RE: Update to 50 IAC 26 Code Lists

DATE: September 22, 2021

The purpose of this memorandum is to inform county assessors, county auditors, and property tax management system software vendors about updates to the following code lists as referenced in 50 IAC 26 and defined in the Property Tax Management System Code List Manual: Code List 6 - Land Type Codes, Code List 21A - Summary of Improvements (Residential and Agricultural Use Codes), Code List 21B – Summary of Improvements (Commercial Industrial Use Codes), Code List 32 – Commercial/Industrial Improvement Use Type Codes, and Code List 37 – Adjustment Codes (Deductions, Exemptions, and Credits).

Under 50 IAC 26-20-3, the Department of Local Government Finance (“Department”) and Legislative Services Agency (“LSA”) jointly manage code lists for required data submissions. Effective September 22, 2021, the entries that are bolded and highlighted in the tables below are to be added to the respective code lists.

Please note that due to the deadline for county assessors to submit their 2021 Pay 2022 real property data files having already passed, the new entries added to Code List 6, Code List 21A, Code List 21B, and Code List 32 will not pertain to the 2021 Pay 2022 real property data submission. Instead, the new entries will pertain to the real property data submissions for the 2022 Pay 2023 cycle and going forward.

The Urban Agricultural Zone (UAZ) Exemption, which is being added to Code List 37, will go into effect starting with the 2021 Pay 2022 cycle. Therefore, this new code could potentially be included as part of the county auditors’ 2021 Pay 2022 abstract submissions in Gateway.

If you have any questions pertaining to these updates, please contact Director of Data Analysis James Johnson at jjohnson@dlgf.in.gov or by phone at (317) 234-8274.
