SUBJECT: Data File Format and Code List Changes
DATE: July 18, 2011

The purpose of this memorandum is to remind all county assessors, auditors, and vendors that the Department of Local Government Finance ("Department"), in cooperation with the Legislative Services Agency ("LSA"), has issued 50 IAC 26 to establish standards for computer systems used by Indiana counties for the administration of the property tax assessment, billing, and settlement processes. This rule was filed with the Indiana Register on January 28, 2011 and was effective on February 28, 2011.

In summary, the majority of data files that had been specified in the file format code "2003A" have been reverted to the standards of file format codes "2010A".

Many code lists have been reviewed and updated along with the emergency rule and the current information is available on the web at: <http://www.in.gov/dlgf/5626.htm>.
