

The "SOMETHING" Scavenger Hunt

Grab a pencil and go outside! Take a hike and see if you can find something in nature for each of the squares below. You can mark off the squares as you go (sort of like tic-tac-toe) or write down what you saw. Remember, just look for these things, you should leave them for others to find too.

Something orange	Something rough	Something with bumps	Something from last year
Something curly	Something blue	Something shaped like a C	Something new
Something smooth	Something shaped like an L	Something yellow	Something straight
Something red	Something old	Something curly	Something crooked
