TRAIL ENDS: Hikers traveling north up Trail 2 (Clifty Creek) to the falls observation area must return south to exit safely via one of the designated connecting trails.

Clifty Canyon Nature Preserve lies within the boundaries of the park. This 178-acre nature preserve is located in the northwest section of the park and has both geological and ecological highlights. Be aware that this nature preserve should be left undisturbed. Off-trail hiking in Indiana state parks is ecologically damaging, frequently unsafe and illegal. Violators will be prosecuted.

• Park Speed Limit is 15 MPH.
• Stay on marked trails.
• Trails close at dusk.
• Walking on park roads after dark is prohibited.
• Shortcuts cause erosion and can lead to dangerous areas.

SAFETY ALERT:
Areas above and below waterfalls are always off limits.
