To: Department of Local Government Finance

You will find in this workbook the sales ratio and equalization study for Howard County. Please notify the Howard County Assessor as soon as possible with any questions or with the certification of acceptance.

There is a Grouping Tab. We combined sales for commercial and industrial properties. This is because Center, Harrison, Howard, and Taylor Townships all share the same neighborhoods down the US31 Corridor. In order to insure the proper annual adjustments for the commercial and industrial properties, we included parcels from 2005. We gathered sales, cost data, and income data to adjust the commercial and industrial properties in Howard County.

We thought we would answer some questions you may have ahead of time.

1. Center Township - Vacant Commercial properties were combined with other commercial properties due to neighborhoods crossing township borders.

2. Industrial land carries the same neighborhood number and price as commercial, so they were trended the same.

3. Honey Creek Commercial - We did not have any valid commercial sales in our timeframe in Honey Creek Township. However, Russiaville (in Honey Creek Township) and Greentown (in Liberty Township) are small towns that were trended with the same factors due to their comparability.

We tried to use all possible sales, even including foreclosures that represented the market in that neighborhood. We tried to identify neighborhoods that had a problem with foreclosures to insure they were treated correctly. We would like to point out, that while doing the trending there were a drop in the number of 2007 sales we had. This was really evident in commercial properties. With the economy doomly publicized, the tax payers are expecting their assessments to go down even if the sales compared to the assessments show the values should go up. This is evident by the increasing number of appeals each year. This is evident in Howard County where we had nearly 900 appeals for 2007 pay 2008. For this reason we lowered values where possible, but still kept our medians within the IAAO standards.

Please respond as soon as possible.

Thank You,

Jamie Shepherd
Howard County Assessor
