00 p.m. EST

MADE
1610 Reeves Road
Plainfield, IN 46168

COURSE DESCRIPTION

This non-technical course is designed to develop community leaders, managers, and stakeholders to prepare communities for cyber incidents by identifying protection, response and recovery strategies for cyber incidents that can be implemented in the community. The course utilizes a team approach to capitalize on the synergy of traditional emergency response organizations, local and state government, military, and public and private operators of critical infrastructure, to accomplish this training.

For full information and to register, search "20240508" on Acadis Portal.

MGT-439 PEDIATRIC DISASTER RESPONSE AND EMERGENCY PREPAREDNESS

DATE & LOCATION

- May 13 & 14, 2024 | 8 a.m. – 5 p.m. EST | Parkview Education Center: 1919 W Cook Road
Fort Wayne, IN 46845

COURSE DESCRIPTION

This course prepares students to effectively, appropriately, and safely plan for and respond to a disaster incident involving children, addressing the specific needs of pediatric patients in the event of a community-based incident. Pediatric specific planning considerations include mass sheltering, pediatric-triage, reunification planning and pediatric decontamination considerations. This is not a hand-on technical course, but instead a management resource course for stakeholders like pediatric physicians, emergency managers, emergency planners and members of public emergency departments like EMS, Fire, Police, Public Health, and Hospitals in field of disaster response and preparedness work.

For full information and to register, search “20240513” on Acadis Portal.

ICS 300: INTERMEDIATE ICS FOR EXPANDING INCIDENTS

DATE & LOCATION

- May 20- 22, 2024 | 8 a.m. – 5 p.m. EST | **Morgan County Emergency Management Agency**
1050 Lincoln Hill Road
Martinsville, IN 46151

COURSE DESCRIPTION

This course provides training on and resources for personnel who require advanced application of the Incident Command System (ICS). The target audience for this course is for individuals who may assume a supervisory role in expanding incidents or Type 3 incidents. These incidents may extend into multiple operational periods. This course expands upon information covered in the ICS-100 and ICS-200 courses. This course will include but not be limited to: unified command, incident/event assessment and objective development, the ICS planning process, incident/event resource management, transfer of command and demobilization.

OBJECTIVES: • Describe how the NIMS Command and Management component supports the management of expanding incidents. • Describe the incident/event management process for supervisors and expanding incidents as prescribed by the Incident Command System (ICS). • Implement the incident management process on a simulated Type 3 incident. • Develop an Incident Action Plan for a simulated incident.

ICS 400: ADVANCED ICS COMMAND & GENERAL STAFF

DATE & LOCATION

- May 23- 24, 2024 | 8 a.m. – 5 p.m. EST | **Morgan County Emergency Management Agency
1050 Lincoln Hill Road
Martinsville, IN 46151**

COURSE DESCRIPTION

This course provides training and resources for personnel who require advanced application of the ICS. This course expands upon information covered in IS-100 through IS-800 and ICS 300 courses. These earlier courses are prerequisites for ICS-400.

Course Objectives

- Explain how major incidents engender special management challenges.
- Describe the circumstances in which an Area Command is established.
- Describe the circumstances in which Multi-Agency Coordination Systems are established.

For full information and to register, search “20240523” on Acadis Portal.

THREAT AND RISK ASSESSMENT (MGT-310)

DATE & LOCATION

• May 29 - 30, 2024 | 8 a.m. – 5 p.m. EST | MADE 1610 Reeves Road Plainfield, IN 46168

COURSE DESCRIPTION

The purpose of this course is to prepare participants to conduct a Jurisdictional Threat and Hazard Identification and Risk Assessment (THIRA). Participants will identify threats and hazards of jurisdictional concern, give those threats and hazards context, establish capability targets, and determine how to apply the THIRA results

Course Objectives

- Summarize the Threat and Hazard Identification and Risk Assessment process.
- Identify jurisdictional threats and hazards.
- Write threat and hazard context descriptions.
- Write core capability target statements.
- Apply Threat and Hazard Identification and Risk Assessment results to resource allocation and preparedness activities.
- Produce a sample Threat and Hazard Identification and Risk Assessment

For full information and to register, search “20240529” on Acadis Portal.

This is a dual registration course. Students will need to also register with TEEX.

ICS 300: INTERMEDIATE ICS FOR EXPANDING INCIDENTS

DATE & LOCATION

- May 29 - 31, 2024 | 8 a.m. – 5 p.m. EST | Steuben County Community Center
317 S. Wayne Street
Angola, IN 46703

COURSE DESCRIPTION

This course provides training on and resources for personnel who require advanced application of the Incident Command System (ICS). The target audience for this course is for individuals who may assume a supervisory role in expanding incidents or Type 3 incidents. These incidents may extend into multiple operational periods. This course expands upon information covered in the ICS-100 and ICS-200 courses. This course will include but not be limited to unified command, incident/event assessment and objective development, the ICS planning process, incident/event resource management, transfer of command and demobilization.

For full information and to register, search “20240529” on Acadis Portal.

JUNE

EXECUTIVE SKILL SERIES: EXERCISING LEADERSHIP ETHICALLY

National Fire Academy Course

Course Description:

This two-day course provides students with the ability to recognize ethical dilemmas in the context of their environments, apply a decision model to resolve these dilemmas, render ethical decisions, and defend under scrutiny the resulting decisions that were made in an effort to resolve these dilemmas.

The scope of this course is to provide a developmental education experience for those in positions of authority who regularly must make decisions when the choice of decisions is difficult because of the gray area that separates the issue in question from right or wrong. It also involves challenges that may involve risk, and there may be "casualties". This course is about how to act, behave, or decide where there is no content clarity, legal precedent or procedure, or no opportunity to exercise leadership.

Course Information:

Location: @MADE of Plainfield

1600 Reeves Road

Plainfield, Indiana 46168

Dates: June 1 & 2nd 2024

Time: 8:00 am – 5:00 pm on both days * Must attend both days

Cost: FREE

The class is funded in partnership with the National Fire Academy and Indiana Fire & Public Safety Academy funds.

MGT-452 PHYSICAL AND CYBERSECURITY FOR CRITICAL INFRASTRUCTURE

DATE & LOCATION

June 05, 2024 | 8 a.m. – 5 p.m. EST | MADE 1610 Reeves Road Plainfield, IN 46168

COURSE DESCRIPTION

The purpose of this course is to increase collaborative efforts among and between individuals and organizations responsible for both physical and cybersecurity toward development of integrated risk management strategies that lead to enhanced capabilities necessary for the protection of our Nation's critical infrastructure. The course identifies physical and cybersecurity concerns impacting overall infrastructure security posture, examines integrated physical and cybersecurity incidents and the evolving risks and impacts they pose to critical infrastructure, and introduces key concepts and resources that can be applied to improve security within an organization, business, or government entity.

ICS 400: ADVANCED ICS COMMAND & GENERAL STAFF

DATE & LOCATION

- June 06 - 07, 2024 | 8 a.m. – 5 p.m. EST | Steuben County Community Center
317 S. Wayne Street
Angola, IN 46703

COURSE DESCRIPTION

This course provides training on and resources for personnel who require advanced application of the Incident Command System (ICS). The target audience for this course is senior personnel who are expected to perform in a management capacity in an Area Command or Multi-agency Coordination Entity. This course expands upon information covered in ICS-100 through ICS-300 courses. This course will include but not be limited to major and/or complex incident/event management, area command, and multi-agency coordination.

MGT-439 PEDIATRIC DISASTER RESPONSE AND EMERGENCY PREPAREDNESS

DATE & LOCATION

- June 17 & 18, 2024 | 8 a.m. – 5 p.m. EST | Riley Outpatient Center - Riley Hospital for Children
705 Riley Hospital Drive
Indianapolis, IN 46202

COURSE DESCRIPTION

This course prepares students to effectively, appropriately, and safely plan for and respond to a disaster incident involving children, addressing the specific needs of pediatric patients in the event of a community-based incident. Pediatric specific planning considerations include mass sheltering, pediatric triage, reunification planning and pediatric decontamination considerations. This is not a hands-on technical course, but instead a management resource course for stakeholders like pediatric physicians, emergency managers, emergency planners and members of public emergency departments like EMS, Fire, Police, Public Health, and Hospitals in field of disaster response and preparedness work.

For full information and to register, search “20240617” on Acadis Portal.

This is a dual registration course. Students will need to also register with TEEX.

EXECUTIVE SKILL SERIES: EXERCISING LEADERSHIP THROUGH DIFFICULT CONVERSATIONS

National Fire Academy Course

Course Description:

The primary target audience is fire and emergency service personnel in positions of authority.

The purpose of this two-day course is to provide knowledge and skills for having difficult conversations to exercise leadership in addressing adaptive challenges. The goal of this course is for the participant to identify and apply skills for having difficult conversations as they relate to exercising leadership when addressing adaptive challenges.

The primary target audience is fire and emergency service personnel in positions of authority (executive-level officers) who have an opportunity to exercise leadership.

Course Information:

Location: @MADE of Plainfield

1600 Reeves Road

MGT-340 CRISIS LEADERSHIP

DATE & LOCATION

July 10, 2024 | 8 a.m. – 12:00 p.m. EST | MADE 1610 Reeves Road Plainfield, IN 46168

COURSE DESCRIPTION

The Crisis Leadership seminar is an executive-level presentation for the nation's senior officials at the city, county, region, territory, tribal, and state levels. Seminar participants will discuss strategic- and executive-level issues and challenges related to preparing for, responding to, and recovering from a catastrophic incident. The venue provides an excellent opportunity to share proven strategies and practices and apply lessons-learned from past natural, technological, and human-caused disasters.

The seminar is a facilitated, free-flowing discussion of the stresses of crisis leadership and decision-making gained from an examination of a selected case study of a catastrophic event. The seminar uses the case study to frame the discussion on ways to overcome leadership challenges before, during and after an incident. The final outcome of the seminar is the development of individual and/or jurisdictional action plans to guide improvement of emergency preparedness, response and recovery actions.

MGT-346: Emergency Operations Center (EOC) Operations and Planning for All-Hazards Events

DATE & LOCATION

August 6 & 7, 2024 | 0800 -1700 EST | MADE 1610 Reeves Road Plainfield, IN 46168

COURSE DESCRIPTION

This course provides personnel who could be assigned to or work in an Emergency Operations Center (EOC) the skills necessary to effectively plan for and manage a large-scale incident by applying and implementing an all-hazards, multi-disciplinary, management team approach. The course places specific emphasis on the planning, resource, and information management processes.

The course focuses on the key decision-making requirements within the Emergency Operations Center. The jurisdictional team will learn from the effects of incident decisions while working in an EOC using a simulated, notional jurisdiction as they respond to the final days exercise.

PER-213 WIDE AREA SEARCH

DATE & LOCATION

- August 09 - 11, 2024 | 8 a.m. – 5 p.m. EST | Steuben County Events Center 100 LN 101B
Crooked Lake
Angola, IN 46703

COURSE DESCRIPTION

When disaster strikes, it can be a challenge to effectively mobilize, organize, and deploy resources needed to perform wide area searches. This course is an excellent training opportunity for any jurisdiction or agency that may face such an emergency. The course content applies to a vast number of critical situations, including natural disasters or terrorist incidents.

You will be instructed in practical search methods and skills so you can perform systematic searches over a large, affected area. The training will include challenging exercises that mirror real life scenarios. The three-day long event will conclude with an in-depth exercise that requires participants to utilize the skills gained during the course by working through an incident from start to finish in a single operational period.

The trainers delivering the course are knowledgeable, they are experienced emergency responders who have actively utilized wide area search techniques during some of the nation's largest and most challenging operations, such as Hurricanes Katrina, Ike, Gustav, and Rita; the Space Shuttle Columbia recovery operation; and many other incidents that required the same comprehensive strategies.

This is a dual registration course. Students will also need to register with TEEEX as well as on Acadis.

For full information and to register, search “20240809” on Acadis Portal.

AWR-232 MASS FATALITIES PLANNING & RESPONSE FOR RURAL COMMUNITIES

DATE & LOCATION

- August 14, 2024 | 8 a.m. – 5 p.m. EST | **Whitley County Government Center
220 W Van Buren Street
Columbia City, IN 46725**

COURSE DESCRIPTION

This awareness-level course will teach rural and tribal participants the basics of mass fatality response while providing them with opportunities to exchange rural and tribal perceptions and brainstorm for solutions to simulated emergencies. In the course of six modules, delivered over an eight-hour period, participants will learn how to identify critical resources necessary for identified functions, develop strategies for responding to unique challenges of mass fatalities incidents, implement forums for partnerships with key community, regional, state, and federal stakeholders for effective response and community recovery, and identify the components that comprise a comprehensive community-wide mass fatalities incident response plan. Upon completion of this instructor-led course, participants will benefit from an increased awareness of morgue operations and human remains recovery operations, and an enhanced ability to plan for the unique challenges of mass fatality incidents in rural and tribal communities.

For full information and to register, search “20240814” on Acadis Portal.

This is a dual registration course. Students will also need to register with RDPC.

PUBLIC SAFETY LEADERSHIP ACADEMY – LAFAYETTE, IN

DATE & LOCATION

- August 20-22, 2024 (Block 100) & September 10-12, 2024 (Block 200)
- 8 a.m. – 4:30 p.m. (Est.)
- Public Safety Center (2nd Floor)
- 601 Columbus Street
Lafayette, IN 47901

CLASS DESCRIPTION & INFORMATION

This leadership course is an all-discipline inclusive training that strives to foster and advance Indiana's public safety leadership. This course will help students develop comprehension tools, methodology, and leadership skills that are necessary to lead today's emergency services. Students will develop a better understanding of different leadership styles, the differences between management and leadership, advanced communication techniques, and many other professional skills. These skills will not only improve the student's work environment but also the quality of service provided to their customers (i.e., the community).

There is no cost to attend this course.

Students must have a State Issued PSID number. Registration for course is in the ACADIS portal, search for the keywords "public safety leadership development".

Course Numbers: PSLD1-220020 (Block 100) & PSLD2-220028 (Block 200)

CYBERSECURITY FIRST RESPONDER (CFR) PER-257

DATE & LOCATION

November 04 - 07, 2024 | 8 a.m. – 5 p.m. CST | IKORCC Carpenter's Union Administration Building
1560 East 70th Court
Merrillville, IN 46410

COURSE DESCRIPTION

CFR focuses on emergency response to a cyber-attack that has crippled or disabled critical cyber-infrastructure. CFR combines instructor led classroom lecture with hands-on computer lab applications to prepare first responders to effectively counter a cyber-attack and restore critical infrastructure as quickly and efficiently as possible. Course participants are trained to use cyberterrorism response tools against real world simulated cyber-attacks and learn the proper steps of incident response to include incident assessment, detection and analysis, and the containing, eradicating, and recovering process from a system or network-based attack.
