Jerry Aigner Construction, Inc. Written Drug Policy

Drug Policy

It is the purpose of Jerry Aigner Construction, Inc. (Company) to help provide a safe and drug-free work environment for our clients and our employees. With this goal in mind and because of the serious drug abuse problem in today's workplace, we are establishing the following policy for existing and future employees of Jerry Aigner Construction, Inc.

The Company explicitly prohibits:

- The use, possession, solicitation for, or sale of narcotics or other illegal drugs, alcohol, or prescription medication without a prescription on Company or customer premises or while performing an assignment.
- Being impaired or under the influence of legal or illegal drugs or alcohol away from the Company or customer premises, if such impairment or influence adversely affects the employee's work performance, the safety of the employee or of others, or puts at risk the Company's reputation.
- Possession, use, solicitation for, or sale of legal or illegal drugs or alcohol away from the Company or customer premises, if such activity or involvement adversely affects the employee's work performance, the safety of the employee or of others, or puts at risk the Company's reputation.
- The presence of any detectable amount of prohibited substances in the employee's system while at work, while on the premises of the company or its customers, or while on company business. "Prohibited substances" include illegal drugs, alcohol, or prescription drugs not taken in accordance with a prescription given to the employee.
- All tests shall consist of a minimum (6) drug panel for the following drugs; Amphetamine, Cocaine, Opiates (82000 mg/ml), PCP and THC

The Company will conduct drug testing under one or another of the following circumstances:

- RANDOM TESTING: Employees may be selected at random for drug testing at any interval determined by the Company. But not less than 1/12 of 25% of total workforce monthly.
- FOR CAUSE TESTING: The Company may ask an employee to submit to a drug test at any time it feels that the employee may be under the influence of drugs or alcohol, including, but not limited to, the following circumstances: evidence of drugs or alcohol on or about the employee's person or in the employee's vicinity, unusual conduct on the employee's part that suggests impairment or influence of drugs or alcohol, negative performance patterns, or excessive and unexplained absenteeism or tardiness.
- POST-ACCIDENT TESTING: Any employee involved in an on-the-job accident or injury under circumstances that suggest possible use or influence of drugs or alcohol in the accident or injury event may be asked to submit to a drug and/or alcohol test. "Involved in an on-the-job accident or injury" means not only the one who was injured, but also any employee who potentially contributed to the accident or injury event in any way.

If an employee is tested for drugs or alcohol outside of the employment context and the results indicate a violation of this policy, the employee may be subject to appropriate disciplinary action, up to and possibly including discharge from employment. In such a case, the employee will be given an opportunity to explain the circumstances prior to any final employment action becoming effective.
5.1.4

**Disciplinary Actions**

- The first positive test shall result in a thirty (30) day period of ineligibility for work, and upon returning to work, one (1) year of unannounced follow-up testing;

- A second positive test shall result in a ninety (90) day period of ineligibility for work, and upon returning to work, one (1) year of unannounced follow-up testing;

- A third positive test shall result in a one (1) year period of ineligibility for work, and upon returning to work, one (1) year of unannounced follow-up testing; and

- Any subsequent positive test shall be treated the same as a third positive test.

At the discretion of the employer, the discipline issued above may include more severe discipline including, but not limited to, dismissal of the employee.
