Indianapolis, IN 46204

Dear Coastal Officer,

The City of Michigan City is a recipient for the U.S. Department of Housing and Urban Development (HUD) Community Development Grant Program Grant (CDBG). As a part of that process, we are conducting an Environmental Review for the above referenced projects. The City is required under 24 CFR 58.22 to submit documentation concerning any environmental impact the project may have on the Coastal Program Area. Enclosed are the materials that should assist you in determining as to whether the site is consistent with the approved State CZM program.

The project area is 550 W. 4th St., Michigan City, IN 46360, LaPorte County.

- 1) The proposed project involves adding an ADA walking trail connecting amenities including parking lots, the basketball courts, play equipment, drinking fountain and picnic shelters at Pullman Park, Michigan City, LaPorte County, Indiana. The walking trail will consist of a 10' wide concrete sidewalk approximately .5 mile in length. The trail would begin at the existing parking lot on 4th Street and head west connecting the new community shelter and then back to its starting point.
- 2) A drawing of the project is attached for your reference. The intended outcome is part of a five year plan and includes the modifications of pathways by installing sidewalks that are in compliance with ASTM, CPSC, and ADA standards.
- 3) Pullman Park underwent a major renovation project in 2006 which included a new parking lot, playground equipment, addition of the now existing skate park, fence removal and new tree planting.

RON MEER – MAYOR
