Re: DLGF Review of the Local Public Question – Oak Hill United School Corporation (the “School Corporation”)

Dear Clerk Florence,

This letter is in response to the proposed public question that was submitted by the Grant County Election Board to the Department of Local Government Finance (“Department”) on February 3, 2011, as required by statute. The Department has reviewed the language of the public question to evaluate whether the description of the controlled project is accurate and is not biased against either a vote in favor of the controlled project or a vote against the controlled project. Ind. Code § 6-1.1-20-3.6(c).

Based on the materials and information submitted by the Grant County Election Board, the Department concludes that the description of the controlled project is accurate and is not biased against either a vote in favor of the controlled project or a vote against the controlled project. The Department recommends that the ballot language submitted be used.

Sincerely,

A handwritten signature in black ink that reads "Brian E. Bailey".
