The New Form 4B

The New Form 4B - Goals

With a template that dates back as far as the 4B, changing the form is not something that we considered lightly. As we were developing the new format, there were several goals that we wanted to accomplish:

- 1. Use of the same source material for the new template.
- 2. Present the revenue and expense information chronologically.
- 3. Elimination of gross & net budget to explain property tax caps.
- 4. Easily locatable and understandable operating balance.
- 5. Create a revenue first approach for proactive budgeting.

- The New Form 4B still have three distinct sections:
 - 1. Current Year:
 - 1. Time Period: June 30, 2020 through December 31, 2020
 - 2. The Current Year Section will be separated into:
 - A. Cash Balance and Revenues
 - B. Expenses
 - 2. Budget Year
 - 1. Time Period: January 1, 2021 to December 31, 2021
 - 2. The Budget Year Section will be separated into:
 - A. Revenues
 - B. Expenses
 - 3. Data Entry and Tax Rate Calculation
