Stephanie,

Thank you for posting the previous information sent to you regarding spending by our current administration in Gary, Indiana. I am attaching photos of 'fake' demolition/construction activities in the 600 block of Broadway. Please note that I have included photos of the 'empty dumpsters' taken inside to show that absolutely no debris/trash is in them. I am sure the taxpayers are footing the bill for this foolery.

I invite members of Chairman Ryan Kitchell's DUAB to come to Gary for a personal inspection. I will gladly provide transportation.

Douglas M. Wright%2C Chief of Police (Retired)%0D%0A(219) 939-0631 Residence%0D%0A(219) 902-6963 Cell%0D%0A(219) 939-0654 Fax

"A goal without a plan is simply wishful thinking - unfulfilled"

In the photos please note the 'painted windows and door knobs, etc' - none of this is real.

Also note that the administration even included barricades for the sidewalk (complete with sidewalk closed signs) construction barricades with 'do not cross lines' tape, etc. Everything to make the site appear real. The photos of the vehicle maintenance building at 9th and Madison is actually the General Services Building.....the vehicle maintenance facility location on 11th Avenue remains a vacant lot with only fuel pumps for city vehicles. Please come here and perform a visual inspection of this foolishness.
