

# EDUCATIONAL OPPORTUNITIES

# JUNE

## DISTRICT 6 – INSTRUCTOR UPDATE/MEETING

### DATE & LOCATION

- June 10th, 2025
- 7 p.m. EST
- **Hagerstown Fire Department**  
151 N Plum St.  
Hagerstown, IN 47346

### CLASS DESCRIPTION & INFORMATION

This class/meeting is intended to provide continuing education for Instructors in adult education. It will provide a minimum of 1hour credit to the adult education requirements for instructor recertification. This meeting will also provide opportunities for discussing current topics pertaining to new programs provided by the State of Indiana.

Register for meeting here: <https://on.in.gov/june-10-hagerstown-instructor-update-d6>

# L0103 Planning: Emergency Operations

## DATE & LOCATION

June 11 & 12, 2025 | 0800 -1700 EST |

Penn Fire Territory Station #14  
13960 Jackson Road  
Mishawaka, IN 46544

## COURSE DESCRIPTION

This course is designed to give basic concepts and planning steps to those new to the field of emergency management so that they may apply planning discipline and skills to challenges in their jobs. The course content includes Emergency Management Planning doctrine and steps to take to accomplish writing plans and using them to deal with special events, which are common challenges for all jurisdictions.

The content also derives from the Comprehensive Preparedness Guide 101, Developing and Maintaining State, Territorial, Tribal and Local Government Emergency Plans, and its six-step planning process and inclusive whole community philosophy. Likewise, doctrine from the Comprehensive Preparedness Guide 201, Threat and Hazard Identification and Risk Assessment (THIRA), is included in the course. Special event planning is then explained in the course, and table group activities to analyze plans for special events are conducted.

For full information and to register, search "20250611" on Acadis Portal or

<https://tinyurl.com/L0103-Mishawaka>

*This is a dual registration course. Students will need to register with NETC.*

# Cybersecurity Vulnerability Assessment

## MGT-303

### DATE & LOCATION

June 11 & 12, 2025 | 0800 -1700 EST |

MADE  
1610 Reeves Road  
Plainfield, IN 46168

### COURSE DESCRIPTION

Cybersecurity Vulnerability Assessment addresses specific technical and professional skills needed to assess, document, remediate, and present cybersecurity vulnerability assessments within organizations through a series of lectures and hands on activities. Activities include examining scans and analyzing simulated private sector, public sector, and critical infrastructure networks to develop a vulnerability assessment report and participate in a mock presentation to senior executives. This course utilizes active discussions and activities to extend participants' understanding of vulnerability assessments.

**For full information and to register, search "20250611" on Acadis Portal**

*This is a dual registration course. Students will need to register with TEEX to receive credit.*

<https://my.teex.org/TeexPortal/Default.aspx?MO=mCourseCatalog&D=EC&C=MGT303&S=12>

## ICS 400: Advanced ICS Command & General Staff

### DATE & LOCATION

June 12 & 13, 2025 | 0800 - 1700 CST |

Clark County Health Department  
1201 Wall Street  
Jeffersonville, IN 47130

### COURSE DESCRIPTION

This course provides training for personnel who require advanced application of the Incident Command System (ICS). This course expands upon information covered in ICS 100 through ICS 800 courses, which are prerequisites for the ICS 400 course.

Explain how major incidents engender special management challenges. • Describe the circumstances in which an area command is established. • Describe the circumstances in which multi-agency coordination systems are established.

For full information and to register, search “20250612” on Acadis Portal or

<https://tinyurl.com/ICS-400-Jeffersonville>

# Leveraging Tools for Coordinated Disaster Communications AWR-329

## DATE & LOCATION

June 13, 2025 | 8:00 am – 12:00 pm EST |

Monroe County EOC  
5850 W. Foster Curry Drive  
Bloomington, IN 47403

## COURSE DESCRIPTION

This four-hour awareness-level training course will provide community and volunteer groups, state and local government agencies, and other stakeholder groups, as well as concerned citizens, with relevant information and practical exercises that will improve their knowledge and skills to better serve the communication needs of their communities. The course is designed to help participants to better understand the importance of communicating with different groups at different times, and to evaluate the various tools available to affect communications.

For full information and to register, search "20250613" on Acadis Portal

# Building Disaster Resilience for Caregivers

## AWR-308

### DATE & LOCATION

June 13, 2025 | 1:00 pm – 5:00 pm EST |

Monroe County EOC  
5850 W. Foster Curry Drive  
Bloomington, IN 47403

### COURSE DESCRIPTION

This course will familiarize participants with the science of natural hazards, best practices associated with personal disaster preparedness, and disaster preparedness considerations for those with access and functional needs. Participants will be introduced to all three categories of hazards, but course instruction will focus on those natural hazards relevant to participants' local area. Participants will also be introduced to best practices for personal preparedness prior to a disaster and encouraged to discuss plans and actions that they have already taken. Participants will then explore special considerations for disaster preparedness for dependents and those with access and functional needs. Finally, a class activity will be presented to allow participants to test their ability to prepare and react to a natural hazard.

For full information and to register, search "20250613" on Acadis Portal

## **SENIOR OFFICIALS WORKSHOP FOR ALL HAZARDS PREPAREDNESS (MGT-312)**

### **DATE & LOCATION**

June 17, 2025 | 0800 -1600 EST |

IU Health North Hospital  
11700 N Meridian Street  
Carmel, IN 46032

### **COURSE DESCRIPTION**

This course provides a forum to discuss strategic and executive-level issues related to all-hazard disaster preparedness, to share proven strategies and best practices, and to enhance coordination among officials responsible for emergency response and recovery from a disaster. This workshop integrates a multimedia scenario and vignettes that highlight key issues and facilitates executive-level discussion of the United States' National Strategy for Homeland Security. Additionally, the forum provides an opportunity to apply lessons learned from past local and national all-hazards disasters.

This workshop provides a unique opportunity for local or regional executives to share strategies and coordinate plans for emergency preparedness and response. This workshop is an effective process for discussing executive-level issues with leaders from the agencies involved in all levels of the emergency management structure.

**For full information and to register, search "20250617" on Acadis Portal**

*This is a dual registration course. Students will need to register with TEEX at:*

<https://my.teex.org/TeexPortal/?MO=mClassRegistration&D=FP&C=MGT312&S=680>

## **Emergency Operations Center/Incident Command System Interface L0191**

### **DATE & LOCATION**

June 23, 2025 | 0800 -1700 EST |

MADE  
1610 Reeves Road  
Plainfield, IN 46168

### **COURSE DESCRIPTION**

The goal of this professional development course, E/L/K 0191 Emergency Operations Center/Incident Command System Interface, is to enable the students to develop an effective interface between the Incident Command/Unified Command and the Emergency Operations Center by applying National Incident Management System principles.

**For full information and to register, search "20250623" on Acadis Portal**

<https://tinyurl.com/L0191-MADE>

## Disaster Management for Water and Wastewater Utilities (MGT-343)

### DATE & LOCATION

June 23-24, 2025 | 0800 -1700 EST |

Parkview Education Center  
1919 W Cook Road  
Fort Wayne, IN 46845

### COURSE DESCRIPTION

The Disaster Management for Water and Wastewater Utilities course provides students with information about the Environmental Protection Agencies (EPA) Response Protocol Toolbox covering necessary steps to be taking during the response and recovery Water and Wastewater Utilities facilities. Participants will be guided through the various issues concerning preparing for, responding to, and recovering from incidents affecting water and/or wastewater facilities. The course introduces the various natural and man-made (accidental or intentional) hazards to which water and wastewater systems may be vulnerable and the potential effects the hazards may induce. Planning for and managing incidents are discussed, as well as disaster mitigation, response and recovery specific to drinking water and wastewater systems.

**For full information and to register, search "20250623" on Acadis Portal**

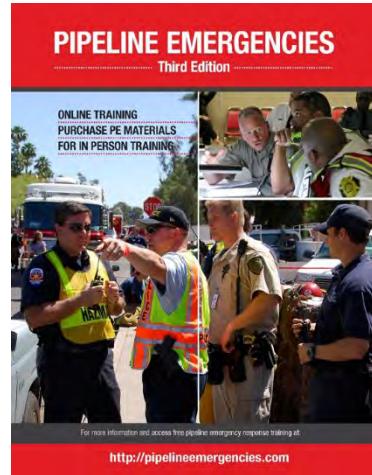

*This is a dual registration course. Students will need to register with TEEEX.*

# RESPONDING TO PIPELINE EMERGENCIES

## TRAIN- THE -TRAINER

### DATE & LOCATION

- June 25, 2025
- 8 a.m. – 4 p.m. EST
- 1610 Reeves Rd.  
Plainfield, IN 46168
- This class is funded by grants and is FREE to any emergency responder.

### CLASS DESCRIPTION & INFORMATION

The National Association of State Fire Marshals, working in conjunction with DOT PHMSA and Indiana Fire & Public Safety Academy, will be presenting a full day of training on pipelines and responding to pipeline incidents.

This course is based upon the 3rd edition of the Pipeline Emergencies curriculum which has been used as a successful guide by responders across the country, to aid them in responding to these types of incidents. This is a Train-the-Trainer program.

Pipeline Emergencies is designed to help fire service and industry emergency responders develop the knowledge and skills necessary to safely and effectively manage a pipeline incident. It is based upon nationally recognized engineering practices, recommended operating practices, and training programs.

Fire Chief (Ret.) Philip Oakes will be the instructor for this program. A retired fire chief with over 23 years of experience and response to numerous oil field and energy emergencies, Philip has taught this curriculum all over the world for several years.

**Registration Link:** <https://on.in.gov/june-25-plainfield-responding-pipeline-emergencies>

## ICS 400: Advanced ICS Command & General Staff

### DATE & LOCATION

June 26 & 27, 2025 | 0800 - 1700 CST |

Dyer Fire Department  
2150 Hart Street  
Dyer, IN 46311

### COURSE DESCRIPTION

This course provides training for personnel who require advanced application of the Incident Command System (ICS). This course expands upon information covered in ICS 100 through ICS 800 courses, which are prerequisites for the ICS 400 course.

Explain how major incidents engender special management challenges. • Describe the circumstances in which an area command is established. • Describe the circumstances in which multi-agency coordination systems are established.

For full information and to register, search “20250626-1” on Acadis Portal or

# L0105 Public Information Basics

## DATE & LOCATION

June 30 – July 2, 2025 | 0800 -1700 EST |

MADE  
1610 Reeves Road  
Plainfield, IN 46168

## COURSE DESCRIPTION

This course is designed to equip participants with the skills needed to be full or part-time PIOs, including oral and written communications; understanding and working with the media; and basic tools and techniques to perform effectively as a PIO, both in the proactive/ advocacy times and crisis/emergency response.

### Course Objectives

- Identify the steps in developing a public awareness campaign
- Demonstrate the role and function of the PIO in both day-to-day emergency environments
- Compare actions PIOs can take to work with the news media during day-to-day and emergency situations
- Adapt or repurpose written media products for social media
- Describe what types of impressions specific body language might convey during an interview
- Identify elements of an interview the PIO should consider ahead of time
- Demonstrate effective techniques for on-camera interviews

# ICS 300: Intermediate ICS for Expanding Incidents

## DATE & LOCATION

July 07 – 09, 2025 | 0800-1700 EST

Boone County Fairgrounds  
Farm Bureau Auditorium  
1300 E 100 S  
Lebanon, IN 46052

## COURSE DESCRIPTION

This course provides training on and resources for personnel who require advanced application of the Incident Command System (ICS). The target audience for this course is for individuals who may assume a supervisory role in expanding incidents or Type 3 incidents. These incidents may extend into multiple operational periods. This course expands upon information covered in the ICS-100 and ICS-200 courses. This course will include but not be limited to unified command, incident/event assessment and objective development, the ICS planning process, incident/event resource management, transfer of command and demobilization.

For full information and to register, search “20250707” on Acadis Portal or  
<https://tinyurl.com/ICS-300-Lebanon>

# DRIVER OPERATOR SERIES-DISTRICT 2-BREMEN

## DATE & LOCATION

**Tuesday's & Thursday's 1800-2200 & Some Saturday's (See Syllabus)**

**Bremen Fire Department**

**123 S Center Street**

**Bremen, IN 46506**

## CLASS DESCRIPTION & INFORMATION:

This course is for Driver Operator General, Driver Operator Pumper, Aerial, and Mobile Water Supply and meets all NFPA 1002 standards. Students should register for the "General" class (link below). The General certification is required for all additional D/O certifications.

Search the Course # in acadis to register for each:

**D/O GENERAL: DOG220456      Dates: 7/15/25-7/19/25**

**D/O PUMPER: DOP220288      Dates: 7/22/25-8/12/25**

**D/O AERIAL: DOA220189      Dates: 8/28/25-9/9/25**

**D/O MOBILE WATER SUPPLY: DOMWS220152      Dates: 9/23/25-9/30/25**

- **There are no fees for this class. It is a District 2 sponsored class.**

# DISTRICT #5 INCIDENT SAFETY OFFICER SHIFT FRIENDLY

## DATE & LOCATION

- ISO220102 District 5
- July 7<sup>th</sup>, 2025 thru Aug 7<sup>th</sup> 8 a.m. – 4 p.m. EST
- Sugar Creek Twp Fire Dept Station 45
- 3545 S. 600 W  
New Palestine, IN 46163

**You only need to attend one class each week**

**Please review the class syllabus attached in Acadis for this course**

## CLASS DESCRIPTION & INFORMATION

Provides fire personnel knowledge/skills for Incident Safety Officer outlined in NFPA 1521 Standard for Fire Department Safety Officer Professional Qualifications. The goal of this course is to prepare students whom will be designated by an incident commander (IC) as the incident safety officer (ISO). This course will teach students how to monitor the various types of incidents including Fire, EMS, Technical Rescue, and Hazardous Materials scenes, and report to the IC the status of conditions, hazards, and risks present. It also covers accident investigation and review procedures as well as how to develop and participate in a post-incident analysis.

# DOT ALERT Rail Car Incident Response for Crude, Ethanol & Other Flammable Liquids

## DATE & LOCATION

July 8, 2025 | 0800 -1700 EST |

Boonville Fire Department  
410 S 4<sup>th</sup> Street  
Boonville, IN 47601

## COURSE DESCRIPTION

The All-Hazards Training Center at The University of Findlay has developed the Rail Car Incident Response for Crude, Ethanol, and Other Flammable Liquids training course for the U.S. Department of Transportation Pipeline and Hazardous Materials Safety Administration (DOT PHMSA) to educate emergency responders on freight rail car incidents involving hazardous materials, specifically crude oil, ethanol, and other flammable liquids.

As more and more rail traffic transports cargo, including hazardous materials, it is important that the responder community become educated about the dangers and unique hazards presented with rail cars carrying these commodities.

**For full information and to register, search "20250708" on Acadis Portal or**

<https://on.in.gov/20250708DOTAlertBoonville>

*This is a dual registration course. Students will need to register with RDPC.*

# Operational Level Response to HazMat/WMD Incidents PER-212

## DATE & LOCATION

July 8 - 10, 2025 | 0800 -1700 EST |

Mishawaka Fire Station 2  
700 East McKinley Avenue  
Mishawaka, IN 46545

## COURSE DESCRIPTION

The Operational Level Response to HazMat/WMD Incidents course focuses on the special challenges faced by emergency responders at the operations level in dealing with a Chemical, Biological, Radiological, Nuclear, or Explosive (CBRNE) incident. Upon completion, participants will be able to respond defensively to a CBRNE incident.

This course focuses on training responders to meet the requirements established in Chapter 6 Competencies for Hazardous Materials/WMD Operations Level Personnel (NFPA 472), Chapter 7 Professional Qualifications for Hazardous Materials/WMD Operations Level Personnel (NFPA 1072), and Job Performance Requirement (JPR) 9.2 Personal Protective Equipment in Chapter 9 Professional Qualifications for Hazardous Materials/WMD Operations Level Responders Assigned Mission-Specific Responsibilities (NFPA 1072) of National Fire Protection Association (NFPA) 470, Hazardous Materials/Weapons of Mass Destruction (WMD) Standard for Responders (2022 edition).

For full information and to register, search "20250708" on Acadis Portal or

<https://tinyurl.com/PER-212-Mishawaka>

*This is a dual registration course. Students will need to register with TEEX.*

<https://my.teex.org/TeexPortal/Default.aspx?MO=mCourseCatalog&D=FP&C=PER212&S=1156>

## DISTRICT 6 – INSTRUCTOR UPDATE/MEETING

### DATE & LOCATION

- July 8th, 2025
- 7 p.m. EST
- **Muncie Fire Department**  
404 E. Adams St.  
Muncie, IN 47305

### CLASS DESCRIPTION & INFORMATION

This class/meeting is intended to provide continuing education for Instructors in adult education. It will provide a minimum of 1hour credit to the adult education requirements for instructor recertification. This meeting will also provide opportunities for discussing current topics pertaining to new programs provided by the State of Indiana.

Register for meeting here: <https://on.in.gov/july-8-muncie-instructor-update-d6>

## **Understanding and Planning for School Bombing Incidents**

### **AWR-132**

#### **DATE & LOCATION**

July 09, 2025 | 0800 -1200 EST |

Clark County 911  
309 Lentz Avenue  
Charlestown, IN 47111

#### **COURSE DESCRIPTION**

The Understanding and Planning for School Bomb Incidents, Mobile course is designed to provide emergency first responders and school staff with the skills to plan and respond to school bomb threats and bombing incidents through lectures and exercises. Participants are presented with information necessary to recognize a threat and determine pre- and post-detonation threat response strategies and develop actionable items specific to an individual's school needs.

**For full information and to register, search "20250709" on Acadis Portal**

*New Mexico Tech utilizes a QR code the day of the training, supplied by the instructors for registration, pre/posttests, and certificates. Students are required to bring a digital device to class for this course. (ie. tablet, laptop computer)*

# Response to Bombing Incidents AWR-230

## DATE & LOCATION

July 09, 2025 | 1300 - 1700 EST |

Clark County 911  
309 Lentz Avenue  
Charlestown, IN 47111

## COURSE DESCRIPTION

The Response to Bombing Incidents, Mobile (RBI) course trains emergency personnel of all disciplines to respond to the growing number of bombing incidents across the United States. This course guides participants through bombing response challenges, bombing threat response considerations, including evaluating threats when making evacuation vs. shelter-in-place decisions, and response priorities following the immediate aftermath of a bombing.

## Course Objectives

- Recognize explosive compositions and Improvised Explosive Devices (IEDs).
- Describe blast hazards, blast injuries, and protective actions to mitigate the risk of injury.
- Assess bombing threats, their unique circumstances, and response considerations.
- Recognize response strategies to secure and manage a post-bombing scene.

For full information and to register, search "20250709" on Acadis Portal

*New Mexico Tech utilizes a QR code the day of the training, supplied by the instructors for registration, pre/posttests, and certificates. Students are required to bring a digital device to class for this course. (ie. tablet, laptop computer)*

# Active Shooter Exercise Development Workshop

## PRE-100 - 20250709

### DATE & LOCATION

July 9, 2025 | 0800 -1700 EST |

MADE  
1610 Reeves Road  
Plainfield, IN 46168

### COURSE DESCRIPTION

The goal of the Active Shooter Exercise Development Workshop is to provide first responder and city, county, and state officials with the knowledge, skills and abilities to lead an Active Shooter Tabletop Exercise.

Past Active shooter events have proven the need for realistic exercises delivered in the community. This course answers that need by providing a train the trainer (TtT) course on how to design and deliver a Tabletop exercise (TTX). This course will also provide template materials needed to deliver five (5) different TTXs, with one (1) of the five TTXs delivered in the afternoon of the training day.

Past events have demonstrated that a key point to effective whole community preparation includes coordination across all professional disciplines that have responsibilities in the event of an active shooter incident.

**For full information and to register, search "20250709" on Acadis Portal**

*This is a dual registration course. Students will also need to register with TEEX.*

<https://my.teex.org/TeexPortal/Default.aspx?MO=mCourseCatalog&D=FP&C=PRE100&S=364>

# **Homemade Explosives: Awareness, Recognition, and Response AWR-313**

## **DATE & LOCATION**

July 10, 2025 | 0800 - 1700 EST |

Clark County 911  
309 Lentz Avenue  
Charlestown, IN 47111

## **COURSE DESCRIPTION**

The Homemade Explosives: Awareness, Recognition, and Response course is designed to provide emergency first responders with the skills to recognize and respond to incidents involving Homemade Explosives (HME) through lectures and exercises.

Emergency first responders are presented with information necessary to recognize HME precursors, HME manufacturing indicators, and HME exposure indicators, and determine pre-detonation and post-detonation response strategies.

Throughout this course, emergency first responders discuss how to implement safe response strategies with recognizing the presence of HME indicators; understanding these response actions is critical to mitigating the hazards associated with HME.

**For full information and to register, search "20250710" on Acadis Portal**

*New Mexico Tech utilizes a QR code the day of the training, supplied by the instructors for registration, pre/posttests, and certificates. Students are required to bring a digital device to class for this course. (ie. tablet, laptop computer)*

# **DISTRICT 1 FIRE ACADEMY-SUMMER 2025-MAAC**

## **DATE & LOCATION**

July 10, 2025-December 6, 2025  
Thursday 6p-10p and Saturdays (8a-4p)  
MAAC

## **CLASS DESCRIPTION & INFORMATION**

The District 1 Fire Academy consists of initial firefighter training that will include state certifications in Hazardous Material Awareness/Operations, Firefighter I/II and all state required curriculum to function as a firefighter in the state of Indiana.

**Participants must have municipal department sponsorship and full gear with SCBA's.**

**A minimum of 80% attendance throughout the Academy is required to be eligible for testing.**

**CLASS SIZE IS LIMITED**

**Syllabus Available in Acadis (link below)**

**Register Here: <https://on.in.gov/FireAcademySummer2025D1>**

## DISTRICT 8 - FIREFIGHTER I/II

### DATE & LOCATION

- July 14 – September 29, 2025
  - Monday and Thursday evenings 6:00 – 10:00PM
  - Saturdays August 16, September 6, 13, 20 and 27 from 9:00AM – 5:00PM
- Columbus Township Fire and Rescue  
Station 221  
935 Repp Drive  
Columbus, IN 47201

### CLASS DESCRIPTION & INFORMATION

This course is based on NFPA 1001: Standard for Fire Fighter Professional Qualifications. The course is designed for the person who seeks the knowledge and skills to function as an integral member of a firefighting team under direct or general supervision in hazardous conditions. The Fire Fighter I/II course consists of a combination of classroom study, drill field practice, and training evolutions that will prepare fire fighters to perform most fire ground functions under the supervision of an officer or experienced firefighter.

# **FIRE OFFICER STRATEGY AND TACTICS SHIFT FRIENDLY**

## **FOST220500 DISTRICT 5**

### **DATE & LOCATION**

- FOST220500 District 5 Shift Friendly
- July 14<sup>th</sup>-August 15<sup>th</sup> 0830-1600
- Indianapolis Fire Department Training Academy  
9050 E 33rd Street  
Indianapolis, IN 46235

**You only need to attend one class each week**

**Please review the class syllabus attached in Acadis for this course**

### **CLASS DESCRIPTION & INFORMATION**

The purpose of the Fire Officer Strategy and Tactics course is to provide senior firefighters and entry level Fire Officers with the knowledge and skills to meet the minimum job performance requirements as outlined in NFPA 1021 sections 4.6.1 and 4.6.2. Candidates must demonstrate the knowledge and skills necessary to function safely and effectively as the initial incident commander. This course is designed to give the candidates the ability to perform scene size up and make strategic and tactical decisions during the first 15 minutes of an incident.

## DISTRICT 8 – FIRE OFFICER STRATEGY AND TACTICS (FOST)

### DATE & LOCATION

- July 15 – August 7, 2025
  - Monday and Thursday evenings 6:00 – 10:00PM
  - Saturday July 19 from 9:00AM – 2:00PM
- Southwest Fire Department  
8500 S State Road 58  
Columbus, IN 47201

### CLASS DESCRIPTION & INFORMATION

The purpose of the Fire Officer Strategy and Tactics course is to provide senior firefighters and entry level Fire Officers with the knowledge and skills to meet the minimum job performance requirements as outlined in NFPA 1021 sections 4.6.1 and 4.6.2. Candidates must demonstrate the knowledge and skills necessary to function safely and effectively as the initial incident commander. This course is designed to give the candidates the ability to perform scene size up and make strategic and tactical decisions during the first 15 minutes of an incident.

## MGT- 345 Disaster Management for Electric Power Systems

### DATE & LOCATION

July 15 & 16, 2025 | 0800 -1700 EST |

Delaware County EMS Station #3  
4501 E Memorial Drive  
Muncie, IN 47304

### COURSE DESCRIPTION

The Disaster Management for Electric Power Systems course provides students with information specific to preparing for, protecting against, responding to, recovering from, and mitigating against a threatened or actual natural disaster, an act of terrorism, or other man-made disaster affecting electric power facilities and systems.

*During this course, participants will be guided through discussions and exercise that will assist them in:*

- Improving security against physical damage, organizational disruption, and control system vulnerability
- Enhancing the electric power systems ability to plan, prevent, detect, respond, and restore their facilities in emergency situations
- Developing an understanding and appreciation for working with the media.

**For full information and to register, search "20250715" on Acadis Portal**

*This is a dual registration course. Students will need to register with TEEX.*

## Incident Command System (ICS) Curricula Train-the-Trainer (L0449)

### DATE & LOCATION

July 21 - 25, 2025 | 0800 -1700 EST | MADE 1610 Reeves Road Plainfield, IN 46168

### COURSE DESCRIPTION

This course is a capstone course for ICS lead instructors. Students must have a working knowledge of the ICS core curriculum. The goal of this 40-hour course, ELK 0449 Incident Command System (ICS) Curricula Train-the-Trainer, is designed to advance instructors knowledge and ability to deliver Incident Command System Curricula related training courses.

The student must demonstrate a working knowledge of ICS principles. They must have worked as an Incident Commander, in a Command or General Staff position(s) on incidents, planned events, or exercises that went longer than one operational period or involved a written incident action plan and involved multiple agencies and/or jurisdictional coordination.

#### Participants must have successfully completed (the most current version(s)):

- ICS 0100 (IS-0100), Introduction to the Incident Command System;
- ICS 0200 (IS-0200), Basic Incident Command System for Initial Response;
- ICS 300 (E/L/G0300), Intermediate Incident Command System for Expanding Incidents;
- ICS 400 (E/L/G0400), Advanced ICS for Complex Incidents;
- IS 0700, National Incident Management System, An Introduction;
- IS 0800, National Response Framework, An Introduction;
- ELG 0191, Emergency Operations Center/ICS Interface
- Formal instructor training such as M-410, National Wildland Coordinating Group Facilitative Instructor, EMI Master Trainer Program, Fire Instructor I & 2, ASTD, CTTI, POST, FLETC, college, E0141, Instructional Presentation and Evaluation Skills, Office for Domestic Preparedness Instructor Course, valid teaching certificate, or equivalent.

Include with your application: Copies of all course completion certificates or transcripts and a separate document describing, in detail, your operational experience and teaching experience.

**For full information and to register, search "20240721" on Acadis Portal**

*This is a dual registration course. Students will need to register with TEEEX to attend.*

## Threat and Hazard Identification and Risk Assessment and Stakeholder Preparedness Review MGT-310

### DATE & LOCATION

July 22 & 23, 2025 | 0800 -1700 EST |

Indianapolis Metropolitan Police Department  
East District  
201 N. Shadeland Avenue  
Indianapolis, IN 46219

### COURSE DESCRIPTION

Communities use the THIRA to better understand their risks and determine the level of capability needed to address those risks. Communities then use the SPR to estimate their current capabilities, identify gaps and their intended approaches for addressing them, and assess the impact of relevant funding sources.

This course introduces the six-step THIRA/SPR process, including identifying threats and hazards that stress a community's response capabilities, giving those threats and hazards context and the associated impacts consistent with specific factors, addressing and analyzing specific capability targets, assessing and describing a current capability level, identifying and addressing capability gaps and a subsequent strategy for solutions using the POETE (Planning, Organization, Equipment, Training, and Exercises) Solution Cycle, and assessing and describing the impact of funding sources would have in the community.

For full information and to register, search "20250722" on Acadis Portal or

<https://tinyurl.com/MGT310-Indianapolis>

*This is a dual registration course. Students will need to register with TEEX.*

## Data Collection & Analysis Training

Vision 20/20 has unlocked the mystery surrounding collection and analysis of data for your Community Risk Assessment. This free 3-day training breaks the process down into a linear set of well-defined and manageable tasks to draft a basic CRA. Students use various organizational data sets along with Vision 20/20's intuitive training, tools and Vision 20/20's proprietary template to quickly and efficiently draft their CRA, setting the foundation for organizational CRR planning and implementation. The Data Collection & Analysis training was developed with Vision 20/20's philosophy to Educate, Equip & Engage and is a strategic investment to build a vital skillset for current and future fire service leaders.

### Course Information & Registration

DATE : July 22-24, 2025

LOCATION : **Indiana Fire Academy** -  
1610 Reeves Rd, Plainfield, IN 46168

Registration Link

<https://forms.gle/L3evQUBQ19t6eCU2A>

### TRAINING REQUIREMENTS & PREREQUISITES

- Understanding of the principles and practices of Community Risk Reduction, including the 6 step CRR planning model.
- Pre-course assignment – We ask that you bring some detail on organizational history, special hazards and an EMS dataset.
- Vision 2020 will work with your State NFIRS manager to obtain your dataset for this course.
- Have a working understanding of Microsoft Word & Excel
- Bring a laptop to class with Microsoft Word & Excel (Surface Pro tablets are not recommended for this training).

## Executive Summary for Data Collection & Analysis (DCA) Training

For many departments, assembling the data elements for a Community Risk Assessment (CRA) can be a challenging and daunting task. Efforts to pull together community and organizational specific data, analyzing and presenting such in a meaningful format can many times fall flat. Varying levels of expertise within the organization can have significant impact on selecting the proper data elements, understanding where to easily access them and incorporating visualizations into an easily readable document. The 3-day Data Collection & Analysis training breaks this process down into a linear set of well-defined and manageable tasks to draft a basic CRA. Students use various organizational data sets along with Vision 20/20's intuitive training, tools and proprietary template to quickly and efficiently draft their CRA, setting the foundation for organizational CRR planning and implementation. The Data Collection & Analysis training was developed with Vision 20/20's philosophy to Educate, Equip & Engage and is a strategic investment to build a vital skillset for current and future fire service leaders.

### Learning objectives

- Organize a variety of data elements and their relationships into meaningful segments related to your organization and community
- Apply the fundamentals of data analysis such as advanced Excel functions, pivot tables, RMS, and practical statistics to build components of your Community Risk Assessment
- Demonstrate the ability to communicate data insights effectively to stakeholders using data storytelling, visualizations and a professional, evidence-based risk assessment document.
- Employ various components of ESRI's ARCGis solution to apply location-based analytics to your fire incident data, including contextual tools to analyze and visualize your data and share via maps, apps, dashboards and reports.

### What students are saying about Vision 20/20's Data Collection & Analysis training

*Over my 29-year career I have attended many different classes and conferences. The classes I have attended in the past have provided generalized information on the topics being presented. The data analysis class put on by Vision 20/20 was by far the most impactful class I have attended. This class really brought Community Risk Reduction full circle and has provided me a different mindset on data and program development. The hands-on portion of this class was extremely valuable and gave me the tools to return to my organization with a much better mindset for decision making. Great Class!!*

*That doing a CRA doesn't have to be as hard as it seems. This was one of the most helpful class I've ever taken in the fire service. I would recommend this class to anyone trying to do a CRA. Vision 20/20 is the best thing to happen to the fire service ever, as far as I'm concerned. Thanks again for your time and dedication to the fire service.*

*If we want to make an impact on our community by making it safer, we must have data to prove to our organization what fire and life safety programs must be put in place. A CRA is vital tool that every fire department should have in place. Vision 20/20 does an excellent job with this class!*

# AUGUST

## DISTRICT 2: FIRE ACADEMY COURSE # FA-220490 CLAY

### DATE & LOCATION

- **August 4, 2025-December 22, 2025**
- **Tuesday and Thursday 6:00 pm-10:00 pm**
- **Saturdays 8:00 am-4:00 pm (See Syllabus)**

Course location: **Clay Fire Command Training Center/Training Grounds**

**18355 Auten Rd**

**South Bend, IN 46637**

### CLASS DESCRIPTION & INFORMATION

This course is designed to provide entry level personnel with the knowledges of the required materials and skills for Technical Rescue Awareness, Hazardous Materials Awareness and Operations along with Firefighter I and Firefighter 2.

All students are required to have NFPA compliant structure fire PPE and an NFPA compliant SCBA. NO facial hair will be allowed.

There are no prerequisites for this course. Students should have a computer/tablet with internet access for usage of Resource One software.

Any questions about this class please contact Lead Instructor Cole Huth [chuth@clayfd.com](mailto:chuth@clayfd.com)

## ICS 400: Advanced ICS Command & General Staff

### DATE & LOCATION

August 04 & 05, 2025 | 0800 - 1700 EST |

Witham Hospital (North Pavilion B)  
Jack Jones Community Room  
2605 N Lebanon Street  
Lebanon, IN 46052

### COURSE DESCRIPTION

This course provides training for personnel who require advanced application of the Incident Command System (ICS). This course expands upon information covered in ICS 100 through ICS 800 courses, which are prerequisites for the ICS 400 course.

Explain how major incidents engender special management challenges. • Describe the circumstances in which an area command is established. • Describe the circumstances in which multi-agency coordination systems are established.

For full information and to register, search “20250804” on Acadis Portal or

<https://tinyurl.com/ICS-400-Lebanon>

## MGT-319 MEDICAL COUNTERMEASURES: POINT OF DISPENSING

### DATE & LOCATION

August 4 – 5, 2025 | 0800 -1700 EST |

Parkview Education Center  
1919 W Cook Road  
Fort Wayne, IN 46845

### COURSE DESCRIPTION

This course is a guide for local health officials and their partners to coordinate plans to provide mass distribution of medical countermeasures in response to large-scale public health incident. This course focuses on planning considerations, recommendations to achieve the Centers for Disease Control and Prevention (CDCs) 48-hour standard Mass Prophylaxis, and the local community's Mass Prophylaxis and Point of Dispensing (POD) site preparedness. The course material is applicable to pandemic influenza, bioterrorism, and other public health emergencies.

#### Course Objectives

- Discuss the roles and responsibilities for local, state, and federal levels across a broad range of complex preparedness challenges related to medical countermeasures
- Identify the different POD models and standards for selecting POD locations
- Apply the POD command structure for initial planning, execution, and demobilization of a jurisdictional response in POD operations
- Demonstrate the essential functions of POD setup and operations
- Identify the planning and training needs to operate a POD site
- Discuss the concerns of the community jurisdictional medical countermeasures plan

## PUBLIC SAFETY LEADERSHIP DEVELOPMENT – BLOOMINGTON, IN

### DATE & LOCATION

- August 26-28, 2025 (Block 100) & September 9-11, 2025 (Block 200)
- 9:30 a.m. – 5:30 p.m. (Est.)
- Monroe County Public Library – Southwest Branch
- 890 W Gordon Pike
- Bloomington, IN 47403 United States

### CLASS DESCRIPTION & INFORMATION

This leadership course is an all-discipline inclusive training that strives to foster and advance Indiana's public safety leadership. This course will help students develop comprehension tools, methodology, and leadership skills that are necessary to lead today's emergency services. Students will develop a better understanding of different leadership styles, the differences between management and leadership, advanced communication techniques, and many other professional skills. These skills will not only improve the student's work environment but also the quality of service provided to their customers (i.e., the community).

There is no cost to attend this course.

Students must have a State Issued PSID number. Registration for both courses is in the ACADIS portal, search for the keywords "public safety leadership development".

Course Numbers: PSLD1-220024 (Block 100) & PSLD2-220032 (Block 200)

Register for **both** 3-day courses for the full 6-day program.

Registration Link:

# **DISTRICT 1 FIRE ACADEMY-FALL 2025-RENSSELAER**

## **DATE & LOCATION**

Aug 26, 2025 thru March 21, 2026  
Thursday 6p-10p and Saturdays (8a-4p)  
Rensselaer VFD

## **CLASS DESCRIPTION & INFORMATION**

The District 1 Fire Academy consists of initial firefighter training that will include state certifications in Hazardous Material Awareness/Operations, Firefighter I/II and all state required curriculum to function as a firefighter in the state of Indiana.

**Participants must have municipal department sponsorship and full gear with SCBA's.**

**A minimum of 80% attendance throughout the Academy is required to be eligible for testing.**

**CLASS SIZE IS LIMITED**

**Syllabus Available in Acadis (link below)**

**Register Here: <https://on.in.gov/FireAcademyFall2025D1>**

## DISTRICT 8 – DRIVER OPERATOR PUMPER

### DATE & LOCATION

- August 28, September 2, 9, 11, 17 and 23.
  - Weekdays 6:00 – 10:00 PM
- September 14 (Sunday), 2025
  - Sunday from 8:00 AM -5:00 PM
- Seymour Fire Department  
Station 2  
1019 West 2<sup>nd</sup> St  
Seymour IN 47274

### CLASS DESCRIPTION & INFORMATION

This Driver Operator Pumper course and the exams are based on NFPA 1002: *Standard for Fire Apparatus Driver/Operator Professional Qualifications*. This course is designed for the firefighter who wishes to advance to the next level of his/her career. This course consists of six modules that include preventative maintenance, tests and inspections, driving/operating, water supply, sprinklers and standpipes, and operations

# SEPTEMBER

## DISTRICT 8 - FIREFIGHTER I/II

### DATE & LOCATION

- September 2 – December 9, 2025
  - Tuesday and Thursday evenings 6:00 – 10:00 PM
  - Saturdays September 20, November 15 and 29, and December 6 from 9:00AM – 5:00 PM
- Marion Township Fire Department  
4632 State Route 37  
Mitchell, IN 47446

### CLASS DESCRIPTION & INFORMATION

This course is based on NFPA 1001: Standard for Fire Fighter Professional Qualifications. The course is designed for the person who seeks the knowledge and skills to function as an integral member of a firefighting team under direct or general supervision in hazardous conditions. The Fire Fighter I/II course consists of a combination of classroom study, drill field practice, and training evolutions that will prepare fire fighters to perform most fire ground functions under the supervision of an officer or experienced firefighter.

## DISTRICT 8 – FIRE OFFICER I

### DATE & LOCATION

- September 3 - 27, 2025
  - Wednesday evenings from 6:00 – 10:00PM
  - Saturdays mornings from 8:00AM – 12:00PM
- Cordy-Sweetwater Fire Department  
101 Firehouse Road  
Nineveh, IN 46164

### CLASS DESCRIPTION & INFORMATION

This course is based on NFPA 1021: *Standard for Fire Officer Professional Qualifications*, 2020 Edition. The course identifies the requirements necessary to perform the duties of a first line supervisor. This course introduces the student to the basic concepts of management and supervision by concentration on such topics as Organizational Structure, Communication Skills, Human Resource Management, Public Relations, Planning, Emergency Service Delivery, and Safety.

## DISTRICT 8 – FIRE OFFICER II

### DATE & LOCATION

- September 4 – 20, 2025
  - Thursdays and Saturdays from 0900 – 4:00PM
- Monroe Fire District  
Station 25  
5081 N. Old State Road 37  
Bloomington, IN 47408

### CLASS DESCRIPTION & INFORMATION

This course is based on NFPA 1021: *Standard for Fire Officer Professional Qualifications*, 2020 Edition. The course is designed for the Fire Officer who is ready to assume more of a leadership role by moving into the middle management level of his/her department. This course expands on the knowledge base attained in subjects and adding additional material including Administration, Government Structure, and Departmental Budget Planning and Management.

## DISTRICT 6 – INSTRUCTOR UPDATE/MEETING

### DATE & LOCATION

- September 9<sup>th</sup>, 2025
- 2 p.m. EST

# Disaster Preparedness for Healthcare Organizations within the Community Infrastructure MGT-341

## DATE & LOCATION

September 16 -17, 2025 | 0800 -1700 EST |

Parkview Education Center  
1919 West Cook Road  
Fort Wayne, IN 46818

## COURSE DESCRIPTION

This management level course is designed to bring together individuals from the healthcare community who are responsible for ensuring the resiliency of healthcare services during high consequence or catastrophic events within a jurisdiction. Through a focus on preparedness processes and activities, this course provides an opportunity for participants to acquire the knowledge and skills necessary to help them ensure the sustainability of their resources, facilities, and organizations during all types of disasters.

Upon successful completion of this course, participants will be able to interpret disaster preparedness initiatives as part of healthcare coalitions within the community infrastructure.

**For full information and to register, search "20250916" on Acadis Portal**

# INCIDENT SAFETY OFFICER- DISTRICT 1

## DATE & LOCATION

September 20 and September 21, 2025 8a-4p,

Test September 25, 2025 6pm

MAAC-Valparaiso

Provides fire personnel knowledge/skills for Incident Safety Officer outlined in NFPA 1521 Standard for Fire Department Safety Officer Professional Qualifications. The goal of this course is to prepare students whom will be designated by an incident commander (IC) as the incident safety officer (ISO). This course will teach students how to monitor the various types of incidents including Fire, EMS, Technical Rescue, and Hazardous Materials scenes, and report to the IC the status of conditions, hazards, and risks present. It also covers accident investigation and review procedures as well as how to develop and participate in a post-incident analysis.

**Must hold Fire Officer I certification as a pre-requisite**

**Register Here: <https://on.in.gov/ISOSept2025D1>**

# LIGHT & FIGHT LIVE FIRE TRAINING-DISTRICT 1

- Scene command and operations run by officers

Register Here: <https://on.in.gov/LightFightSept2025D1>

# EOC Operations & Planning for All Hazards

## MGT-346

### DATE & LOCATION

September 23 & 24, 2025 | 0800- 1700 EST | Ivy Tech Community College – Terre Haute  
8000 S. Education Drive  
Terre Haute, IN 47802

### COURSE DESCRIPTION

This course provides personnel who could be assigned to or work in an Emergency Operations Center (EOC) the skills necessary to effectively plan for and manage a large-scale incident by applying and implementing an all-hazards, multi-disciplinary, management team approach. The course places specific emphasis on the planning, resource, and information management processes.

The course focuses on the key decision-making requirements within the Emergency Operations Center. The jurisdictional team will learn from the effects of incident decisions while working in an EOC using a simulated, notional jurisdiction as they respond to the final days exercise.

**For full information and to register, search "20250923" on Acadis Portal or**

<https://tinyurl.com/MGT346-Terre-Haute>

# PER-213 WIDE AREA SEARCH

## DATE & LOCATION

September 24 - 26, 2025 | 0800 -1700 EST |

St. Joseph Township Building  
6033 Maplecrest Road  
Fort Wayne, IN 46835

## COURSE DESCRIPTION

The course is applicable to jurisdictions that would need to conduct wide area searches due to a natural disaster or terrorist incident. Participants will learn practical search methods and skills to perform systematic searches over a large, affected area. The course concludes with a tabletop exercise that requires participants to utilize the previous two days of instruction. The curriculum of this course is based on lessons learned from search operations in support of the Space Shuttle Columbia recovery, Hurricanes Katrina, Rita, Dolly, Ike and other wide area search incidents.

This course has been developed for local, state and federal responders who may be required to perform search operations. The target audience also includes all emergency responders from municipal and industrial agencies tasked with performing search operations. Course participants include emergency responders from the following four disciplines/services:

- Fire Service (FS)
- Emergency Medical Services (EMS)
- Law Enforcement (LE)
- Military (MT)

**For full information and to register, search "20250924" on Acadis Portal**

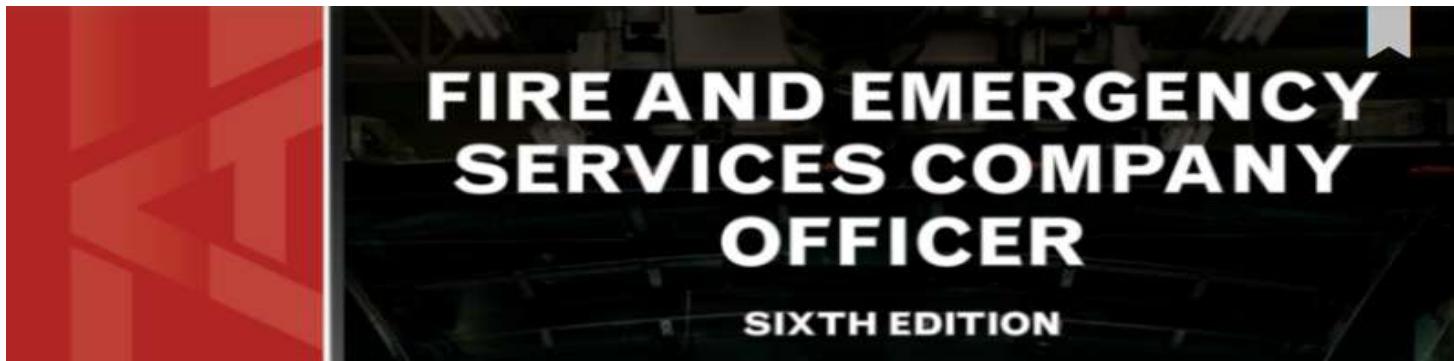

*This is a dual registration course. Students will need to register with TEEEX.*

# Medical Management for CBRNE Events (PER-211)

## DATE & LOCATION

October 1 & 2, 2025 | 0800 -1700 EST |

Elkhart City Fire Department Training Annex  
911 Maryland Avenue  
Elkhart, IN 46516

## COURSE DESCRIPTION

Medical Management of Chemical, Biological, Radiological, Nuclear, and Explosive (CBRNE) Events provides a strong emphasis on a whole-community team approach to responding to incidents, including those caused by CBRNE or a coordinated complex violent event. The course is delivered using a combination of facilitated discussions, small-group exercises, Human Patient Simulator hands-on scenarios, and traditional classroom discussions.

Exercises are conducted in CBRNE scenarios using both adult and pediatric Human Patient Simulators to reinforce classroom lectures and interaction. This course promotes critical thinking skills while utilizing the Recognition, Activation, Protection, Identification, Decontamination, and Care (RAPID-Care) concept. The multi-discipline make-up of the participants helps to strengthen information sharing, communications, and medical surge capabilities.

# NOVEMBER

## Public Information in an All-Hazards Incident (MGT-318)

### DATE & LOCATION

November 05, 2025 | 0800 - 1700 CST |  
November 06, 2025 |

Porter County EMA  
1995 S. State Road 2  
Valparaiso, IN 46385

### COURSE DESCRIPTION

This course examines the role of public information in all-hazards incident management and provides practical training in crisis communication techniques. In a major incident, it is of critical importance that community leaders, incident managers, and Public Information Officers (PIO) are prepared to communicate with the public through traditional and social media.

This course focuses on the role of public information in all-hazards incident management; the information needs of the press and public in a crisis; and strategies for planning, conducting, and managing the public information effort during a crisis event.

# DECEMBER

# PUBLIC SAFETY LEADERSHIP DEVELOPMENT – INDIANAPOLIS, IN

## DATE & LOCATION

- December 2-4, 2025 (Block 100) & December 16-18, 2025 (Block 200)
- 8 a.m. – 4:30 p.m. (Est.)
- Indianapolis Fire Department Training Academy  
9050 E 33<sup>rd</sup> Street  
Indianapolis, IN 46235 United States

## CLASS DESCRIPTION & INFORMATION

The Public Safety Leadership Development Course is an engaging, transformative program designed to inspire and develop Indiana's public safety leaders from all disciplines. Focusing on introspection and individual growth, it equips participants with the skills, methodologies, and tools to excel both professionally and personally. Through interactive learning, innovative exercises, and a holistic approach, students are guided in understanding their leadership style, decision-making, communication, and resilience. Featuring dynamic discussions, practical activities, and the expertise of passionate instructors, this course builds leadership capabilities that extend beyond traditional training. Participants gain valuable insights into personal well-being, organizational roles, and managing change, all while fostering crucial networking opportunities with peers. Sign up for a life-impacting experience that empowers you to thrive as a leader in your agency and community!

There is no cost to attend this course.

Students must have a State Issued PSID number. Registration for both courses is in the ACADIS portal, search for the keywords "public safety leadership development".

Course Numbers: PSLD1-220025 (Block 100) & PSLD2-220033 (Block 200)  
Register for both 3-day courses for the full 6-day program.

## MGT- 345 Disaster Management for Electric Power Systems

### DATE & LOCATION

December 02-03, 2025 | 0800 -1700 EST |

Parkview Education Center  
1919 W Cook Road  
Fort Wayne, IN 46845

### COURSE DESCRIPTION

The Disaster Management for Electric Power Systems course provides students with information specific to preparing for, protecting against, responding to, recovering from, and mitigating against a threatened or actual natural disaster, an act of terrorism, or other man-made disaster affecting electric power facilities and systems.

*During this course, participants will be guided through discussions and exercise that will assist them in:*

- Improving security against physical damage, organizational disruption, and control system vulnerability
- Enhancing the electric power systems ability to plan, prevent, detect, respond, and restore their facilities in emergency situations
- Developing an understanding and appreciation for working with the media.
