

BLUE GRASS FISH & WILDLIFE AREA

11699 New Harmony Rd | Elberfeld, IN 47613 | 812-789-2724
2,532 Acres, 600 Water Acres | Established 1993

OUR STORY

Blue Grass Fish & Wildlife Area is a unique natural resource area. The land has been strip-mined and comprises approximately 2,532 acres of land with approximately 600 acres of water in 28 pits. The property provides and maintains quality hunting, fishing, and wildlife watching opportunities.

Located in Warrick County, Blue Grass FWA is named after Bluegrass Creek, located just west of the property. Amax Coal Company began mining operations in October 1973, and ceased in 1993. Revegetation occurred using herbaceous cover and woody species planted in clumps and strips.

RULES & REGULATIONS

In addition to state fish and wildlife laws, this property is governed by posted regulations affecting the public use of lands and facilities owned, leased or licensed by the DNR.

POSTED AREAS: Safety zones and other restricted areas are marked with appropriate signs. PLEASE READ AND OBEY ALL SIGNS.

VIOLATIONS: Violation of any law, rule or regulation governing this property may cause forfeiture of hunting, fishing or visiting privileges.

RESPONSIBILITY: The DNR Division of Fish & Wildlife will not be held responsible for any accidents or deaths occurring from use of these facilities.

TRAFFIC: Traffic on public roads through the area is governed by state and county laws. Service roads and trails are restricted to walking except by authorized vehicles. No motorized vehicles, horses or bicycles are permitted beyond county roads. Park only in designated areas.

PERMITS
In addition to a hunting and/or fishing license, please acquire a one day-access permit as follows:

- All hunters and dog runners are required to sign in and obtain a one-day access permit before entering the field. The one-day permit card must be completed and returned to a check-in station, drop box or property office.
- All other visitors are encouraged to obtain a miscellaneous one-day access permit before entering the field. The one-day access permit should be kept with you while visiting then completed and returned to a self-service booth or drop box before leaving.

COLLECTION PERMIT: Collection permits are required from the property manager or DNR to collect anything except nuts, berries, and mushrooms.

HUNTING GUIDELINES:

- Self-service check-in is required and stations are located throughout the property.
- Must have a daily permit card to enter the field.
- Daily permit cards must be returned to a drop box at the end of the day. Drop boxes are located throughout the property.
- Waterfowl hunting is allowed one half hour before sunrise until noon (local time) on Monday, Wednesday, Friday, and Saturday. Hunting in waterfowl resting area is not allowed. Blinds may be constructed but must be removed at the end of the hunt day.

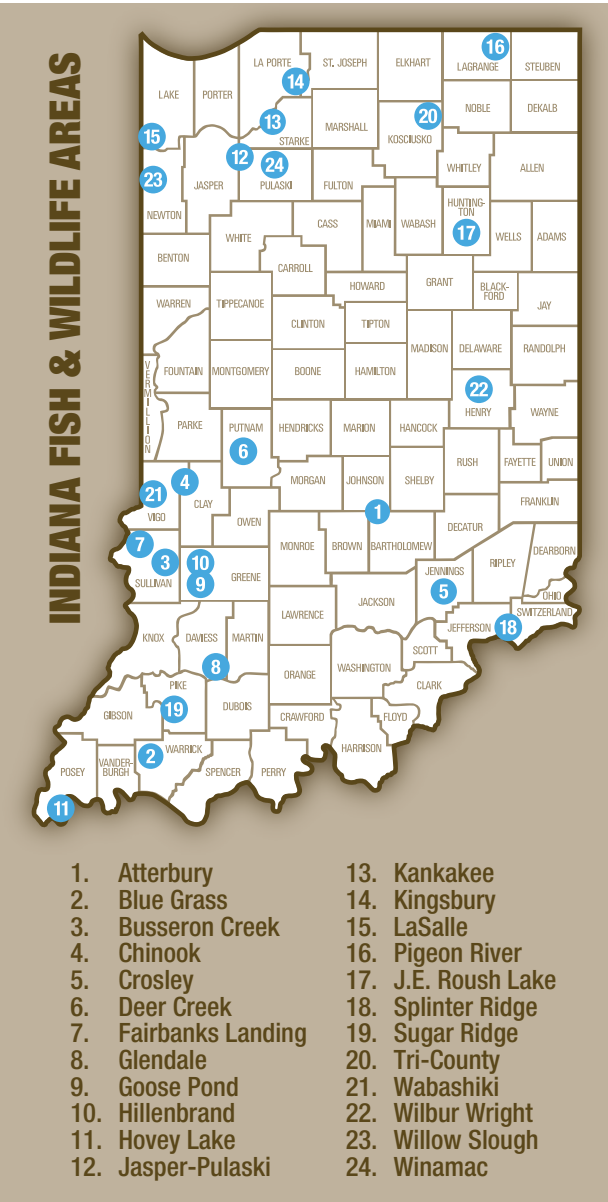

- Small Game (squirrel, rabbit, quail and dove) hunting is permitted on Tuesday, Thursday and Sunday, during legal hunting hours.
 - Deer hunting is allowed every day during deer season and legal hunting hours.
 - Spring turkey hunting is allowed every day during the spring turkey season, one-half hour before sunrise until noon CT.
 - Fall turkey hunting is allowed every day during the fall turkey season and legal hunting hours.
- NOT PERMITTED:** Camping, swimming and target shooting is prohibited. No removal of plants, animals, rocks or fossils. No shooting of woodchucks/groundhogs. No fishing during waterfowl hunting season.

HEIM SITE

The Heim Site provides excellent waterfowl hunting opportunities in the wetland area. Deer frequently use the thick early successional habitat. The Indiana Department of Transportation owned the property and completed wetland mitigation before transferring it to the DNR.

FUNDING FOR FISH & WILDLIFE

The DNR Division of Fish & Wildlife sells hunting, fishing, and trapping licenses. All revenue is used for managing fish and wildlife resources in Indiana. No license money goes into the state general fund.

The Division also receives money from the federal Sport Fish and Wildlife Restoration programs (sometimes referred to as Dingell-Johnson and Pittman-Robertson funds). The funds are derived from excise taxes levied on sporting arms and ammunition, bows and arrows, fishing equipment and motor boat fuel. The funds are then returned to state fish and wildlife agencies using a formula that in part is based on the number of fishing and hunting license buyers.
