

## Narrative

### General Information

County Name: Jennings

Person Performing Ratio Study: Aaron Shelhamer

Contact Information: aaron.shelhamer@tylertech.com

Vendor Name (If Applicable): Tyler Technologies

Additional Contacts (For purposes of the ratio study): Randy Shepard, Jennings County Assessor

Sales Window (e.g. 1/1/19 to 12/31/20): 1/1/19 to 12/31/20

If more than one year of sales were used, was a time adjustment applied? If no, please explain why not. If yes, please explain the method used to calculate the adjustment.

Time adjustments were not applied as the 2019 sales still represented the current market and a lack of paired sales to determine time adjustments.

### Groupings

In the space below, please provide a list of township and/or major class groupings (if any). Additionally, please provide information detailing how the townships and/or major classes are similar in market.

Bigger, Campbell, and Columbia townships were grouped together: These townships are all rural/residential areas that adjoin each other and have similar location appeal. These areas have similar desirability and economic factors. Only slight differences in sales prices are occurring within these areas.

#### Commercial Improved:

We grouped Commercial and Industrial properties together (this includes the Commercial Vacant and Industrial Vacant). The construction types and sizes for the Commercial and Industrial properties are very similar, so these two categories were grouped together when we were developing trending factors. They are grouped that way on the ratio study as well.

#### Residential Vacant:

The residential vacant sales that are occurring are mostly in residential/agricultural areas and have similar sales activity. These areas have similar desirability and economic factors. Only slight differences in sales prices are occurring within these areas.

### **AV Increases/Decreases**

If applicable, please list any townships within the major property classes that either increased or decreased by more than 10% in total AV from the previous year. Additionally, please provide a reason why this occurred.

<b>Property Type</b>	<b>Townships Impacted</b>	<b>Explanation</b>
Commercial Improved		
Commercial Vacant	Geneva Township	Approximately 25 parcels land override rate removed during CAMA system conversion. See Below.
Industrial Improved	Sand Creek Township	40-09-16-100-004.000-010 Parcel data change.
Industrial Vacant		
Residential Improved	See Below in Comments	See Below in Comments
Residential Vacant		

### **Cyclical Reassessment**

Please explain in the space below which townships were reviewed as part of the current phase of the cyclical reassessment.

Campbell, Columbia, Geneva and Sand Creek Townships were reviewed during phase 2 of the cyclical reassessment.

Was the land order completed for the current cyclical reassessment phase? If not, please explain when the land order is planned to be completed.

The land order will be completed during phase 4 of the cyclical reassessment.

### **Comments**

In this space, please provide any additional information you would like to provide the Department in order to help facilitate the approval of the ratio study. Such items could be standard operating procedures for certain assessment practices (e.g. effective age changes), a timeline of changes made by the assessor's office, or any other information deemed pertinent.

There were not any commercial or industrial unimproved valid land sales due to the fact that most land available for sale in Jennings County is in row crop.

Residential Improved: Approximately 914 parcels countywide increased 0.095%. This was mostly in Geneva Township which was part of phase 3 review. This area also has a large amount of manufactured homes that were re-sketched due to a software conversion.

Almost all neighborhoods that had a representative number of sales fell within acceptable range and if they did not, we applied a factor to get them to meet IAAO standards. Any areas that didn't have a fair representation of sales were combined with an adjoining area of similar economic factors. Please contact me if you have any questions.

Geneva Twp. Parcels with value change.
