The cost of providing such services, facilities, equipment, personnel, and resources shall be borne by the providing state agency, unless otherwise notified that federal and/or other state funding reimbursement is determined to be available or other payment arrangements are made.
8. In order to expedite emergency response and recovery operations, one or more state agencies may be designated as lead agencies by the Director of the IDHS for various portions of the overall state response and recovery efforts. 13. Each state agency shall develop, and keep current, a continuity of operations plan to ensure that its essential functions are performed during any emergency or situation that may disrupt normal operation. This plan shall be developed and maintained consistent with the guidelines of, and in cooperation with, the IDHS, and shall be submitted to the IDHS and the Governor. Each agency emergency management coordinator shall participate in plan reviews, training and exercises organized by the IDHS, and shall conduct internal training and exercises of appropriate agency employees to ensure that the plan can be implemented with little or no notice.
