

LaSalle Fish & Wildlife Area 2020-21 Draw Procedures

These procedures are in place until further notice and must be followed for all public drawings used to allocate hunting and trapping opportunities for the 2020-21 season at LaSalle FWA.

All members of the hunting party must be present and stay together during the drawing process. Property users will be expected to follow CDC guidelines and must wear a mask while inside or in close proximity to other members of the public. Failure to practice social distancing may jeopardize not only your ability to hunt at LaSalle FWA, but may jeopardize your ability to hunt at any FWA during the 2020-21 season. Please do your part so that everyone can have a safe and enjoyable hunting season.

Draw Procedure

- To register for a draw, all members of the hunting party will enter the headquarters through the west door and exit through the south door. At no time will more than two parties be allowed in the building at one time.
- Please practice social distancing guidelines while waiting outside to register. Please find a place in line early as drawing procedures will likely take longer than previous years.
- Once at the counter, hunters will receive a temporary registration (badge) number. The badge is a daily permit card for the game species you are registering to hunt. A number will be written on the card representing your badge number.
- Hunters will remain outside the west door and must follow CDC guidelines for social distancing while outside.
- At the designated time, staff will conduct the safety talk and conduct the draw.
- Parties will be called in two at a time. Pay close attention to the numbers being called so that the draw can be done smoothly and efficiently.
- All members of the hunting party must enter the west door of the building when their number is called.
- No more than two hunting parties will be allowed in the office at one time. The two parties permitted indoors will be (1) the party making the choice and (2) the party to choose next.
- When your badge number is called, make your way to the counter, choose your hunting location, and sign the daily wavier. Please be ready when your number is called and be mindful of others who still need to choose their locations.
- Property staff will finish filling out your daily permit card at this time.
- Hunters will then exit out the south door and head to their hunting locations.
- Continue to follow social distancing standards in all areas where people may congregate, including parking lots and boat ramps.

Please do your part to help keep yourself, other hunters, and property staff safe this hunting season.
