STOP
The Invasion!

Asian Carp are foreign invaders that are harmful to Indiana fishing and other water recreation.

How You Can Help Stop Their Spread

Wanted Dead! It is illegal to release an Asian Carp back into the water if you catch one or if one jumps into your boat. Eat it (they can be quite good), put it in the trash, or use it as cut bait. For more information, go to www.asiancarp.dnr.in.gov.

Put unused live bait in the trash—don’t dump it into the lake or river. Young Asian Carp look very similar to other common baitfish and they might already have invaded your bait bucket.

Drain your live wells and bilges before leaving the lake or river. Asian Carp eggs might be floating in the water.

Spread the word to other anglers and boaters! www.asiancarp.dnr.in.gov
