Base rate to be used on improved parcels or parcels with street access. Use Excess frontage influence (3) when necessary, and for extremely large lots - may use shape and size (4).

Parcels with undeveloped streets (Paper Streets) should be priced with the influence factor of 0-90% with no additional influence factors for vacancy or excess frontage. The 0-90% Paper Street has been set up in the system for these two neighborhoods as a predefined.

Base rate to be used on improved parcels or parcels with street access. Use Excess frontage influence (3) when necessary, and for extremely large lots - may use shape and size (4).

Parcels with undeveloped streets (Paper Streets) should be priced with the influence factor of 0-90% with no additional influence factors for vacancy or excess frontage. The 0-90% Paper Street has been set up in the system for these two neighborhoods as a predefined.
