**RE: 2019 Gateway Budgets Upload Codes**

**DATE: May 18, 2018**

The Department of Local Government Finance (“Department”) will soon be releasing the 2019 Budgets application of Indiana Gateway for Government Units (“Gateway”).

The upload code lists for the 2019 budget cycle closely mirror the 2018 upload code lists, with a few notable changes for school corporations.

The Fund Code List contains the following updates:

Newly-added funds:

3101: School Education  
3300: School operations

Removed funds:

0608: Historical Society  
1214: Capital Projects (Schools)  
1216: Racial Balance  
2016: Art Institute  
6301: Transportation  
6302: Bus Replacement

Please note that while fund 0101: General is still available for units other than school corporations, it should not be used by school corporations.

The Revenue Code List contains the following updates:

Newly-added revenue codes for School Units:

5201: Transfer from Operations to Education  
5202: Transfer from Operations to Rainy Day  
5203: Transfer from Education to Operations  
5204: Transfer from Education to Rainy Day  
5205: Transfer from Rainy Day to Operations  
5206: Transfer from Rainy Day to Education

For budgeting, school corporations should not use revenue code 5200: Transfers from One Fund to Another in cases where the transfer is covered by one of the codes above.

Taxing units and political subdivisions are reminded that the Gateway Budgets application does not accept custom revenue codes numbered 9700-9799. Units will only be allowed to use revenues included on the standard revenue code list. Updated fund, revenue, and expenditure code lists are available at <https://www.in.gov/dlgf/2447.htm>. If the Department identifies a need to update the code list again for 2019 budgets, the updated code list will be available at <https://www.in.gov/dlgf/2447.htm>.
