

**State of Indiana
Department of Natural Resources**

DNR 30-DAY PUBLIC NOTICE

The Department of Natural Resources serves the DNR 30-Day Public Notice in order to satisfy the requirements of the "Procedures Concerning Certain Licenses Act", IC 14-11-4, and its associated administrative rule, 312 IAC 2-3.

The DNR 30-Day Public Notice is published weekly to serve notice of the latest permit applications received at the DNR, Division of Water. This Notice can be viewed on the web at <http://www.in.gov/dnr/water/> and can be provided by email upon written request. To receive the DNR 30-Day Public Notice as a weekly email attachment, email your full name and a valid email address to DNRPublicNoticeRecipient@dnr.IN.gov.

The permit applications and supporting documentation is available for public viewing on-line at <https://dowunity.dnr.in.gov/#>. For questions concerning a permit application, contact the Division of Water, Technical Services Section, at (317) 232-4160 or toll free at 1-877-928-3755 and select 1 during the recorded menu narrative.

Petition for Public Hearing

A pre-action public hearing on an application may be requested by filing a written petition. For a petition to be considered valid it must:

1. contain the typed or legibly printed name and complete mailing address of each petitioner;
2. be signed by a minimum of 25 individuals who are at least 18 years old and either reside in the county where the project will take place or own real property within 1 mile of the project site;
3. affirm that each signatory to the petition satisfies the requirements of item 2; and
4. identify the application for which the public hearing is being requested either by the application # or the applicant's name and the project description.

A petition which does not meet these requirements will be considered invalid and the hearing request will not be granted. To request a pre-action public hearing, send the petition by email to water_inquiry@dnr.in.gov or by mail to:

IDNR, Division of Water
Technical Services Section
402 West Washington Street, Room W264
Indianapolis, Indiana 46204-2641

Notification of Department Action

A person may request that the Department notify them when a Department Action is issued. To be notified of a Department Action, send a request that includes the permit application number or the applicant name, project description and county to email address water_inquiry@dnr.in.gov or by mail to the address above.

Permit Application Numbers with a prefix of:

FW are being reviewed under the Flood Control Act, IC 14-28-1 and the Flood Plain Management Rule, 312 IAC 10

PL are being reviewed under the Lake Preservation Act, IC 14-26-2 and the Public Freshwater Lake Rule, 312 IAC 11

DR are being reviewed under the Lowering of the Ten Acre Lake Act, IC 14-26-5

NW are being reviewed under the Navigable Waterways Act, IC 14-29-1

LM are being reviewed under the Navigable Waterways Act, IC 14-29-1 related to Lake Michigan

SG are being reviewed under the Sand and Gravel Permits Act, IC 14-29-3

AC are being reviewed under the Construction of Channels Act, IC14-29-4

DNR 30-DAY PUBLIC NOTICE

Date: 4/15/2026

Application #: FW-33679-0

Received Date: 3/20/2026

Waterbody: St. Joseph River

County: Elkhart

Applicant: Michael Frahn, 25630 North Shore Drive, , Elkhart, IN, 46514

Project Description: A new 3' high by 4' wide glacial stone seawall will be constructed along 345' along the shoreline the St. Joseph River. The new seawall will be comprised of approximately 6" and up to 34" in diameter glacial stone on top of washed river rock and geotextile fabric. Geotextile fabric will be used to separate the soil from the native drainage stone behind the seawall.

Project Location: 4048 East Jackson Boulevard at Elkhart

Application #: FW-33683-0

Received Date: 3/26/2026

Waterbody: Hurricane Creek

County: Johnson

Applicant: STR-SEG, Ty Nicholson, Suite 185, 2647 Waterfront Pkwy East Drive, , Indianapolis, IN, 46214

Project Description: An 11' wide and approximately 475' long pedestrian walking path will be constructed. Approximately 10.75" of dirt will be excavated, and filled with 6" of DGAB (stone fill) and 4.75" asphalt. The finished elevation of the fill will be at or near the existing elevation. The 11' wide asphalt path will be constructed on top of the completed fill. If any fill material will be needed, it will be obtained by excavating a borrow pit in the immediate area. The walking path will not cross over Hurricane Creek and a pedestrian bridge will not be constructed until a later phase of the project.

Project Location: Approximately 700' west of the intersection of East Upper Shelbyville Road and Eastview Drive at Franklin

Application #: FW-33690-0

Received Date: 4/2/2026

Waterbody: Ohio River

County: Clark

Applicant: William and Rebecca Gardner, 6706 Longview Beach Road, , Jeffersonville, IN, 47130

Project Description: A new residential single family structure will be constructed along the west bank of the Ohio River. The new residential structure will measure approximately 69' x 33' and will be slab on grade construction. The new first finished floor elevation will be 454.56' NAVD88, which is above the flood protection grade of 454.36' NAVD88.

Project Location: 7010 Longview Beach Road at Utica

Application #: FW-33694-0

Received Date: 4/6/2026

Waterbody: Cole Ditch Unnamed Tributary 1

County: Tippecanoe

Applicant: American Structurepoint, Inc., Tyler J Linville, 9025 River Road, Suite 200, , Indianapolis, IN, 46240

Project Description: A new bridge will be constructed to carry County Road 425 over Cole Ditch Unnamed Tributary 1. The new structure will be a single-span bridge with a C-C span length of 71'-3" and a clear span of 68.2'. The structure will have an out-to-out width of 58'-10" and a clear roadway width of 40'-8". The structure will be constructed with 3' berms, and will have 2:1 sideslopes armored with revetment riprap. The abutments will be skewed 10 degrees left to align with streamflow. A 10' wide wildlife passage will be constructed on each side of the ditch below the structure. A temporary construction access causeway will be placed within the right-of-way on the downstream (north) side of the proposed bridge. It will be completely removed from the floodway upon completion of the bridge. The project is federally funded.

Project Location: Approximately 350' east of County Road 50 West along the proposed County Road 425 alignment. The approximate coordinates are 40°28'43" N, 86°54'51" W. at West Lafayette

Application #: FW-33695-0

Received Date: 4/7/2026

Waterbody: Bailey Creek

County: Marion

Applicant: Sarah Greenberg, 2216 Durham Drive, Indianapolis, IN, 46220

Project Description: Approximately 60' of a 6' high wooden picket fence will be constructed in the floodway. A 4' - 5' gate will also be installed. In addition, 27' of fence will be placed outside of the floodway.

Project Location: 2216 Durham Drive Indianapolis

Application #: FW-33697-0

Received Date: 4/8/2026

Waterbody: Indian Creek

County: Marion

Applicant: Department of Public Works Indianapolis, Rob Zolcak, 200 East Washington Street, Suite 1401, , Indianapolis, IN, 46204

Project Description: The existing three span concrete bridge carrying East 46th Street over Indian Creek will be replaced with a new structure on essentially the same alignment to improve traffic flow. The new structure will be a three span prestressed concrete box beam bridge with span lengths of 44', 53', and 44'. The structure will have an out to out length of 44' and a clear roadway width of 26' with a 6' and 10' sidewalk. The spill through abutments 3:1 side slopes armored with riprap. The abutments and piers will still be skewed 5 degrees to align with the streamflow. The new approach roads will be elevated a maximum of 4" above the existing approaches. The existing structure will be completely removed. The project is state and locally funded.

Project Location: At the East 46th Street creek crossing

Coordinates: 39.84115, -85.97512 at Indianapolis

Application #: NW-178-0

Received Date: 3/30/2026

Waterbody: Little Calumet River

County: Porter

Applicant: Charles Turner, 1185 Bayside Drive, Portage, IN, 46368

Project Description: This project will install 4 Post Lifts behind 1185,1193,1201, and 1209 bayside Drive.

Project Location: 1185,1193,1201, and 1209 bayside Drive at Portage

Application #: PL-25341-0

Received Date: 11/20/2025

Waterbody: Lake Wawasee

County: Kosciusko

Applicant: Neil Rifkin, 11235 North Cedar Point Low Road, Syracuse, IN, 46567

Project Description: A new seawall consisting of a mixture of glacial stone and large landscaping stone will be constructed across approximately 165 feet of the shoreline. The lakeward face of the wall will be located at the lake's legal shoreline.

Project Location: 11235 North Cedar Point Low Road at Syracuse

Application #: PL-25342-0

Received Date: 11/20/2025

Waterbody: Dewart Lake

County: Kosciusko

Applicant: Billy Horn, 80 EMS D24 Lane, , , Syracuse, IN, 46567

Project Description: An existing wood and concrete seawall will be refaced across a portion of the 65 on Dewart Lake. The refacing will consist of reinforced concrete which will be tied to the existing wall with 1/2" re-rod. The refacing will have a maximum thickness of 12" and will be sloped on the lakeward side. A 36" wide concrete walkway will be constructed on top and landward of the lakeward face of the refaced wall. Wood and concrete seawall will remain in place, existing rocks will be hauled away.

Project Location: 80 EMS D24 Lane at Syracuse

Application #: PL-25352-0

Received Date: 12/18/2025

Waterbody: Golden Lake

County: Steuben

Applicant: THERESE MURPHY, 3160 South 390 West, , , Pleasant Lake, IN, 46779

Project Description: A new underwater beach will be constructed in front of the property of the applicant on Golden Lake to provide swimming. The beach will consist of a 4" to 6" thick layer of 7/64" clean, washed pea gravel placed directly on the lakebed. The beach will begin approximately 1' north of the southern property line and will extend northerly across 40' of the 70' frontage. It will have a maximum lakeward projection of 25'.

Project Location: 3160 South 390 West at Pleasant Lake

Application #: PL-25354-0

Received Date: 12/23/2025

Waterbody: Shriner Lake

County: Whitley

Applicant: Kent Grimm, 4733 County Road 43, , , Auburn, IN, 46706

Project Description: A new 30 foot glacial stone seawall will be constructed along the shoreline. The wall's lakeward face will be located at the lake's legal shoreline. Additionally, a sand beach area will be placed landward of the legal shoreline.

Project Location: 5548 North Willow Avenue at Columbia City

Application #: PL-25355-0

Received Date: 1/5/2026

Waterbody: Clear Lake

County: Steuben

Applicant: JB WORX, Jacob D Bryant, 3715 North 425 West, , , Angola, IN, 46703

Project Description: A new glacial stone seawall will be constructed along 85' of shoreline on Clear Lake to deter shoreline erosion. The wall will be comprised of 6" to 18" inch diameter native glacial stone. Its lakeward face will be at the legal shoreline of the lake.

Project Location: 66 West Clear Lake Drive at Fremont

Application #: PL-25358-0

Received Date: 1/6/2026

Waterbody: Clear Lake

County: Steuben

Applicant: Jack and Lana Woodring, 121 Clear Lake Cove, Fremont, IN, 46737

Project Description: A new 60' long concrete seawall will be constructed. The lakeward face of the seawall will be located at the lake's legal shoreline.

Project Location: Lot directly north of 120 Clear Lake Cove near Fremont

Application #: PL-25364-0

Received Date: 1/20/2026

Waterbody: Westler Lake

County: Lagrange

Applicant: Kevin Wiskus, 11585 Hanley Drive, , Fishers, IN, 46037

Project Description: A new 25' x 50' underwater beach will be constructed, consisting of a 6" thick layer of clean washed pea gravel placed directly on the lakebed. The beach will begin approximately 5' west of the eastern property line and will extend westerly across 25' of the shoreline. It will have a maximum lakeward projection of 50' or a depth of 6' below the legal level of the lake.

Project Location: 680 East 660 South at Wolcottville

Application #: PL-25365-0

Received Date: 1/20/2026

Waterbody: Wabee Lake

County: Kosciusko

Applicant: Aleah Southworth, 10748 North Grove Road, , Milford, IN, 46542

Project Description: A new 50 foot riprap seawall will be constructed with a finished slope of 1.5H:1V. The lakeward face of the seawall will be located at the lake's legal shoreline.

Project Location: 10748 North Grove Road near Milford

Application #: PL-25378-0

Received Date: 2/11/2026

Waterbody: Westler Lake

County: Lagrange

Applicant: Nanette Barker, 690 East 660 South, , Wolcottville, IN, 46795

Project Description: A new 25' x 50' underwater beach will be constructed in front of the property of the applicant on Westler Lake to provide a suitable swimming area. The beach will consist of a 6" thick layer of 7/64" clean, washed pea gravel placed directly on the lakebed. The beach will begin approximately 8' west of the eastern property line and will extend 25' west along the shoreline.

Project Location: 690 East 660 South at Wolcottville

Application #: PL-25390-0

Received Date: 2/25/2026

Waterbody: Stone Lake

County: Lagrange

Applicant: Alan Jones, 71950 North 1150 West, , Shipshewana, IN, 46565

Project Description: A new vinyl seawall will be constructed across 132' of shoreline along Stone Lake. The wall will consist of 8' vinyl sheets anchored to deadman anchors 12' into the yard. Vinyl sheets will be driven with 3.5' exposed. The area behind the wall will be backfilled with clean peastone (132'x 2'x 2').

Project Location: 7195 North 1150 West

Parcel: 44-04-18-400-00.008-017

Legal description: SUNSET BEACH LOT 11 STONE LAKE at Shipshewana

Application #: PL-25391-0

Received Date: 2/26/2026

Waterbody: Lake of the Woods

County: Marshall

Applicant: Pete Yoder, 2102 East Market Street, , Nappanee, IN, 46550

Project Description: A new vinyl seawall will be constructed across 90' of shoreline on Lake of the Woods. The wall will consist of 8' vinyl sheets anchored to deadman anchors 12' into the yard. Vinyl sheets will be driven with 3.5' exposed. The area behind the wall will be backfilled with clean peastone (90'x 2'x 3.5').

Project Location: 3119 Sea Lane

Parcel:504306000046000005

Legal Description:LOT 2 EX N 25 ADD 25 SEAWOOD SHORES ADD. at Bremen

Application #: PL-25393-0

Received Date: 3/9/2026

Waterbody: Irish Lake

County: Kosciusko

Applicant: Lakes Estates, Paige Mosher, 1 EMS B37 Lane, , , Warsaw, IN, 46582

Project Description: A new 300 foot seawall will be constructed out of concrete blocks. The lakeward face of the wall will be located at the lake's legal shoreline.

Project Location: Along the south side of the southern channel at 1 EMS B37 Lane near Warsaw

Application #: PL-25396-0

Received Date: 3/16/2026

Waterbody: Snow Lake

County: Steuben

Applicant: Terry Archbold, 335 Lane 750 Snow Lake, , , Fremont, IN, 46737

Project Description: A new 35 foot by 36 foot underwater beach will be constructed consisting of a 6 inch thick layer of clean washed pea gravel placed directly on the lakebed. The beach will begin approximately 16 feet west of the eastern property line and will extend westerly across 35 feet of the 70 foot shoreline. It will have a maximum lakeward projection of 36 feet or a depth of 6 feet below the legal level of the lake.

Project Location: 335 Lane 750 Snow Lake near Fremont

Application #: PL-25401-0

Received Date: 3/17/2026

Waterbody: Sechrist Lake

County: Kosciusko

Applicant: David Brooks, 541 Kenilworth Avenue, Glen Ellyn, IL, 60137

Project Description: A new underwater beach will be constructed on Sechrist Lake. It will be located between the pier and the right (eastern) property line and will have a maximum width of approximately 25' parallel to the shoreline and extend approximately 40' lakeward from the riprap shoreline. The underwater beach will consist of clean washed pea gravel placed directly on the lakebed, not exceeding six inches in thickness, and tapering gradually to existing lakebed elevations. No geotextile fabric or liner will be used.

Project Location: 91 EMS B48 Lane near Warsaw

Application #: PL-25402-0

Received Date: 3/20/2026

Waterbody: Cedar Lake

County: Lagrange

Applicant: Damon Hershberger, 4355 East 750 North, , , Howe, IN, 46746

Project Description: A new 40' seawall consisting of large boulders will be constructed. The rocks will be approximately 12" to 24" in size. The lakeward face of the seawall will be located at the legal shoreline.

Project Location: East of 6615 North 275 East near Howe

Application #: PL-25404-0

Received Date: 3/23/2026

Waterbody: Fox Lake

County: Steuben

Applicant: Jeremy Bracey, 5993 South 150 West, , , Pleasant Lake, IN, 46779

Project Description: A new 20 foot by 25 foot underwater beach will be constructed that will consist of a 3 inch to 5 inch thick layer of clean washed pea gravel placed directly on the lakebed. The beach will begin approximately 15 ft south of the northern property line and will extend southerly across 20 feet of the 50 foot shoreline. It will have a maximum lakeward projection of 25 feet or a depth of 3 feet below the legal level of the lake.

Additionally a new 50 foot long glacial stone seawall will be constructed and will have a finished slope of approximately 1H:2V. The lakeward face of the seawall will be located at the legal shoreline.

Project Location: Parcel ID 760627330114000011, approximately 570' southeast of the intersection of South West Fox Lake Road and Lane 250 Fox Lake near Angola

Application #: PL-25405-0

Waterbody: Cedar Lake

Applicant: Scott J Gray, 2045 East Crampton, , , Columbia City, IN, 46725

Received Date: 3/30/2026

County: Whitley

Project Description: A new 25 foot by 30 foot underwater beach will be constructed that will consist of a 4 inch to 6 inch thick layer of clean washed pea gravel placed directly on the lakebed. The beach will begin approximately 1 foot west of the eastern property line and will extend westerly across 25 feet of the approximate 50 foot shoreline. It will have a maximum lakeward projection of 30 feet or a depth of 6 feet below the legal level of the lake.

A 12 foot wide concrete boat ramp will be constructed along the shoreline. The ramp will extend approximately 25 ft lakeward of the shoreline.

A new concrete seawall will be constructed across 50 feet of the shoreline. The lakeward face of the seawall will be located at the legal shoreline.

Project Location: 2045 East Crampton Road near Columbia City

Application #: PL-25406-0

Waterbody: Cook Lake

Applicant: Diann Parsons, 12410 Queen Road, Plymouth, IN, 46563

Received Date: 3/31/2026

County: Marshall

Project Description: A total of two separate sites on Cook Lake will undergo hydraulic dredging to remove a total of approximately 3,515 cubic yards of accumulated sediment. At site one, a total of approximately 3.05' of accumulated sediment will be removed by dredging to a finished depth of 6'. At site two, a total of approximately 2.66' of accumulated sediment will be removed by dredging to a finished depth of 6' while maintaining a shelf of 5' and minimum slope of 3:1. The sediment removed will be pumped off-site to an upland location and prevented from entering back into the lake.

Project Location: Two channels on Cook Lake with one channel directly west of Cook Lake Trail and the other channel directly north of Menominee Drive near Plymouth

Application #: PL-25407-0

Waterbody: Lake Maxinkuckee

Applicant: Paul Pirkle, 6 Venetian Village, Culver, IN, 46511

Received Date: 3/31/2026

County: Marshall

Project Description: A total of approximately 3,800 cubic yards of accumulated sediment by way of mechanical dredging on Lake Maxinkuckee. Approximately 2' of accumulated sediment will be removed by dredging to a depth of 4' below the normal water level while maintaining a 10'-15' shelf and a minimum slope of 3:1. The sediment removed will be transported via dump truck to an upland agricultural property and will be prevented from entering back into the lake.

Project Location: The channel directly east of the intersection of South Shore Drive and Private Drive near Culver

Application #: PL-25409-0

Waterbody: Oswego Lake

Applicant: Kelly Wolf, 75 EMS T26B Lane, , , Leesburg, IN, 46538

Received Date: 4/2/2026

County: Kosciusko

Project Description: An existing concrete seawall will be refaced across a portion of the 51' frontage of the applicant on Oswego Lake to prevent deterioration. The refacing will consist of reinforced concrete which will be tied to the existing wall with 1/2" re-rod. The refacing will have a maximum thickness of 12" and will be sloped on the lakeward side. A 36" wide concrete walkway will be constructed on top and landward of the lakeward face of the refaced wall.

Project Location: 75 EMS T26B Lane near Leesburg

Application #: PL-25410-0

Received Date: 4/2/2026

Waterbody: Oswego Lake

County: Kosciusko

Applicant: Robert Stampanato, 69 EMS T26B Lane, , , Leesburg, IN, 46538

Project Description: An existing concrete seawall will be refaced across a portion of the 51' frontage of the applicant on Oswego Lake to prevent deterioration. The refacing will consist of reinforced concrete which will be tied to the existing wall with 1/2" re-rod. The refacing will have a maximum thickness of 12" and will be sloped on the lakeward side. A 36" wide concrete walkway will be constructed on top and landward of the Lakeward face of the refaced wall. Boat well will be filled in.

Project Location: 69 EMS T26B Lane near Leesburg

Application #: PL-25414-0

Received Date: 4/6/2026

Waterbody: Knapp Lake

County: Noble

Applicant: Imrich Kuric, 689 South Oakwood Drive, , , Cromwell, IN, 46732

Project Description: A new 73 foot glacial stone seawall will be constructed along the shoreline and will have a finished slope of 2H:1V. The lakeward face of the seawall will be located at the lake's legal shoreline.

Project Location: On the north side of Lakeview Avenue, across from 689 South Oakwood Drive near Cromwell

Application #: PL-25416-0

Received Date: 4/6/2026

Waterbody: Jimmerson Lake

County: Steuben

Applicant: G6 LLC, Thomas J Turnwald, 1227 Willow Ridge Lane, , , IN

Project Description: An approximately 60 foot by 3200 foot area will be dredged. Approximately 5 feet of accumulated muck and debris will be removed from the lake bed by dredging to a depth of 6 feet below the legal level of the lake at distance of 60 ft from the shoreline and uniformly sloping back to the legal level at the shoreline. The excavated material will be transported to an upland containment area for dewatering and disposal. Water from the containment area will not be allowed to return to the lake.

Additionally, a new glacial stone seawall will be constructed along approximately 3200 feet of the shoreline with a finished slope of 3H:1V. The lakeward face of the wall will be located at the legal shoreline.

Project Location: 3995 North 300 West near Angola

Application #: PL-25419-0

Received Date: 4/9/2026

Waterbody: Lake Wawasee

County: Kosciusko

Applicant: Hope Huber, 8619 East Black Point Drive, , , Syracuse, IN, 46567

Project Description: A new concrete seawall will be constructed along 50 feet of the shoreline. The lakeward face of the wall will be located at the legal shoreline.

Project Location: 8619 East Black Point Drive near Syracuse
