The MGT Team

The Gary Community
What are the benchmarks that will tell the Gary Community we are making progress?

**ACADEMIC**
- Put into place a managed curriculum and instruction model that will produce results in 2018 spring testing.

**FINANCIAL**
- Determine how much we are spending, how much money we are receiving, and quantify the difference.
- Develop and implement internal controls to regulate our spending.
THE SYSTEM OF GREAT SCHOOLS

Central Office Transformed to become School Support

Principals Earn Autonomy for Effective Decision-making

Replicate Programs that are Successful

Create New and Innovative Programs
BUILDING LEADERS AT EVERY LEVEL

Being a turnaround partner is being a master builder of...

- Positive & Productive Relationships
- A Culture of High Expectations
- Capacity and Sustainability
THE KEYS: Teamwork and Communication
COMMUNITY ENGAGEMENT

Essential to the Transformation to a System of Great Schools

• Starts Day 1
• Transparency and honesty
• Candid feedback
• Starting point is where the community is and not where we think the community should be
• Embracing and encouraging all views
• Recognizing there are community assets that can be used to support transformation

This is doable...

TOGETHER WE CAN BE SUCCESSFUL!
THANK YOU
