Estimated 2018 Maximum Levy	1,131,436

NOTES:

The Department used information from various sources to compute these levies. Appeal amounts and maximum levy adjustments are based upon information submitted by taxing units to the Department as part of the pre-budget survey during May and June 2017. The actual maximum levy may differ from the figures provided in this report..

- (1) Appeals made permanent in 2017 will be listed here. New maximum levies will also be listed here. For new maximum levies on which the Department has not issued an order, for purposes of these estimates, the Department assumes the full amount requested will be granted. No implicit approval is provided through these estimates.
- (2) Reductions to maximum levies are listed here. For purposes of these estimates, the Department is also estimating Solid Waste Management District levies to be \$0 if the District did not take a levy in 2017 and 2016.
- (3) The Assessed Value Growth Quotient ("AVGQ") for Budget Year 2018 is 4.0%. For civil taxing units in counties that have elected to raise revenue through a local income tax rather than property taxes, the AVGQ will be listed as 0%.
- (4) The Cumulative Capital Development (CCD) levy adjustment is applicable to counties and municipalities only.
- (5) The Mental Health and Developmental Disabilities levy adjustments are applicable to county units only.
