RE: 2022 Budget Forms are Available for Use

DATE: July 1, 2021

The 2022 Budget Forms are now open and available for use in Gateway.

The Department of Local Government Finance (“Department”) has released the 2022 budget forms through [Gateway](#). Taxing units will use the Gateway Budget forms to submit budget information to the Department.

The upload process will largely mirror the 2021 process. Taxing units that choose to upload their funds, departments, Form 1: Budget Estimate, and Form 2: Miscellaneous Revenues may do so at this time. The Department will release a separate memorandum to software vendors providing information about the 2022 budget upload process.

Questions related to the contents of the budget forms should be directed to the Department’s Budget Field Representative team. Budget Field Representative county assignments and contact information may be found on the [Department’s website](#). Technical questions about Gateway’s Budget application should be directed to the Department’s Gateway support team at Support@dlgf.in.gov.
