Welcome to our online game check-in system, CheckIN Game. This guide will run you step-by-step through the process of checking in your wild game via our online system.

Game Check can be completed by either through Logging in to your On-Line Services account or by entering your Customer ID and Date of Birth. Viewing the history of your previous game check in records is only available through an On-Line Services account. [Sign up here](#)

**Check-in with Customer ID and Date of Birth**

**Step 1:** Go to web address: [www.checkingame.dnr.in.gov](http://www.checkingame.dnr.in.gov) and click on the Option to “CHECK IN YOUR GAME ONLINE” If you know your Customer ID, just enter it with your date of birth and Submit. Then skip to step 3.
Step 2: Find your DNR customer id number (CID). This number is located on your hunting, fishing or trapping license. If you're a lifetime license holder, have a landowner exemption, or don’t know your customer ID, you can use the “I Don’t Know My Customer ID” option. This option will give a second screen to add additional personal info to help identify you. If you have ever purchased an Indiana hunting or fishing license, or have checked in game, then you have a customer ID. If not, the system will give you a chance to set up a new customer profile and will automatically assign you a new customer ID number.
