1.5 million visitors come to Monroe Lake annually. Managed for wildlife and recreational uses. More than acres in Monroe, Brown and Jackson counties, are form the lake. The land area, consisting of 13,202 level of 538 feet above sea level, 10,750 acres of water 444 acres owned by the state. At the summer pool State of Indiana for management with the remaining acres. Of this amount, 23,508 acres are leased to the Monroe Lake and environs cover a total of 23,952 opened in 1966. The project was dedicated in October 1964, and project's cost. The State of Indiana contributed 54.1 percent of the constructed by the U.S. Army Corps of Engineers. of Congress approved July 3, 1958. The lake was the general authorization for flood control in an Act Monroe Lake was selected for construction under water.

The main functions of the property include are stored for flood control. or near permanent pool level except when flood waters Ohio and Mississippi rivers. The lake is maintained at unit of the comprehensive flood-control plan for the River watersheds. The project also forms an integral and low-flow augmentation in the Salt Creek and White Monroe Lake is operated primarily for flood control

PURPOSE AND PROJECT HISTORY

Take a step back in time and visit the unique town of Nashville, known for its fine artists and craftsmen, or drive into Bloomington and experience the Indiana University campus. Limestone quarries, abundant in the area south of Monroe, provide building stone worldwide and offer a different type of tourist attraction. The entire area, with its rolling topography, bluffs, scenic streams, and heavily wooded sections offer outstanding scenic vistas as well as numerous recreational opportunities.

DNR Indiana Department of Natural Resources

INDIANA

The largest body of water in Indiana, Monroe Lake offers a wide range of multiple-use recreational and seasonal opportunities.

The lake is nestled in the rolling hills and woodlands of south central Indiana, about 10 miles southeast of Bloomington. The dam is on Salt Creek, a tributary of the East Fork of White River. Most of the lake area lies in Monroe County, with a smaller area in Brown and Jackson counties.

The lake is accessible from state roads 37, 46, 446 and 50 by way of many local roads.

A number of other state and federal recreational areas surround the property, including Morgan-Monroe, Yellowwood and Jackson-Washington state forests.

Hoosier National Forest, including Deam Wilderness Area, surrounds a large part of the area. Minutes away lie Brown County, Spring Mill and McCormick's Creek state parks, which attract thousands of visitors each year during the fall foliage season.
