

Attention

Snow Goose Hunters

During the Light Goose Conservation Order, light geese may be hunted by self-service procedures on all units south of County Road 200 South until 3:00 PM daily at Goose Pond FWA.

This conservation order is open statewide Feb. 11 – March 31, 2019.

- Legal species include snow geese and Ross' geese (white and blue phases of both species are legal).
- You must have an Indiana hunting license and an Indiana waterfowl stamp to participate. Neither a federal waterfowl stamp nor a HIP number is required.
- You must also have a special free permit to participate. These permits will be available beginning in early January at Indiana Fish and Wildlife Areas, or via this web page beginning in December.
- Shooting hours are from one-half hour before sunrise to one-half hour after sunset. (Shooting hours end at 3:00 PM at Goose Pond FWA).
- It is legal to take light geese during the conservation order using electronic callers and/or shotguns capable of holding more than three shells.
- The shell limit in effect during the teal, duck and dark goose seasons does not apply during the conservation order at Goose Pond FWA.
- There is no bag or possession limit for light geese during the conservation order.
- Please report any banded geese taken. You may report these bands by calling toll-free 1-800-327-BAND, or online at <http://www.reportband.gov/>
