I.C. 6-3.5-6-31(f) states that "the county auditor shall distribute the portion of the certified distribution that is attributable to a tax rate under this section to the county and to each municipality in the county." The Department of Local Government Finance has calculated the above advisory amounts as a service to county auditors. The Department assumes no statutory responsibility for the calculations. If a county has adopted an ordinance under IC 6-3.5-6-31(m) to distribute public safety revenues to a unit other than a city or town, the county auditor is responsible for calculating the change in the distribution.
