RE: Homeowner Rehabilitation 410 Monroe St., Michigan City, IN 46360

Lake Michigan Coastal Program
Division of Nature Preserves
Department of Natural Resources
402 W. Washington, Rm W 267
Indianapolis, IN 46204

Dear Coastal Officer,

The City of Michigan City is a recipient for the U.S. Department of Housing and Urban Development (HUD) Community Development Grant Program Grant (CDBG). As a part of that process, we are conducting an Environmental Review for the above referenced projects. The City is required under 24 CFR 58.22 to submit documentation concerning any environmental impact the project may have on the Coastal Program Area. Enclosed are the materials that should assist you in determining as to whether the site is consistent with the approved State CZM program.

The project area is 410 Monroe St., Michigan City, IN 46360, LaPorte County.

The proposed project involves repair/replace porch roof, paint aluminum siding or install new insulated vinyl siding and replace entry doors; however all work will be completed within the property's footprint. The property falls within the Lake Michigan Coastal Program Area; however, the properties do not fall within a coastal barrier as designated by the FEMA flood map, Panel 128 of 550, Community Panel Number 180147-0128D. The City therefore finds that the projects have no environmental impact upon the coastal region.

If you need further information, please contact the Michigan City Planning Department at (219) 873-1419 Ext. 322

Respectfully yours,

Sherry Wilson
CDBG Administrative Assistant
City of Michigan City
